*What Fanon Said* Lewis R. Gordon,2015-04-01 Antiracist racism avows reason is white while emotion, and thus supposedly unreason, is black. Challenging academic adherence to this notion, Lewis R. Gordon offers a portrait of Martinican-turned-Algerian revolutionary psychiatrist and philosopher Frantz Fanon as an exemplar of “living thought” against forms of reason marked by colonialism and racism. Working from his own translations of the original French texts, Gordon critically engages everything in Fanon from dialectics, ethics, existentialism, and humanism to philosophical anthropology, phenomenology, and political theory as well as psychiatry and psychoanalysis. Gordon takes into account scholars from across the Global South to address controversies around Fanon’s writings on gender and sexuality as well as political violence and the social underclass. In doing so, he confronts the replication of a colonial and racist geography of reason, allowing theorists from the Global South to emerge as interlocutors alongside northern ones in a move that exemplifies what, Gordon argues, Fanon represented in his plea to establish newer and healthier human relationships beyond colonial paradigms.

Reel Knockouts Martha McCaughey,Neal King,2010-01-01 When Thelma and Louise outfought the men who had tormented them, women across America discovered what male fans of action movies have long known—the empowering rush of movie violence. Yet the duo's escapades also provoked censure across a wide range of viewers, from conservatives who felt threatened by the up-ending of

women's traditional roles to feminists who saw the pair's use of male-style violence as yet another instance of women's co-option by the patriarchy. In the first book-length study of violent women in movies, *Reel Knockouts* makes feminist sense of violent women in films from Hollywood to Hong Kong, from top-grossing to direct-to-video, and from cop-action movies to X-rated skin flicks. Contributors from a variety of disciplines analyze violent women's respective places in the history of cinema, in the lives of viewers, and in the feminist response to male violence against women. The essays in part one, *Genre Films*, turn to film cycles in which violent women have routinely appeared. The essays in part two, *New Bonds and New Communities*, analyze movies singly or in pairs to determine how women's movie brutality fosters solidarity amongst the characters or their audiences. All of the contributions look at films not simply in terms of whether they properly represent women or feminist principles, but also as texts with social contexts and possible uses in the re-construction of masculinity and femininity.

In addition to performers and their work, entries also cover important commercial organizations, individuals who made significant technical contributions, societies and associations, sound archives and libraries, magazines, catalogs, award winners, technical topics, special and foreign terms, copyright laws, and other areas of interest. **Alienation and Freedom** Frantz Fanon, 2018-04-19 Since the publication of *The Wretched of the Earth* in 1961, Fanon's work has been deeply significant for generations of intellectuals and activists from the 60s to the present day. *Alienation and Freedom* collects together unpublished works comprising around half of his entire output - which were previously inaccessible or thought to be lost. This book introduces audiences to a new Fanon, a more personal Fanon and one whose literary and psychiatric works, in particular, take

centre stage. These writings provide new depth and complexity to our understanding of Fanon's entire oeuvre revealing more of his powerful thinking about identity, race and activism which remain remarkably prescient. **Consumed** Aja Barber, 2021-10-05 A call to action for consumers everywhere, *Consumed* asks us to look at how and why we buy what we buy, how it's created, who it benefits, and how we can solve the problems created by a wasteful system. We live in a world of stuff. We dispose of most of it in as little as six months after we receive it. The byproducts of our quest to consume are creating an environmental crisis. Aja Barber wants to change this—and you can, too. In *Consumed*, Barber calls for change within an industry that regularly overreaches with abandon, creating real imbalances in the environment and the lives of those who do the work—often in unsafe conditions for very low pay—and the billionaires who receive the most profit. A story told in two parts, Barber exposes the endemic injustices in our consumer industries and the uncomfortable history of the textile industry, one which brokered slavery, racism, and today's wealth inequality. Once the layers are peeled back, Barber invites you to participate in unlearning, to understand the truth behind why we consume in the way that we do, to confront the uncomfortable feeling that we are never quite enough and why we fill that void with consumption rather than compassion. Barber challenges us to challenge the system and our role in it. The less you buy into the consumer culture, the more power you have. *Consumed* will teach you how to be a citizen and not a consumer.
