entirely new look. This book explores 1,000 of these embellishments available to graphic designers across all kinds of projects, from books to brochures, invitations to menus, CDs to annual reports. Exacting photography, which is accompanied by credits outlining the vendors and materials used, focuses on these details. This book invites designers to literally shop for ideas. Content is organized by type; if you're in the market for an unusual binding, turn to the bindings section to see a wide collection of fresh ideas. Other topics covered include fasteners, graphics, unique materials, embossing, debossing, specialty inks, type treatments, interesting color usage, add-ons, die cuts, and much more.
