If I Ever Get Out of Here Eric Gansworth, 2013-07-30 A heart-healing, mocs-on-the-ground story of music, family and friendship. -- Cynthia Leitich Smith, author of Tantalize and Rain is Not My Indian Name. Lewis Shoe Blake is used to the joys and difficulties of life on the Tuscarora Indian reservation in 1975: the joking, the Fireball games, the snow blowing through his roof. What he's not used to is white kids being nice to him -- kids like George Haddonfield, whose family recently moved to town with the Air Force. As the boys connect through their mutual passion for music, especially the Beatles, Lewis has to lie more and more to hide the reality of his family's poverty from George. He also has to deal with the vicious Evan Reininger, who makes Lewis the special target of his wrath. But when everyone else is on Evan's side, how can he be defeated? And if George finds out the truth about Lewis's home -- will he still be his friend? Acclaimed adult author Eric Gansworth makes his YA debut with this wry and powerful novel about friendship, memory, and the joy of rock 'n' roll.

Riding Home Tim Hayes, 2015-03-03 *Riding Home: The Power of Horses to Heal*, Horse Nation's must read book of 2016, is the first and only book to scientifically and experientially explain why horses have the extraordinary ability to emotionally transform the lives of thousands of men, women and children, whether they are horse lovers, or suffering from deep psychological wounds. It is a book for anyone who wants to experience the joy, wonder, self-awareness and peace of mind that comes from creating a horse/human relationship, and it puts forth and clarifies the principles of today's Natural Horsemanship (or what was once referred to as Horse Whispering) Everyone knows someone who needs help: a husband, a wife, a partner, a child, a friend, a troubled teenager, a war veteran with PTSD, someone with autism, an addiction, anyone in emotional pain or who has lost their way. *Riding Home* provides riveting examples of how Equine Therapy has become one of today's most effective cutting-edge methods of healing. Horses help us discover hidden parts of ourselves, whether we're seven or seventy. They model relationships that demonstrate acceptance, kindness, honesty, tolerance, patience, justice, compassion, and forgiveness. Horses cause all of us to become better people, better parents, better partners, and better friends. A horse can be our greatest teacher, for horses have no egos, they never lie, they're never wrong and they manifest unparalleled compassion. It is this amazing power of horses to heal and teach us about ourselves that is accessible to anyone and found in the pages of Tim Hayes's *Riding Home*. The information and lists of therapeutic and non-therapeutic equine programs, which are contained in the book, are also available at the book's website.

Global Nomads Anthony D'Andrea, 2007-01-24 Global Nomads provides a unique introduction to the globalization of countercultures, a topic largely unknown in and outside academia. Anthony D'Andrea examines the social life of mobile expatriates who live within a global circuit of countercultural practice in paradoxical paradises. Based on nomadic fieldwork across Spain and India, the study analyzes how and why these post-metropolitan subjects reject the homeland in order to shape an alternative lifestyle. They become artists, therapists, exotic traders and bohemian workers seeking to integrate labor, mobility and spirituality within a cosmopolitan culture of expressive individualism. These countercultural formations, however, unfold under neo-liberal regimes that appropriate utopian spaces, practices and imaginaries as commodities for tourism, entertainment and media consumption. In order to understand the paradoxical globalization of countercultures, Global Nomads develops a dialogue between global and critical studies by introducing the concept of 'neo-nomadism' which seeks to overcome some of the shortcomings in studies of globalization. This book is an essential aide for undergraduate, postgraduate and research students of Sociology, Anthropology of Globalization, Cultural Studies and Tourism Studies.

Heterotopia and the City Michiel Dehaene, Lieven De Cauter, 2008-05-15 Heterotopia, literally meaning 'other place', is a rich concept in urban design that describes a space that is on the margins of ordered or civil society, and one that possesses multiple, fragmented or even incompatible meanings. The term has had an impact on architectural and urban theory since it was coined by Foucault in the late 1960s but it has remained a source of confusion and debate since. Heterotopia and the City seeks to clarify this concept and investigates the heterotopias which exist throughout our contemporary world: in museums, theme parks, malls, holiday resorts, gated communities,

wellness hotels and festival markets. With theoretical contributions on the concept of heterotopia, including a new translation of Foucault's influential 1967 text, *Of Other Space* and essays by well-known scholars, the book comprises a series of critical case studies, from Beaubourg to Bilbao, which probe a range of (post)urban transformations and which redirect the debate on the privatization of public space. Wastelands and terrains vagues are studied in detail in a section on urban activism and transgression and the reader gets a glimpse of the extremes of our dualized, postcivil condition through case studies on Jakarta, Dubai, and Kinshasa. *Heterotopia and the City* provides a collective effort to reposition heterotopia as a crucial concept for contemporary urban theory. The book will be of interest to all those wishing to understand the city in the emerging postcivil society and post-historical era. Planners, architects, cultural theorists, urbanists and academics will find this a valuable contribution to current critical argument.
