Games and Gamification in Market Research Betty Adamou, 2018-11-03 Games are the most engaging medium of all time: they harness storytelling and heuristics, drive emotion and push the evolution of technology in a way that no other platform has or can. It's no surprise, then, that games and gamification are revolutionizing the market research industry, offering opportunities to reinvigorate the notoriously sluggish engagement levels seen in traditional surveying methods. This not only improves data quality, but offers untapped insights unattainable through traditional methods. Games and Gamification in Market Research shows readers how to design ResearchGames and Gamified Surveys that will intrinsically engage participants and how best to use these methodologies to become, and stay, commercially competitive. In a world where brands and organizations are increasingly interested in the feelings and contexts that drive consumer choices, Games and Gamification in Market Research gives readers the skills to use the components in games to encourage play and observe consumer behaviours via simulations for predictive modelling. Written by Betty Adamou, the UK's leading research game designer and named as one of seven women shaping the future of market research, it explains the ways in which these methodologies will evolve with technologies such as virtual reality and artificial intelligence, and how it will shape research careers. Alongside a companion website, this book provides a fully immersive and fascinating overview of game-based research.

TwinFlames Nicole Wells, 2021-05-31 A secret camp in the woods. A revolution in the making. And a fighter that will change what it means to be human. Maia is hell-bent on revenge, until a tattooed menace literally stands in her way. Gabe is a legendary fighter with a soft heart that snags on the wounded woman before him. Together, they discover much more than they bargained for. When the world is ending, someone's gotta step up and do the saving, and two MMA fighters might just fit the bill. The Wood Element is being activated, and with it, a war. This is book three of the science fantasy romance series The Five Elements. It's written so that the series can be picked up with this book, but there are spoilers for preceding books. Some content may be triggering for some readers.

Visions of a Sacred Truth L.B. Owens, 2012-10-31 I closed my eyes as I fell straight down not wishing to see as I crashed among the rocks. I felt my body crush, every bone, as I hit the hard surface of the flat rocks. An excruciating pain electrified my body but only for a moment and then no pain at all; nothing, only darkness. L.B. Owens Based on True events ~ In her first literary endeavour, L.B. Owens takes us on a spiritual and physical journey into her past as she searches for the meaning of the dreams/visions that she has had since the age of five. Rich in texture, historical content and deeply moving, she tells her story in the hope that others will be inspired by her struggle to gain understanding of their own Sacred Journey into the past.
