The Junior in the title implies that the book will work with a younger audience, but it also means the puzzles will work with second language learners at a more beginner level. Each unit is based on a theme. Each unit has 10 words to be studied. To begin, an illustration is given for each vocabulary word. There is a space provided for the student to practice writing the words. The students are then given a blank crossword grid. The illustrations are repeated on the page and serve as the clues to the crossword puzzle. Puzzles from 100 Thematic Crossword Puzzles Junior can be used alone or with other thematically linked materials. Includes a complete Answer Key.
