Futoshiki Puzzle Book Frank Mallin,2021-01-06 If you like Sudoku or Kakuro but want a different challenge then you will LOVE Futoshiki. Futoshiki or More or Less, is a logic puzzle game from Japan. Its name means inequality. Futoshiki is played on a square grid. The objective is to place the numbers 1 to X (Where X is the length of the grid) in each row, ensuring that each column only contains the digits 1 to X. Some digit may be given at the start. In addition, inequality constraints are also initially specified between some of the squares, such that one must be higher or lower than its neighbor. This Futoshiki Puzzle Book is a fun way for kids, teens, or adults to sharpen their minds and test their logic. Book Details: Size: 8.5x11 Large Size 154 Pages (300 Puzzles with solutions, 4 Puzzles per page) Matte Cover Design Perfect Gift for everyone who loves puzzle or math game

**Winning the Peace** Robert Cameron Orr,2004 Events in Iraq, Afghanistan, and the Balkans have proved that failed and defeated states threaten the national security interests of the United States and the stability of entire regions. But success in addressing these threats clearly depends on more than military might; the post-conflict period is equally crucial. Case studies in this book examine the U.S. approach in Kosovo, East Timor, Sierra Leone, Afghanistan, and Iraq. The book offers policy guidance on how to handle current reconstruction challenges and on building capacity to do a better job when America is inevitably called on to restore failed nations in the future.

The Riddle of the Rainbow John Naylor,2023-03-29 Rainbows have been a source of fascination since time immemorial. They have been the subject of myth and superstition, an inspiration to poets, a challenge to painters, the object of intense scientific interest and a touchstone for ideas about the nature of light and colour. Above all, the rainbow has been the embodiment of wonder from the earliest times to the present day. Beginning with the circumstances in which you are likely to see a rainbow and descriptions of its salient features, this book recounts and explains the myths and superstitions about rainbows, and describes how poets, painters and, above all, leading scientists in every age have sought to discover and understand the rainbow's secrets. Readers with a love of nature and art and an interest in the history of science will enjoy this attractive and informative book.

**The Greenwood Encyclopedia of World Popular Culture** Gary Hoppenstand,2007 An encyclopedia describes all aspects of world culture, broken down into six regional categories, discussing the art, dance, fashion, food, pastimes, periodicals, recreation, and transportation of each region

*Shadow Modernism* William Schaefer,2017-08-04 During the early twentieth century, Shanghai was the center of China's new media culture. Described by the modernist writer Mu Shiying as transplanted from Europe and "paved with shadows," for many of its residents Shanghai was a city without a past paradoxically haunted by the absent past's traces. In *Shadow Modernism* William Schaefer traces how photographic practices in Shanghai provided a forum within which to debate culture, ethnicity, history, and the very nature of images. The central modernist form in China, photography was neither understood nor practiced as primarily a medium for realist representation; rather, photo layouts, shadow photography, and photomontage rearranged and recomposed time and space, cutting apart and stitching places, people, and periods together in novel and surreal ways. Analyzing unknown and overlooked photographs, photomontages, cartoons, paintings, and experimental fiction and poetry, Schaefer shows how artists and writers used such fragmentation and juxtaposition to make visible the shadows of modernity in Shanghai: the violence, the past, the ethnic and cultural multiplicity excluded and repressed by the prevailing cultural politics of the era and yet hidden in plain sight.

**The Riddle of Human Rights** Gary Teeple,2005-01-01 Gary Teeple makes the case that human rights are peculiar to an historically given mode of production.

The Miscellany of a Japanese Priest Kenkō Yoshida,William N. Porter,William Ninnis Porter,1914

**Theodore Roosevelt: Letters and Speeches (LOA #154)** Theodore Roosevelt,2004-10-07 This unprecedented volume brings together 367 letters written by Theodore Roosevelt between 1881 and 1919. Also included are four speeches, best known by the phrases they introduced into the language: *The Strenuous Life* (1899); *The Big Stick* (1901); *The Man in the Arena* (1910); and *The New Nationalism* (1910).

**Solving the Riddle of Globalization and Development** Manuel Agosin,David Bloom,George Chapelier,Jagdish Saigal,2006-11-22 In the past two decades many developing countries have embraced the challenge of globalization by rushing to dismantle trade barriers and to promote increasingly liberal market-oriented policies. However, a broader response to globalization is both necessary and possible if countries are to develop as quickly and as fully as possible. Exploring this complex interrelationship between globalization, liberalization, and human and social development, this innovative

book undertakes a full analysis of development policy, strategy and practice in a variety of countries, with equal weight provided to Asia, Latin America and Africa. An internationally renowned team of contributors examines the complex network of connections and the implications for international development policy, strategy and practice. Advocating the inclusion of sustainable human development as a key element in countries' responses to globalization, key points highlighted include the need to nurture an enabling environment, and to promote education and R&D. These elements, coupled with sound macroeconomic management, are all required in equipping a country to integrate more effectively into the world economy. This innovative new approach to globalization and development set out in this volume will be essential reading for academics and practitioners alike.

Folklore from Contemporary Jamaicans Daryl Cumber Dance,1985

*Creative Teaching: Mathematics in the Primary Classroom* Mary Briggs,Sue Davis,2014-09-19 This stimulating text shows how primary mathematics can be creative, exciting and enjoyable. Offering teachers a dynamic and different perspective, it enables them to see and teach in creative ways that will develop their pupil's mathematical thinking potential. *Creative Teaching: Mathematics in the Primary Classroom* encourages students, trainees and practicing teachers to envision and develop a classroom where children can take risks, enjoy and experiment with mathematical thinking, and discover and pursue their interests and talents in an imaginative yet purposeful way. This second edition contains key updates to reflect the changes to the primary curriculum and includes: new sections on: specialist teaching, parental engagement and approaches to homework; creative classroom environments; working walls, displays and outdoor settings; links to assessment, speaking, listening and learning theory; use of media, film, news and stories for creative learning; cross-curricula work. Featuring reflective tasks in every chapter, this book will prove essential and inspiring reading for all trainee and practising teachers looking to develop their creative practice. Aimed at primary and early years trainee teachers, NQTs and experienced teachers, this is a timely publication for teachers and schools seeking to broaden their maths curriculum, making it more creative and appealing to young minds.

*The Culture of the Copy* Hillel Schwartz,2014 A novel attempt to make sense of our preoccupation with copies of all kinds—from counterfeits to instant replay, from parrots to photocopies. *The Culture of the Copy* is a novel attempt to make sense of the Western fascination with replicas, duplicates, and twins. In a work that is breathtaking in its synthetic and critical achievements, Hillel Schwartz charts the repercussions of our entanglement with copies of all kinds, whose presence alternately sustains and overwhelms us. This updated edition takes notice of recent shifts in thought with regard to such issues as biological cloning, conjoined twins, copyright, digital reproduction, and multiple personality disorder. At once abbreviated and refined, it will be of interest to anyone concerned with problems of authenticity, identity, and originality. Through intriguing, and at times humorous, historical analysis and case studies in contemporary culture, Schwartz investigates a stunning array of simulacra: counterfeits, decoys, mannequins, and portraits; ditto marks, genetic cloning, war games, and camouflage; instant replays, digital imaging, parrots, and photocopies; wax museums, apes, and art forgeries—not to mention the very notion of the Real McCoy. Working through a range of theories on biological, mechanical, and electronic reproduction, Schwartz questions the modern esteem for authenticity and uniqueness. *The Culture of the Copy* shows how the ethical dilemmas central to so many fields of endeavor have become inseparable from our pursuit of copies—of the natural world, of our own creations, indeed of our very selves. The book is an innovative blend of microsociology, cultural history, and philosophical reflection, of interest to anyone concerned with problems of authenticity, identity, and originality. Praise for the first edition “[T]he author... brings his considerable synthetic powers to bear on our uneasy preoccupation with doubles, likenesses, facsimiles, replicas and re-enactments. I doubt that these cultural phenomena have ever been more comprehensively or more creatively chronicled.... [A] book that gets you to see the world anew, again.” —The New York Times “A sprightly and disconcerting piece of cultural history” —Terence Hawkes, London Review of Books “In *The Culture of the Copy*, [Schwartz] has written the perfect book: original and repetitive at once.” —Todd Gitlin, Los Angeles Times Book Review

*Forging the Modern Age, 1900-14* ,2000 A brief illustrated history of the first decade of the 20th Century.

Japan Riddles 154: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous compelling novels captivating the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the fascinating narratives that have captivated audiences this year. Japan Riddles 154 : Colleen Hoover "It Ends with Us" This poignant tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. Japan Riddles 154 : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic :

Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and suspenseful novel that will keep you speculating until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
