Cascadian Hotel Helen J. Knowles,L. Darlene Spargo,2020-08-17 On August 9, 1929, the Cascadian Hotel opened in Wenatchee, Washington, the Apple Capital of the World. It was (and still is) the tallest building in town. The opening ceremony--featuring a human spider scaling the facade--celebrated the coming to town of a technologically innovative and luxurious hotel that, for its 42-year existence, prided itself on quality service. The Cascadian had very strong ties to the community, apple themes ran throughout the building, and for years it was the go-to meeting place in Wenatchee. The hotel also served as the starting point for the hospitality careers of several men and women who rose to executive leadership positions in the international Western (later Westin) Hotels chain.

Histories, Meanings and Representations of the Modern Hotel Kevin J. James,2018-08-15 This book surveys current writing on the history of the modern hotel, focusing on three areas of vibrant and timely scholarly enquiry: the uniqueness of the American hotel, the contested status of the colonial and postcolonial hotel, and the hotel's embroilment in violent conflict. It explores the hotel as an institution that incubates innovation, enables commercial relations on a variety of scales, and supplies an arena for negotiating relations of political, cultural, and economic power. The volume presents a number of case studies, including the hotel in wartime and as a terrorist target, and critically engages with innovative scholarship that links the relationship of the hotel to wider narratives of Western modernity. It is aimed at tourism studies scholars, as well as history and critical and applied tourism studies students, at undergraduate and graduate levels.

Built to Last: 100+ Year-Old Hotels in New York Stanley Turkel,2011-10-18 The thirty-two century-old hotels featured in this book have defied the passage of time for a variety of reasons, many explicable, some beyond explanation, all miraculous. For eighteen of them, it was the fortuitous creation of the New York City Landmark Preservation Commission in 1965. The landmarks law was enacted in response to the demolition of the iconic Pennsylvania Station in 1963. After 139 years, the following evaluation is still true: New York is the paradise of hotels. In no other city do they flourish in such numbers, and nowhere else do they attain such a degree of excellence. The hotels of New York naturally take the lead of all others in America, and are regarded by all who have visited them as models of their kind. James D. McCabe, Jr. Lights and Shadows of New York, 1872

Hotel Mavens Stanley Turkel, CMHS,2014-09-19 The word maven is defined by Wikipedia as a trusted expert in a particular field, who seeks to pass knowledge on to others. Since the 1980s it has become more common when the New York Times columnist William Safire adapted it to describe himself as the language maven. The word from Hebrew is mainly confined to American English and was included in the Oxford English Dictionary second edition (1989). My three hotel mavens are: 1) Lucius M. Boomer, one of the most famous hoteliers of his time, was chairman of the Hotel Waldorf-Astoria Corporation. In a career of over half a century, he directed such celebrated hotels as the Bellevue-Stratford in Philadelphia, the Taft in New Haven, the Lenox in Boston, and the McAlpin, Claridge, Sherry-Netherland and the original as well as the current Waldorf-Astoria in New York. 2) George C. Boldt who was the genius of the original Waldorf-Astoria. It was said of him that he made innkeeping a profession and, more than any man, was responsible for the modern American hotel. 3) Oscar of the Waldorf who was described in 1898 by the New York Sun: In only one New York hotel, however, is there a personage deserving to be called a maître d'hotel. Anyone who studies him closely will soon arrive at a firm conviction that he might quite as appropriately have been called General or Admiral, if circumstances had not led him into the hotel business. Oscar knows everybody. Oscar was a superstar of his time and one of the stalwarts who managed both the original and the current Waldorf-Astoria. Among his many duties, Oscar commanded a staff of 1,000 persons besides conducting a school for waiters, at the time the only one of its kind in the United States. In 1896, Oscar wrote one of the greatest cookbooks of its time: The Cook Book by 'Oscar of the Waldorf'. It contains 907 pages and 3,455 recipes.

Open for the Season Karl P. Abbott, 2019-11-22 *Open for the Season*, first published in 1950, is the entertaining, informative memoir by Karl Abbott of his family's long-time ownership and operation of hotels, inns, and resorts, from New Hampshire, to Boston, South Carolina, and Florida. Beginning with his childhood in his family's New Hampshire resort, The Uplands, Abbott would go on to manage or own popular hotels, inns, and resorts such as the Gasparilla Inn in Boca Grande, Florida, the Sagamore Resort in Lake George, New York, and the Hotel Vendome in Boston. Abbott paints a vivid picture of life at his properties, as well as providing insights into daily management, stories of his guests and workers, and what it took to be successful in the hotel business.

Hotel Mavens: Volume 2 Stanley Turkel CMHS, 2018-07-21 My long-time preoccupation with hotel history reveals one continuous strand: the achievements of unique entrepreneurs who created singular hotels one at a time. These pioneers were not by subsequent definition, "hotel men". They did not attend hotel schools because there were none until 1924 with the creation of the Cornell School of Hotel Administration. Most of them did not grow up in the hotel business but became successful because of their varied on-the-job training experiences, business acumen and unexpected opportunities. Their tradition-breaking vision and single-minded ambition led them to create iconic hotels. My research has uncovered three such hotel mavens two of whom 1) were both essentially in the railroad and steamship business 2) were friendly competitors 3) concentrated their hotel creations in the State of Florida: Henry Morrison Flagler, on the east coast and Henry Bradley Plant on the west coast. The third maven was Carl Graham Fisher who created Miami Beach and Montauk, Long Island, N.Y.
