

Island Wars 2 250

Rachel S Tattersall

World War II Pacific Island Guide Gordon Rottman,2001-12-30 Covering all Pacific islands involved in World War II military operations, this book is a detailed, single source of information on virtually every geo-military aspect of the Pacific Theater. Arranged regionally and, to the extent possible, chronologically according to when islands entered the war, entries provide complete background information. Along with island names, nicknames, Allied code names, location, and wartime time zones, the entries include such topics as the island's physical characteristics, weather, health hazards, historical background, native population, natural resources, and military value. Japanese and Allied strategies and operations, military problems caused by terrain, military installations, Japanese units and key commanders, Allied units and key commanders, and brief battle descriptions are also covered along with the island's postwar status. A valuable resource for researchers, historians, military history enthusiasts, and war gamers, the book provides complete background information on the geo-military aspects of the Pacific Ocean region, its islands, and the roles they played in the war. 108 maps provide specific information. Until now, geo-military information could only be found by searching four to ten publications on each island.

Stories from the Pacific Lawrence F. Kirby,1994

Pacific Island Battlegrounds of World War II Earl R. Hinz,1995 Highlights decisive WWII military operations in Polynesia, Micronesia, and Melanesia, and their effects on the islands. Illustrations, maps, and index.

Hitler's Island War Julie Peakman,2017-12-05 *Highly Commended by the British Records Association for the 2019 Janette Harley Prize* In September 1943, at the height of World War II, the Aegean island of Leros became the site of the most pivotal battle of the Dodecanese campaign as the British tried, in vain, to retain control of the island. Over the course of two short months - from 15 September 1943 to 17 November 1943 - almost 1500 men lost their lives and hundreds more ended up in Prisoner-of-War camps. In this book, Julie Peakman, a modern-day resident of Leros, brings to life the story of the men caught up in the battle based on first-hand interviews and written accounts including diaries, letters and journals. She tells of the preparations of the soldiers leading up to the battle, the desperate hand-to-hand fighting, and the suffering endured from continual bombings. She also shows the extent of the men's despair at the allied surrender, the many subsequent daring escapes as well as the terrible years of incarceration for those who were captured and imprisoned. Many of the heart-rending accounts of the battle are told here for the first time, providing a unique eyewitness take on this forgotten corner of World War II.

Island Fighting Rafael Steinberg,1998 An account of the World War II battles and campaigns on and around the islands of the Pacific.

Island Infernos John C. McManus,2021-11-09 In Fire and Fortitude—winner of the Gilder Lehrman Prize for Military History—John C. McManus presented a riveting account of the US Army's fledgling fight in the Pacific following Pearl Harbor. Now, in Island Infernos, he explores the Army's dogged pursuit of Japanese forces, island by island, throughout 1944, a year that would bring America ever closer to victory or defeat. “A feat of prodigious scholarship.”—The Wall Street Journal • “Wonderful.”—St. Louis Post-Dispatch • “Outstanding.”—Publishers Weekly • “Rich and absorbing.”—Richard Overly, author of Blood and Ruins • “A considerable achievement, and one that, importantly, adds much to our understanding of the Pacific War.”—James Holland, author of Normandy '44 After some two years at war, the Army in the Pacific held ground across nearly a third of the globe, from Alaska's Aleutians to Burma and New Guinea. The challenges ahead were enormous: supplying a vast number of troops over thousands of miles of ocean; surviving in jungles ripe with dysentery, malaria, and other tropical diseases; fighting an enemy prone to ever-more desperate and dangerous assaults. Yet the Army had proven they could fight. Now, they had to prove they could win a war. Brilliantly researched and written, Island Infernos moves seamlessly from the highest generals to the lowest foot soldiers and in between, capturing the true essence of this horrible conflict. A sprawling yet page-turning narrative, the story spans the battles for Saipan and Guam, the appalling carnage of Peleliu, General MacArthur's dramatic return to the Philippines, and the grinding jungle combat to capture the island of Leyte. This masterful history is the second volume of John C. McManus's trilogy on the US Army in the Pacific War, proving McManus to be one of our finest historians of World War II.

The Encyclopedia of Codenames of World War II (Routledge Revivals) Christopher Chant,2013-10-18 Codenames were a vital feature of World War II, serving as mental shorthand for those in the know, and obscuring the issues for those who were not. Codenames were used from the highest level, in the planning of grand strategic moves affecting the conduct of the whole war, to the lowest command divisions, in the conduct of small-scale tactical operations. This encyclopedia, first published in 1986, removes the mystery surrounding many of the important code names from the era. With around 3,000 entries drawn from all sides - the U.K., U.S.A., Germany, the U.S.S.R. and Japan - Christopher Chant's work provides a uniquely comprehensive and full overview of major operations, names and code words. Thorough and exciting, this key reference reissue is an exceptionally valuable resource for military historians, enthusiasts and general readers with an interest in World War II.

A Magnificent Fight Robert Cressman,1992

The Medical Department of the United States Army in World War II. United States. Army Medical Service,1964

Battlefield Events Keir Reeves,Geoffrey R. Bird,Laura James,Birger Stichelbaut,Jean Bourgeois,2015-10-16 Battlefield Events: Landscape, Commemoration and Heritage is an investigative and analytical study into the way in which significant landscapes of war have been constructed and imagined through events over time to articulate specific narratives and denote consequence and identity. The book charts the ways in which a number of landscapes of war have been created and managed from an events perspective, and how the processes of remembering (along with silencing and forgetting) at these places has influenced the management of these warsapes in the present day. With chapters from authors based in seven different countries on three continents and comparative case studies, this book has a truly international perspective. This timely longitudinal analysis of war commemoration events, the associated landscapes, travel to these destinations and management strategies will be valuable reading for all those interested in war landscapes and events.

Building the Navy's Bases in World War II United States. Bureau of Yards and Docks,1947

Pacific Island Battlegrounds of World War II Earl Hinz,1995 Highlights decisive WWII military operations in Polynesia, Micronesia, and Melanesia, and their effects on the islands. Illustrations, maps, and index.

United States Army in World War II.: The technical services ,1966

World War II Sea War, Vol 10: Il Duce Deposed Gordon Smith,Don Kindell,Donald A. Bertke,2009 Comprehensive list of day-to-day naval actions from July 1943 through September 1943. Major events include Allied invasions of Sicily and Italy, plus continued action in the Solomon and New Guinea Islands, and the US liberation of Kiska Island.

Island Victory Samuel Lyman Atwood Marshall,1944-01-01 An on-the-spot history of a fight in the Pacific during World War II, Island Victory was the first battle history written by then-Lieutenant Colonel S. L. A. Marshall, a veteran of World War I who would serve in Korea and Vietnam and become a brigadier general in the process. After the Seventh Infantry Division drove across Kwajalein Atoll in the first days of February 1944, successfully wresting control of the strategic southern tip from the Japanese, Marshall was charged with producing an accurate and comprehensive account of the fight. His solution: bring the front-line soldiers together at once and interview them as a group, tapping the collective memory of a platoon fresh from battle. ø In this book, readers get a rare, firsthand sense of all the emotions that soldiers in combat experience. Numerous maps and photographs help us visualize precisely what took place. A compelling work of military history, and the first book of its kind, Island Victory is itself an important chapter in the history of how military exploits are described and recorded.

United States Army in World War II.: The war in the Pacific ,1963

World War II Sea War, Volume 12: Anzio, Kwajalein, Eniwetok and the Admiralty Islands Donald A. Bertke,Gordon Smith,Don Kendell,2009

Islands of the Damned R.V. Burgin,Bill Marvel,2011-03-01 A remarkable eyewitness account of the most brutal combat of the Pacific War, from Peleliu to Okinawa, this is the true story of R.V. Burgin, the real-life World War II Marine Corps hero featured in HBO®'s The Pacific. “Read his story and marvel at the man...and those like him.”—Tom Hanks When a young Texan named R.V. Burgin joined the Marines 1942, he never imagined what was waiting for him a world away in the Pacific. There, amid steamy jungles, he encountered a ferocious and desperate enemy in the Japanese, engaging them in some of the most grueling and deadly fights of the war. In this remarkable memoir, Burgin reveals his life as a special breed of Marine. Schooled by veterans who had endured the cauldron of Guadalcanal, Burgin’s company soon confronted snipers, repulsed jungle ambushes, encountered abandoned corpses of hara-kiri victims, and warded off howling banzai attacks as they island-hopped from one bloody battle to the next. In his two years at war, Burgin rose from a green private to a seasoned sergeant, fighting from New Britain through Peleliu and on to Okinawa, where he earned a Bronze Star for valor. With unforgettable drama and an understated elegance, Burgin’s gripping narrative stands alongside those of classic Pacific chroniclers like Robert Leckie and Eugene Sledge—indeed, Burgin was even Sledge’s platoon sergeant. Here is a deeply moving account of World War II, bringing to life the hell that was the Pacific War.

A Magnificent Fight Robert J. Cressman,1996-11
Island Wars Michael Evans,2012-12-07 Island Wars originally appeared on DownEast.com and ran for roughly three months, emulating in the real time the passage of time in the book. It chronicles the daily exploits of Donovan Graham, a recent college graduate whose first assignment as a newspaper reporter is to cover the escalating border dispute playing out between the United States and Canada on an island off the Maine coast. By the end of the summer, Donovan has become quite ensconced amid the quirky residents of Grand Seal Island. And the resolution of the dispute will have a greater impact on him than he knows. Each chapter represents a daily blog post and fictional comments at the end of most chapters enhance both the story and the sensation of reading an Internet post.

Island Wars 2 250 Book Review: Unveiling the Magic of Language

In an electronic era where connections and knowledge reign supreme, the enchanting power of language has be much more apparent than ever. Its power to stir emotions, provoke thought, and instigate transformation is really remarkable. This extraordinary book, aptly titled "**Island Wars 2 250**," compiled by a highly acclaimed author, immerses readers in a captivating exploration of the significance of language and its profound effect on our existence. Throughout this critique, we will delve to the book is central themes, evaluate its unique writing style, and assess its overall influence on its readership.
