50 Ways to Learn a Language Shane Dixon, Justin Shewell, 2018-03-14

Nifty Fifty Greta Rasmussen, 1995 This book deals with common objects and is conceptual rather than hands-on. Nifty directs children to think about the general characteristics of objects. You will find 500 surprisingly basic questions about fifty familiar objects such as a stick, a sock, a hanger, a fly, a bath, a flag, an ear, a coin, etc. Do the questions orally when you have some spare moments and concentrate on one subject at a time. Be sure children discuss each question as fully as they can and allow for any creative meandering that takes place.

Study Skills: 50 Strategies for Success Deborah Adcock, Newton Education Group, 2019-09-17 Newton Education Group presents Study Skills: 50 Strategies for Success. The self-guided activities in this program will help students acquire and practice effective learning strategies that will last a lifetime. Each lesson develops skills related to a specific study strategy. The lessons are organized in such a way that each new skill builds off a previous skill. Scaffolding instruction in this way reinforces what has been learned, building confidence as students develop and apply new skills. Students will also develop metacognitive awareness of their own learning styles and strengths, enabling them to personalize their learning experiences and adapt study methods to the way they process information best. By the time students finish Study Skills, 50 Strategies for Success, they will have learned 50 essential strategies to improve all areas of their learning, such as how to take notes, manage homework, write reports, set goals, using reference materials, managing text anxiety, and how to prepare for various kinds of testing and testing formats. There are two levels to the Study Skills: 50 Strategies for Success program. Book 1 is tailored for students in grades 3 through 5 (or students in upper grades who need more skill building or need to work at a gentler pace). Book 2 is tailored for students in grades 6 through 8 and builds off of level one, providing greater challenge; extending concepts. The self-guided structure of the program allows for easy integration into any existing curriculum. Each book in the Study Skills: 50 Strategies for Success program is divided into 10 units. Each unit focuses on a particular set of strategies, such as classroom preparation, organizing assignments, and setting goals. Student Resources within each book can be used throughout the school year to strengthen writing and editing skills. An answer key is included at the end of each book. Students complete each unit in the order presented or you may customize the program to meet individual student's needs. Options for Targeted Instruction: After students complete a comprehensive self-assessment. The self-assessment allows student to evaluate their approaches to learning and studying and is an effective metacognitive tool for self-discovery. It allows students to discover first-hand where changes need to be made and the motivation to make the necessary adjustments. For the teacher, the completed assessment reveals where improvements are needed in order to target specific study-skills instruction for each and every student. The categories of questions in the Student Self-Assessment align with the units in Study Skills: 50 Strategies for Success. This allows the teacher to readily determine which specific strategies to target. Targeted instruction allows for flexibility in the classroom and complements a variety of classroom strategies, such as differentiated instruction and personalized learning. Completed assessments can be placed in a student portfolio where it can be later used to show progress over time after study-skills instruction has been initiated.

The Fundamentals of Figure Drawing Barrington Barber, 2017-06-13 The ability to draw the human form accurately and competently is a primary goal for many aspiring artists, despite the current trend in the art establishment away from figurative subjects. The book is intended for anyone who wants to discover

every aspect of what for centuries was regarded as the real test of an artist's mettle. Renowned teacher and artist Barrington Barber begins his exploration with anatomy, an understanding which is vital if the artist is to handle form and translate what he sees into a believable representation of life. He goes on to look at the whole figure: clothed, drawn from life, in action and in detail. Supported by sections on composition, styles and a step-by-step guide to a final composition, he has once again achieved a brilliantly inspirational art book. Comprehensive, easy to follow and packed with over 300 of Barrington Barber's illustrations, *The Fundamentals of Figure Drawing* is a must for artists of all abilities.

Endurance Rick Broadbent, 2016-04-21 Shortlisted for the William Hill Sports Book of the Year A runner must run with dreams in his heart. Emil Zatopek. In the summer of 1952 Emil Zatopek became the king of the running world with an unprecedented distance treble at the Olympic Games in Helsinki. Together with his wife Dana, who won another gold medal in the javelin, they were the embodiment of sporting romance. Born on the same day, they were champions on the same day too. Yet in 1968 this affable but eccentric Czech solidier was betrayed by his Communist paymasters and cast out into wilderness. Hidden from world view, monitored by the secret police and forced to live in a caravan in mining country, he became the invisible hero. 'Endurance' is the first biography to document the remarkable rise, fall and rehabilitation of a man voted the 'greatest runner of all time' by 'Runner's World' in 2013. It is also the story of a golden age of sport played out against a backdrop of Cold War politics and paranoia. From the London Olympics of 1948 to Czech concentration camps, this is an uplifting and harrowing story of survival. As Emil rises to global fame, his old coach is locked up and tortured by StB henchmen. Their diverging paths expose the fickleness of popularity and eventually cross again when Zatopek's world is torn asunder. All both men can do is endure. The running world of this era is brought to life by dramatic accounts of Zatopek's great triumphs, manifold records and a rich collection of characters vying to dethrone him. In Britain the sharp-tongued Gordon Pirie falls foul of the media as he becomes obsessed with Zatopek and adopts increasingly-masochistic methods; mild-mannered marathon champion Jim Peters begins a quest that would make "women weep and grown men lose their lunch". In France Alain Mimoun crawls from the bloody carnage of his war-time exploits to overcome racial snubs and become known as Zatopek's Shadow; and in the Soviet Union, the tragic figure of Vladimir Kuts is moulded into a brutal running machine at huge cost. Only Zatopek manages to bridge this East-West divide as a savage power struggle is fought in both the Olympic arena and in the corridors of power. Due to extensive access to those involved, including Dana herself, award-winning Times author Rick Broadbent has written a vivid history involving blood and guns and a love that sustained the cruellest twists of fate. From heady nights at White City to the brave resistance during the Prague Spring, this is a book that plants the son of a carpenter at the very centre of a revolution. Whether talking to his rivals on the track or Red Army troops as tanks roll into Prague, Zatopek's humanity shines through and carries all. With traces of 'Chariots of Fire' and Laura Hillenbrand's 'Unbroken', *Endurance* is both a wonderful love story and a landmark tale of hope and strength in the face of crushing opposition. It's at the borders of pain and suffering that the men are separated from the boys. Emil Zatopek

You, Me and Him Alice Peterson, 2018-05-22 Josie and Finn are happily married, with promising careers, and a gorgeous young son, George. But despite their apparently enviable lives, George's hyperactivity disorder means the days aren't always easy. Josie's best friend Justin has always been there for her, and when she finds out she's pregnant again she turns to him for support. She loves George, but it's just such hard work, especially as Josie takes much of the strain. Finn is suspicious. What does Justin want in return for his help? And just how close are they really?
