The Delinquents #1 James Asmus, Fred Van Lente, 2014-08-20 Confrontation! Devastation! Inebriation! (And the lost secret of the hobos too!) Oh dear God no, you'd better get out of the way? because here come the Delinquents! Quantum and Woody are the world's worst superhero team. Archer & Armstrong are a mismatched pair of conspiracy-busting adventurers. When a mysterious force collides these ill-suited and irresponsible ?heroes? for a cross-country race through the darkest corners of American mythology, all hell is bound to break loose. Can two busted pairs become four of a kind in time to defeat the Hobo King, save the day, and make it back home in time for happy hour? Let's hope so??cause these guys make a really, really bad team. (And you don?t even want to know about the goat.)

An Introduction to Behavioral Economics Nick Wilkinson, Matthias Klaes, 2017-12-16 The third edition of this successful textbook is a comprehensive, rigorous survey of the major topics in the field of behavioral economics. Building on the strengths of the second edition, it offers an up-to-date and critical examination of the latest literature, research, developments and debates in the field. Offering an inter-disciplinary approach, the authors incorporate psychology, evolutionary biology and neuroscience into the discussions. And, ultimately, they consider what it means to be 'rational', why we so often indulge in 'irrational' and self-harming behavior, and also why 'irrational' behavior can sometimes serve us well. A perfect book for economics students studying behavioural economics at higher undergraduate level or Master's level. This new edition features: - Extended material on heuristics and biases, and new material on neuroeconomics and its applications - A wealth of new topical case studies, such as voting behavior in Brexit and the Trump election and the current obesity epidemic - More examples and review questions to help cement understanding

Adventure 2 Gareth Hanrahan, 2009-04-29 At some point in time, every Games Master will need this adventure - after all, it is the lot of players to constantly get into trouble with the law, and one day they will cross the line. . . Featuring an entire planetary prison, Prison Planet will integrate new arrivals into a life behind bars, working dangerous mines, surviving feuding factions and, possibly, allow an escape. With different lists of guards and in-mates, Prison Planet can even be used more than once with the same group of players (for those who do not learn the first time around. . .), and promises several sessions of tense, fraught challenges where the players find themselves cut off from the rest of society.

Handbook on Prisons and Jails Danielle S. Rudes, Gaylene S Armstrong, Kimberly R. Kras, TaLisa J. Carter, 2023-09-26 The Handbook on Prisons and Jails brings together some of the brightest scholars and thinkers in the field to offer a wide range of perspectives for understanding the experiences of persons incarcerated or

working/volunteering within carceral institutions. The assembled chapters consider what is known in the area while identifying emerging areas for theoretical, empirical, and policy work. The volume includes contributions on numerous topics and areas related to penal control, containment, living, and/or working in carceral institutions and addresses methodological considerations for doing research with individuals incarcerated in jail or prison. This collection is essential reading for scholars and students seeking an up-to-date guide to contemporary issues facing corrections and sentencing. It also provides practitioners with valuable resources for developing socially informed policies and practices.

Pathfinder Adventure Path Cole Cronewitter, 2020-11-24 The Agents of Edgewatch Adventure Path continues! Having been betrayed by their confidants and stripped of their badges, the Edgewatch agents must perform a daring prison break to spring the wrongly incarcerated primarch. Old enemies become new friends as the heroes work for an infamous underworld crime lord in order to prove their fealty and receive blueprints to the enchanted prison galley known as the Black Whale. Once they've rescued their key ally, the heroes must find a way to clear their sullied names and, in the process, exact justice upon the treacherous business mogul who betrayed them in the first place. Belly of the Black Whale is a Pathfinder adventure for four 15th-level characters. This adventure continues the Agents of Edgewatch Adventure Path, a six-part monthly campaign in which players take on the role of city watchdogs and dole out justice to Absalom's most nefarious criminal elements. This volume also includes new rules and exciting lore regarding Absalom's notorious prisons, the slithering snake goddess Ravithra, and a throng of new monsters and villains for urban fantasy campaigns. Each monthly full-color softcover Pathfinder Adventure Path volume contains an in-depth adventure scenario, stats for several new monsters, and support articles meant to give Game Masters additional material to expand their campaign. Pathfinder Adventure Path volumes use the Open Game License and work with both the Pathfinder RPG and the world's oldest fantasy RPG.

The Public in Law Gregor Clunie, Haris Psarras, 2016-02-24 Bringing together established academics and new researchers, the chapters in this collection interrogate the operation of 'the public' in a range of different legal, illegal and alegal spaces. The key question which frames the contributions is whether and in what manner 'the public' operates as an interface between law and society, allowing the interests and opinions of the population at large to be represented and reflected in legal discourse, such that collectively generated imperatives may be imposed upon political and economic actors. Multi-disciplinary in its approach, the volume reflects an understanding that there is more to the role of 'the public' in relation to law than the conventional demarcation of the field of 'public law' and that this relationship is open to comment from a wide range of actors.

Manager of Giants Lou Hernández, 2018-10-25 For decades prior to the rise of Babe Ruth, the most recognized name in baseball was John McGraw. An outstanding player in the 1890s, McGraw—nicknamed “Mugsy”—was molded in the rough and tumble pre-20th century game where sportsmanship and fair play took a back seat to competition. Later, he became the successful manager of the New York Giants, dominating the National League in New York City for more than 30 years. McGraw led the Giants with authoritarian swagger—earning another moniker, “Little Napoleon”—from 1902 through 1932, before illness forced his retirement. In his 31 seasons in New York, his teams won three world championships and 10 pennants and rarely finished out of the first division. He was a trailblazer in the use of bullpen and position player substitutions, and pushed hit-and-run strategies over the then prevalent dictums of

sacrifice bunting. An unconventional leader, McGraw missed considerable bench time during his reign on account of injury, illness and fiery temperament.

Prison School 05 Akira Hiramoto, 2015-12-03 Verhältnis weibliche Schüler zu männlichen ... 200:1! Ein feuchter Traum scheint in Erfüllung zu gehen... Nach der Aufdeckung von Kiyoshis Flucht wird die Haftdauer aller Jungen zur Strafe um einen Monat verlängert. Kiyoshi wird deshalb von seinen Mitschülern angefeindet. Derweil beginnt der Geheime Schülerrat damit, seine Operation „Rausschmiss der Jungen“ in die Tat umzusetzen ... The Cultural Encyclopedia of Baseball, 2d ed. Jonathan Fraser Light, 2016-03-25 More than any other sport, baseball has developed its own niche in America's culture and psyche. Some researchers spend years on detailed statistical analyses of minute parts of the game, while others wax poetic about its players and plays. Many trace the beginnings of the civil rights movement in part to the Major Leagues' decision to integrate, and the words and phrases of the game (for example, pinch-hitter and out in left field) have become common in our everyday language. From AARON, HENRY onward, this book covers all of what might be called the cultural aspects of baseball (as opposed to the number-rich statistical information so widely available elsewhere). Biographical sketches of all Hall of Fame players, owners, executives and umpires, as well as many of the sportswriters and broadcasters who have won the Spink and Frick awards, join entries for teams, owners, commissioners and league presidents. Advertising, agents, drafts, illegal substances, minor leagues, oldest players, perfect games, retired uniform numbers, superstitions, tripleheaders, and youngest players are among the thousands of entries herein. Most entries open with a topical quote and conclude with a brief bibliography of sources for further research. The whole work is exhaustively indexed and includes 119 photographs.
