10 PRINT CHR\$(205.5+RND(1)); : GOTO 10 Nick Montfort,Patsy Baudoin,John Bell,Ian Bogost,Jeremy Douglass,2012-11-23 A single line of code offers a way to understand the cultural context of computing. This book takes a single line of code—the extremely concise BASIC program for the Commodore 64 inscribed in the title—and uses it as a lens through which to consider the phenomenon of creative computing and the way computer programs exist in culture. The authors of this collaboratively written book treat code not as merely functional but as a text—in the case of 10 PRINT, a text that appeared in many different printed sources—that yields a story about its making, its purpose, its assumptions, and more. They consider randomness and regularity in computing and art, the maze in culture, the popular BASIC programming language, and the highly influential Commodore 64 computer.

Fear Thich Nhat Hanh,2012-11-13 “Written in words so intimate, calm, kind, and immediate, this extraordinary book feels like a message from our very own heart....Thich Nhat Hanh is one of the most important voices of our time, and we have never needed to listen to him more than now.” —Sogyal Rinpoche Fear is destructive, a pervasive problem we all face. Vietnamese Buddhist Zen Master, poet, scholar, peace activist, and one of the foremost spiritual leaders in the world—a gifted teacher who was once nominated for the Nobel Peace Prize by Martin Luther King Jr.—Thich Nhat Hanh has written a powerful and practical strategic guide to overcoming our debilitating uncertainties and personal terrors. The New York Times said Hanh, “ranks second only to the Dalai Lama” as the Buddhist leader with the most influence in the West. In Fear: Essential Wisdom for Getting through the Storm, Hanh explores the origins of our fears, illuminating a path to finding peace and freedom from anxiety and offering powerful tools to help us eradicate it from our lives

Peace Is Every Step Thich Nhat Hanh,1992-03-01 In the rush of modern life, we tend to lose touch with the peace that is available in each moment. World-renowned Zen master, spiritual leader, and author Thich Nhat Hanh shows us how to make positive use of the very situations that usually pressure and antagonize us. For him a ringing telephone can be a signal to call us back to our true selves. Dirty dishes, red lights, and traffic jams are spiritual friends on the path to “mindfulness”—the process of keeping our consciousness alive to our present experience and reality. The most profound satisfactions, the deepest feelings of joy and completeness lie as close at hand as our next aware breath and the smile we can form right now. Lucidly and beautifully written, Peace Is Every Step contains commentaries and meditations, personal anecdotes and stories from Nhat Hanh’s experiences as a peace activist, teacher, and community leader. It begins where the reader already is—in the kitchen, office, driving a car, walking a part—and shows how deep meditative presence is available now. Nhat Hanh provides exercises to increase our awareness of our own body and mind through conscious breathing, which can bring immediate joy and peace. Nhat Hanh also shows how to be aware of relationships with others and of the world around us, its beauty and also its pollution and injustices. The deceptively simple practices of Peace Is Every Step encourage the reader to work for peace in the world as he or she continues to work on sustaining inner peace by turning the “mindless” into the mindFUL.

My Year with Eleanor Noelle Hancock,2011-06-07 “I honestly loved this book.” —Jim Norton, New York Times bestselling author of I Hate Your Guts “Eleanor taught Noelle that, first and foremost, Courage Takes Practice. Her yearlong quest to face her terrors, great and small, is moving, enriching, and hilarious—we readers are lucky to be along for the ride.” —Julie Powell, bestselling author of Julie & Julia In the tradition of My Year of Living Biblically and Eat Pray Love comes My Year with Eleanor, Noelle Hancock’s hilarious tale of her decision to heed the advice of First Lady Eleanor Roosevelt and do one thing a day that scares her in the year before her 30th birthday. The Hundred and One Dalmatians Dodie Smith,Peter Bently,2019-09-03 Dodie Smith’s classic tale adapted into a playful and stylish new picture book Dalmatians Pongo and Missis live in London with their beloved owners. When Missis finds out she’s going to have puppies, they’re all thrilled! But, Missis doesn’t just have one puppy . . . or two . . . or three . . . she has fifteen! When the puppies go missing, Pongo and Missis know that there’s only one woman who can be behind the dognapping: the notorious Cruella de Vil. They strike out across the city and—with a little help from the street dogs of London—rescue their pups and many, many more from a terrible fate.

Mastering the Core Teachings of the Buddha Daniel Ingram,2020-01-20 The very idea that the teachings can be mastered will arouse controversy within Buddhist circles. Even so, Ingram insists that enlightenment is an attainable goal, once our fanciful notions of it are stripped away, and we have learned to use meditation as a method for examining reality rather than an opportunity to wallow in self-absorbed mind-noise. Ingram sets out concisely the difference between concentration-based and insight (vipassana) meditation; he provides example practices; and most importantly he presents detailed maps of the states of mind we are likely to encounter, and the stages we must negotiate as we move through clearly-defined cycles of insight. Its easy to feel overawed, at first, by Ingram's assurance and ease in the higher levels of consciousness, but consistently he writes as a down-to-earth and compassionate guide, and to the practitioner willing to commit themselves this is a glittering gift of a book.In this new edition of the bestselling book, the author rearranges, revises and expands upon the original material, as well as adding new sections that bring further clarity to his ideas.

Archaeology Anthropology and Interstellar Communication Douglas A. Douglas A. Vakoch,2015-03-24 Addressing a field that has been dominated by astronomers, physicists, engineers, and computer scientists, the contributors to this collection raise questions that may have been overlooked by physical scientists about the ease of establishing meaningful communication with an extraterrestrial intelligence. These scholars are grappling with some of the

enormous challenges that will face humanity if an information-rich signal emanating from another world is detected. By drawing on issues at the core of contemporary archaeology and anthropology, we can be much better prepared for contact with an extraterrestrial civilization, should that day ever come.

The Manchurian Candidate Richard Condon,2013-11-25 The classic thriller about a hostile foreign power infiltrating American politics: “Brilliant . . . wild and exhilarating.” —The New Yorker A war hero and the recipient of the Congressional Medal of Honor, Sgt. Raymond Shaw is keeping a deadly secret—even from himself. During his time as a prisoner of war in North Korea, he was brainwashed by his Communist captors and transformed into a deadly weapon—a sleeper assassin, programmed to kill without question or mercy at his captors’ signal. Now he’s been returned to the United States with a covert mission: to kill a candidate running for US president . . . This “shocking, tense” and sharply satirical novel has become a modern classic, and was the basis for two film adaptations (San Francisco Chronicle). “Crammed with suspense.” —Chicago Tribune “Condon is wickedly skillful.” —Time

The Vines Shelley Nolden,2021-03-23 Award-Winner of the Cross Genre category and Award-Winning Finalist of the Mystery/Suspense, Historical Fiction, and General Fiction categories of the 2021 International Book Awards In the shadows of New York City lies the abandoned, forbidden North Brother Island, where the remains of a shuttered hospital hide the haunting memories of century-old quarantines and human experiments. The ruins conceal the scarred and beautiful Cora, imprisoned there by contagions and the doctors who torment her. When Finn, a young urban explorer, arrives on the island and glimpses this enigmatic woman through the foliage, intrigue turns to obsession as he seeks to uncover her past--and his own family's dark secrets. By unraveling these mysteries, will he be able to save Cora? Or will she meet the same tragic ending as the thousands who’ve already perished on the island? The Vines intertwines North Brother Island's horrific and elusive history with a captivating tale of love, betrayal, survival, and loss.

Sacred Medicine Lissa Rankin, MD,2024-05 “Sacred Medicine is a book of inclusion. It does not prescribe nor preach nor proselytize: it illustrates, informs, and illuminates.” —From the foreword by Dr. Gabor Maté, author of When the Body Says No and In the Realm of Hungry Ghosts In 2007, Lissa Rankin left a promising career in medicine to tend to her own health and well-being. Her search to discover why people really get sick and what truly optimizes health outcomes launched a bestselling book, two television specials, and a revolution in the way we look at mind-body medicine. But so many questions remained for this doctor and skeptic. How is it that some people do everything right and stay sick, while others seem to do nothing extraordinary yet fully recover? How does faith healing work—or does it? What’s behind the phenomenon of spontaneous remission—and is this something we can influence? Can we make ourselves miracle-prone? Certain that, if she looked hard enough, she would find the answers, Dr. Rankin embarked on a decade-long journey to explore these questions and more. The result is Sacred Medicine, both a seeker’s travelogue and a discerning guide to the sometimes-perilous paths available to patients when wellness fads, lifestyle changes, and doctors have failed them. In Sacred Medicine, you’ll follow Dr. Rankin around the world to meet healers gifted and flawed, go on pilgrimage to sacred sites, investigate the science of healing, and learn how to stay safe when seeking a healer. You’ll receive the wisdom offered by Indigenous cultures for whom healing begins with our sacred connection to Mother Earth, and dive deep into the cutting-edge trauma research that is igniting a medical revolution. Rich with practices and protocols that Dr. Rankin has found particularly effective, Sacred Medicine delivers a thoughtful, grounded exploration of questions around how we heal—and a path of hope for those in need.
