Approaching Jonathan Edwards Carol Ball,2016-03-09 Exploring the inner motivations of one of America’s greatest religious thinkers, this book analyses the ways in which Jonathan Edwards' intense personal piety and deep experience of divine sovereignty drove an introverted intellectual along a course that would eventually develop into a mature and respected public intellectual. Throughout his life, the tension between his innately contemplative nature and the active demands of public office was a constant source of internal and public strife for Edwards. Approaching Jonathan Edwards offers a new theoretical approach to the study of Edwards, with an emphasis on his writing activity as the key strategy in shaping his legacy. Tracing Edwards’ strategic self-fashioning of his persona through the many conflicts in which he was engaged, the critical turning points in his life, and his strategies for managing conflicts and crises, Carol Ball concludes that Edwards found his place as a superlative contemplative apologist and theorist of experiential spirituality.

Jonathan Edwards's Turn from the Classic-Reformed Tradition of Freedom of the Will Philip John Fisk,2016-07-11 Philip J. Fisk offers a critical reappraisal of Jonathan Edwards's Freedom of Will, interpreting Edwards from within his own tradition, Reformed Orthodoxy (±1550-1750), avoiding the outdated paradigms of the conventional interpretation of Edwards and his tradition, a so-called deterministic, reconciliationist Calvinism, and demonstrating from primary sources, such as Harvard and Yale commencement theses and quaestiones, that Edwards departed ways with Reformed Orthodoxy's robust and highly nuanced view of freedom of will, contingency, and necessity.

Sermons by Jonathan Edwards on the Matthean Parables, Volume I Kenneth P. Minkema,Adriaan C. Neele,Bryan

McCarthy,2012-05-09 This first volume of Sermons by Jonathan Edwards on the Matthean Parables contains a previously unpublished series by Edwards on Jesus' Parable of the Wise and Foolish Virgins, as found in Matthew 25. Edwards preached these sermons in 1737-38, in the lull between the Connecticut Valley Revival of 1734-35 and the Great Awakening, which started in Massachusetts in late 1740. Not only does this series have significance for its place in the Protestant evangelical awakening of the eighteenth century, but it is also an important index of Edwards' developing thought on the nature of sainthood and related topics of theoretical and practical Christianity, particularly in the context of widespread spiritual renewal. To assist the reader, preceding the series are two introductions that describe Edwards' preaching style and method and provide an historical context for the series itself. Prepared from the original manuscripts by the staff of the Jonathan Edwards Center at Yale University, this series represents a significant addition to the available Edwards corpus that will be of interest to scholars, religious leaders, and general readers.
