**Bread And Roses, Too** Katherine Paterson, 2008-08-12 2013 Laura Ingalls Wilder Award Rosa's mother is singing again, for the first time since Papa died in an accident in the mills. But instead of filling their cramped tenement apartment with Italian lullabies, Mamma is out on the streets singing union songs, and Rosa is terrified that her mother and older sister, Anna, are endangering their lives by marching against the corrupt mill owners. After all, didn't Miss Finch tell the class that the strikers are nothing but rabble-rousers—an uneducated, violent mob? Suppose Mamma and Anna are jailed or, worse, killed? What will happen to Rosa and little Ricci? When Rosa is sent to Vermont with other children to live with strangers until the strike is over, she fears she will never see her family again. Then, on the train, a boy begs her to pretend that he is her brother. Alone and far from home, she agrees to protect him . . . even though she suspects that he is hiding some terrible secret. From a beloved, award-winning author, here is a moving story based on real events surrounding an infamous 1912 strike.

*Start with Why* Simon Sinek, 2011-12-27 The inspirational bestseller that ignited a movement and asked us to find our WHY Discover the book that is captivating millions on TikTok and that served as the basis for one of the most popular TED Talks of all time—with more than 56 million views and counting. Over a decade ago, Simon Sinek started a movement that inspired millions to demand purpose at work, to ask what was the WHY of their organization. Since then, millions have been touched by the power of his ideas, and these ideas remain as relevant and timely as ever. START WITH WHY asks (and answers) the questions: why are some people and organizations more innovative, more influential, and more profitable than others? Why do some command greater loyalty from customers and employees alike? Even among the successful, why are so few able to repeat their success over and over? People like Martin Luther King Jr., Steve Jobs, and the Wright Brothers had little in common, but they all started with WHY. They realized that people won't truly buy into a product, service, movement, or idea until they understand the WHY behind it. START WITH WHY shows that the leaders who have had the greatest influence in the world all think, act and communicate the same way—and it's the opposite of what everyone else does. Sinek calls this powerful idea The Golden Circle, and it provides a framework upon which organizations can be built, movements can be led, and people can be inspired. And it all starts with WHY.

**Disruptive Witness** Alan Noble, 2018-07-17 2018 WORLD Magazine Book of the Year - Accessible Theology 2018 ECPA Top Shelf Book Cover Award ★ Publishers Weekly starred review We live in a distracted, secular age. These two trends define life in Western society today. We are increasingly addicted to habits—and devices—that distract and buffer us from substantive reflection and deep engagement with the world. And we live in what Canadian philosopher Charles Taylor calls a secular age—an age in which all beliefs are equally viable and real transcendence is less and less plausible. Drawing on Taylor's work, Alan Noble describes how these realities shape our thinking and affect our daily lives. Too often Christians have acquiesced to these trends, and the result has been a church that struggles to disrupt the ingrained patterns of people's lives. But the gospel of Jesus is inherently disruptive: like a plow, it breaks up the hardened surface to expose the fertile earth below. In this book Noble lays out individual, ecclesial, and cultural practices that disrupt our society's deep-rooted assumptions and point beyond them to the transcendent grace and beauty of Jesus. Disruptive Witness casts a new vision for the evangelical imagination, calling us away from abstraction and cliché to a more faithful embodiment of the gospel for our day.
