The Club Ellery Lloyd, 2022-03-01 A REESE'S BOOK CLUB PICK INSTANT NEW YORK TIMES BESTSELLER "Are you ready for the roller coaster ride that is The Club? . . . A beautifully written, densely plotted murder mystery that takes place at a private club off the coast of England. Read about a luxurious, celeb-only island during a weekend of partying and ultimately murder." -Reese Witherspoon (Reese's Book Club March '22 Pick) From the author of People Like Her comes a smart and sinister murder mystery set in the secretive world of exclusive celebrity clubs. Everyone's Dying to Join . . . The Home Group is a glamorous collection of celebrity members' clubs dotted across the globe, where the rich and famous can party hard and then crash out in its five-star suites, far from the prying eyes of fans and the media. The most spectacular of all is Island Home—a closely-guarded, ultraluxurious resort, just off the English coast—and its three-day launch party is easily the most coveted A-list invite of the decade. But behind the scenes, tensions are at breaking point: the ambitious and expensive project has pushed the Home Group's CEO and his long-suffering team to their absolute limits. All of them have something to hide—and that's before the beautiful people with their own ugly secrets even set foot on the island. As tempers fray and behavior worsens, as things get more sinister by the hour and the body count piles up, some of Island Home's members will begin to wish they'd never made the guest list. Because at this club, if your name's on the list, you're not getting out.

Cat Kid Comic Club: Perspectives: A Graphic Novel (Cat Kid Comic Club #2): From the Creator of Dog Man Dav Pilkey, 2021-11-30 Cat Kid Comic Club is back in session in this groundbreaking graphic novel narrative by Dav Pilkey, the worldwide bestselling and award-winning author and illustrator of Dog Man. Flippy, Molly, Li'l Petey, and twenty-one baby frogs each have something to say. Naomi and Melvin don't see eye to eye and Poppy perceives the world differently than her siblings. Will the baby frogs figure out how to work together and appreciate one another's point of view -- both inside and outside the classroom? The shenanigans are nonstop and the baby frogs' minicomics are funny and full of heart. Creating stories within a story, author and illustrator Dav Pilkey uses a variety of techniques -- including acrylic paints, colored pencils, Japanese calligraphy, photography, collage, gouache, watercolors, and much more -- to portray each frog's perspective. The kaleidoscope of art styles, paired with Pilkey's trademark storytelling and humor, fosters creativity, collaboration, independence, and empathy. Readers of all ages will relish this joyful graphic novel adventure.

America Brainwashed! Billie Gorham, 2020-09-24 When I was in South Africa, the children in the public schools were singing, Jesus loves me. When I told them that we in America could no longer do that, one of the high school girls asked me two questions: Is that true? and Why did you let it happen? That is what I am wondering as I write this book. How did this happen in America? Why did we allow it to happen? What are we going to do about it?

The Analyst in the Inner City, Second Edition Neil Altman,2011-08-24 In 1995, Neil Altman did what few psychoanalysts did or even dared to do: He brought the theory and practice of psychoanalysis out of the cozy confines of the consulting room and into the realms of the marginalized, to the very individuals whom this theory and practice often overlooked. In doing so, he brought together psychoanalytic and social theory, and examined how divisions of race, class and culture reflect and influence splits in the developing self, more often than not leading to a negative self image of the other in an increasingly polarized society. Much like the original, this second edition of The Analyst in the Inner City opens up with updated, detailed clinical vignettes and case presentations, which illustrate the challenges of working within this clinical milieu. Altman greatly expands his section on race, both in the psychoanalytic and the larger social world, including a focus on whiteness which, he argues, is socially constructed in relation to blackness. However, he admits the inadequacy of such categorizations and proffers a more fluid view of the structure of race. A brand new section, Thinking Systemically and Psychoanalytically at the Same Time, examines the impact of the socio-political context in which psychotherapy takes place, whether local or global, on the clinical work itself and the socio-economic categories of its patients, and vice-versa. Topics in this section include the APA's relationship to CIA interrogation practices, group dynamics in child and adolescent psychotherapeutic interventions, and psychoanalytic views on suicide bombing. Ranging from the day-to-day work in a public clinic in the South Bronx to considerations of global events far outside the clinic's doors (but closer than one might think), this book is a timely revision of a groundbreaking work in psychoanalytic literature, expanding the import of psychoanalysis from the centers of analytical thought to the margins of clinical need.
