📖 **THE EGYPTIAN** MIKA WALTARI,2021-11-05T00:00:00Z First published in the 1940s and widely condemned as obscene, The Egyptian outsold every other American novel published that same year, and remains a classic; readers worldwide have testified to its life-changing power. It is a full-bodied re-creation of a largely forgotten era in the world's history: an Egypt when pharaohs contended with the near-collapse of history's greatest empire. This epic tale encompasses the whole of the then-known world, from Babylon to Crete, from Thebes to Jerusalem, while centering around one unforgettable figure: Sinuhe, a man of mysterious origins who rises from the depths of degradation to get close to the pharaoh...

The contents include sections on the following: choosing the proper kind of reunion, recruiting volunteers, selecting the time and place, creating the program, guest speakers, budgeting, notifying the participants and promoting the event, planning meals and decorations, accommodations and transportation, souvenirs and fund raisers, photographers and videographers, building a genealogy, and finishing touches from road signs to thank-you notes and more.

📖 **YOU, ME AND HIM** ALICE PETERSON,2018-05-22 Josie and Finn are happily married, with promising careers, and a gorgeous young son, George. But despite their apparently enviable lives, George's hyperactivity disorder means the days aren't always easy. Josie's best friend Justin has always been there for her, and when she finds out she's pregnant again she turns to him for support. She loves George, but it's just such hard work, especially as Josie takes much of the strain. Finn is suspicious. What does Justin want in return for his help? And just how close are they really?

📖 **SEX AND DESTINY** FRANCISCO CORDIDO XAVIER,WALDO VIEIRA,ANDRÉ LUIZ (ESPÓRITO),2021-09-13 What effects will the sexual experiences and conduct of incarnates have on the immortal spirit in their future life, their destiny? Rich in detail, the books by André Luiz depict the spirit world: how spirits live, their habitats and the relations of cause and effect that influence the evolutionary trajectory both of incarnates and discarnates, delineating their future life, their destiny. In this book, readers will find the answers to their questions about human sexual relationships and their implications for the future life of the immortal spirit, enabling it to "learn by using the library of experience." Sex and destiny, love and conscience, freedom and commitment, guilt and redemption, home and reincarnation are the topics of this book born in the forge of everyday reality.

📖 **GUNHEADS** STEVE PARKER,2009

📖 **INSIDE THE MEDIEVAL MIND** NCRP PUBLICATIONS,2010

📖 **GUI DESIGN** SHAN BEN TU SHU,2015 As technology has rapidly advanced, so too has the way we use and interact with it. Gone are the days of flat black backgrounds dotted with blocky green text; now, users expect a massive range of colors, layouts, and fonts to be used to entertain and assist them in their daily lives. GUI Design assembles the best of recent graphic user interface for a collection that provides practical encouragement for those new to the world as well as inspiration for experienced designers. The book gathers Twitter's Vine video creation app for Windows phones, the vulgar-yet-amusing Authentic Weather app, an application designed to help tourists follow the physical and ideological path of the Iron Curtain, and more to showcase programs that balance information flow with user experiences and highlight the creativity, inspiration, and expressive techniques used in their design. The projects within demonstrate the increasingly significant role of user interfaces in both design and our everyday lives in the modern world.

📖 **EVOLUTION FROM CELLULAR TO SOCIAL SCALES** ARNE T. SKJELTORP,ALEXANDER V. BELUSHKIN,2008-09-30 Evolution is a critical challenge for many areas of science, technology and development of society. The book reviews general evolutionary facts such as origin of life and evolution of the genome and clues to evolution through simple systems. Emerging areas of science such as systems biology and bio-complexity are founded on the idea that phenomena need to be understood in the context of highly interactive processes operating at different levels and on different scales. This is where physics meets complexity in nature, and where we must begin to learn about complexity if we are to understand it. Similarly, there is an increasingly urgent need to understand and predict the evolutionary behavior of highly interacting man-made systems, in areas such as communications and transport, which permeate the modern world. The same applies to the evolution of human networks such as social, political and financial systems, where technology has tended to vastly increase both the complexity and speed of interaction, which is sometimes effectively instantaneous. The book contains reviews on such diverse areas as evolution experiments with microorganisms, the origin and evolution of viruses, evolutionary dynamics of genes and environment in cancer development, aging as an evolution-facilitating program, evolution of vision and evolution of financial markets.

📖 **THE STAGSBLOOD PRINCE** GIDEON E. WOOD,2021-02-07 Tel, handsome crown prince of Feigh, has negotiated an end to the war between his country and the strange queendom of Omela. He looks forward to an easy reign of wild parties and wilder men. The deities have other ideas, however, in this gay fantasy novel of transformation, redemption, and love. When his father dies suddenly, Tel is outmaneuvered by his brother, losing the throne. Tel's faith prohibits him from raising his sword and spilling blood, so he accepts the humiliation, working to temper his brother's baser impulses. But the new king's reign takes a dark turn, and his collaborators begin to round up undesirables, including those with a magic called the Stagsblood. Tel must decide: flee or fight? Running means abandoning his people to his brother's evil whims. Standing his ground means the sin of total war. He has no army and only a few allies--and his magical secret. Caip, his closest friend and protector, brings military experience and blunt advice. Her right hand, Dar, is the picture of loyalty. Tough, battle-scarred Bin doesn't suffer fools gladly. And Vared, a mysterious singer-turned-diplomat from Omela, speaks the truth to Tel in ways no one else can.
