Jaguar E-Type Philip Porter,2014-02-01 To mark the 50th anniversary of the Jaguar E-Type, here is an all-new updated edition of a classic book. The E-type was, and still is, a uniquely charismatic and important British sports car, and this book is its ultimate tribute. Filled with new information, this book is a must-have for all E-type enthusiasts.

9600 Hp: The Story of the World's Oldest E-Type Jaguar Philip Porter,2021-06 From development prototype to Geneva Motor Show star and 150mph road-test car, 9600 HP played a key role in the launch of the sensational Jaguar E-type.

Original Jaguar E-Type Malcolm McKay,2021-06 The Jaguar E-type is considered by many to be Britain's finest sports car, and has won innumerable accolades for style, performance and engineering. The car's original specification, and the changes that Jaguar made during production, are fascinating for the detail they reveal of the engineering and sales challenges that the car faced – for many owners and enthusiasts they are crucial to every E-type's historical integrity. This beautifully produced book contains a wealth of accurate information and detailed photographs, gleaned from extensive research, to enable the originality of any production E-type – Series 1, 2 or 3 – to be established, providing an invaluable reference resource for E-type owners, restorers and enthusiasts.

Jaguar E-Type Lance Cole,2020-06-30 The aim of this innovative series is to provide modelmakers and car enthusiasts with a new standard of primarily visual reference of both full-size cars and their scale models. Each book contains detailed technical information imparted through drawings and photographs while the meticulously researched full-color profiles provides a complete reference for paint schemes and markings. In addition, every volume of the CarCraft series features summaries of design histories and operational careers, and reviews of available kits. The third book in the new CarCraft series, Jaguar E-Type, frames the legend of what many call the world's most beautiful car design. Sir William Lyons and Malcolm Sayer carved automotive history with this car across its 1960s-1970s incarnations from roadster to coupé amid the fitting of Straight-Six, to V12 engines. With its new definition of sculptural styling, performance, handling and innovative style, the E-Type or XKE series in the USA, created a car of global impact that remains a great classic of all time. Here, experienced automotive writer, and industrial designer, Lance Cole pays tribute to the car in a detailed yet engaging commentary. New photography, the design story, and full coverage of the modeling options in synthetic materials and die cast metals, create a narrative of vital interest.

Jaguar E-Type Nigel Thorley,2017-11-14 Four decades after its launch, the Jaguar E-type is still at the top of most car enthusiasts' Christmas lists. An enduring example of design and engineering excellence, it is instantly recognizable the world over. Jaguar E-Type celebrates this icon of the 1960s as Nigel Thorley describes the year by year history and development of this beautiful car in full illustration with anecdotes and curiosities along the way. Coupled with excellent writing, this adds up to a feast of nostalgia that will delight all admirers of this most sinuous of cars.

Jaguar E-type Six-cylinder Restoration & Originality Guide Thomas F. Haddock,1991

Jaguar E Type Jonathan Wood,2011-10-18 The Jaguar E-type was the outstanding British sports car of the post-war years. Introduced in 1961 it was Jaguar's most numerically successful sports car until production ceased in 1974. Contents include: complete history of the E-type in all its forms; special feature panels throughout; information on buying and maintaining an E-type and full specifications and road tests. Illustrated with specially commissioned colour and black & white photographs.

The Most Famous Car in the World Philip Porter,2002-09 It is difficult now to imagine the impact which the Jaguar E-type had when it was launched back in 1961. When the average saloon had a top speed of around 70mph and most were desperately dull, the E-type was a revelation and the few examples manufactured in '61 were literally mobbed. Pre-empting computer aided design, pre-eminent aerodynamicist Malcolm Sayer uniquely applied complex mathematical formulae to create the stunning E-type shape. Ironically, this intriguing man hated to be called a stylist, yet he designed what is arguably the most beautiful car ever seen. Today, manufacturers build hundreds of prototypes when developing a new car. Jaguar built just a handful of E-types prior to launch. All were scrapped bar one which was registered 9600 HP. This car did extensive high speed testing on the newly opened M1, was the car that launched the E-type at Geneva in '61 and was then, road tested extensively by virtually every newspaper and magazine, was the original, and only (due to a few secret modifications), 150mph E-type. Driven by Stirling Moss amongst others, it had a fascinating early life and a succession of interesting owners. This is the story of the car's life, the people who created and built this car, the subsequent history, its lapse into decay and its magnificent resurrection, written by the world's leading expert and writer on the legendary E-type Jaguar, who also owns 9600 HP.

Jaguar Lightweight E-type Philip Porter,James Page,2017-10-03 The Great Cars series returns with an in-depth look at the 1963 Lightweight Jaguar E-type, chassis number 49 FXN. This Porter Press series selects individual vehicles that stand out in the racing world, and commits to a full biography of them. ??? This luminary among Jaguar Lightweight E-types made its race debut at the Nurburgring, freshly modified for aerodynamics and with an incredible engine developed by masterminds Dr. Samir Klat and Prof. Harry Watson. Peter Lumsden and Peter Sargent proved its high-speed potential by running third in the GT class at Le Mans the next year, and three months later, it was the best-placed E-type at the Tourist Trophy at Goodwood, as well as fifth in the GT class. 49 FXN's successes go on, and you'll see them all in full across nearly 300 period images, many previously unpublished, and plenty of full color studio photography.

Jaguar E-type Nigel Thorley,2022-09-29 Four decades after its launch, the Jaguar E-type is still at the top of most car enthusiasts' Christmas lists. An enduring example of design and engineering excellence, it is instantly recognisable to people around the world. In production from 1961 to 1974, it was celebrated at the time as the most glamorous sports car of them all and is today one of the best-known icons of the '60s. If ever there was a deserving recipient of the title 'Great Car,' it's the classically elegant Jaguar E-type. In this fascinating, extensively illustrated book, Nigel Thorley describes the year by year history and development of the Jaguar E-Type, including anecdotes and curiosities along the way. Together with a sumptuous collection of colour photographs, this adds up
