How do I lay down an even wash? Why do my paintings look so washed out?) to understanding the trifecta of perspective, value, and color. He shows how to paint whites that sparkle and shadows that glow and how to conjure the atmosphere of a particular place and time. Painters of all skill levels will see--and feel--the difference in their work. • Packed with expert advice for infusing scenes with light and color • Includes special tips and techniques for painting architectural subjects • Illustrated with inspiring paintings of scenes from around the world • 8 start-to-finish demonstrations show key concepts in action Light, as it glances off a facade, glimmers off the water or gleams off polished marble, is always inspiring.
