Journey of Hope: Love, Marriage, and Overcoming Infertility at 40 Samantha Fitts, Ed.D.,2020-08-16 There are some women who don't have a desire to get married and have children. However, Samantha was not one of them. Many women in their late 30s and early 40s postpone marriage or childbearing to obtain their education, establish their careers, and become financially secure. Unfortunately, this sometimes leads to difficulties in finding Mr. Right or conceiving (or both). This can be an arduous and heartbreaking time of life, when it seems lifelong hopes and dreams of family may not be possible. Samantha delayed marriage until the age of 36 after she'd pursued advanced degrees and established her career—not entirely by choice since Mr. Right hadn't entered her life sooner. At times she wondered if it would ever happen. Once married, she and her husband wanted kids right away, only to suffer a miscarriage and the devastating diagnosis of infertility. In this book, Samantha shares her extraordinary journey of hope. You will discover how her faith in God and perseverance led her to the right husband and overcoming infertility to have their first baby at 40. Don't give up on your dreams, whatever they are. You still have time. Author Dr. Samantha Fitts is an educator/specialist (special education, literacy, education leadership, and adult learning), professional development presenter, and motivator. She has been in education for over twenty years. She is extremely passionate about helping others reach their professional and personal goals in life. A Journey of Hope Mary Connolly,2024-02-12 The silence was shattered by a deep, thunderous man's voice. It sounded like it came from a place of great power. Commanding yet reassuring, it said, This is a message from God. You are my chosen one. You are going to do something extraordinary with your life. After hearing this voice, Bridget suffered a series of life-altering events that left her unable to perform simple, rote tasks, caused her to avoid all contact with everyone but her immediate family, and led to her being admitted to a psychiatric unit for two nights. Follow along to see how she embarks on her journey of healing, from seeing a psychiatrist and a therapist to finding the right balance of medication needed to get her back to where she was before hearing the voice. This book explains what bipolar disorder is, outlines medications that work to combat it, describes Bridget's journey with God, and talks about how the stigma of mental illness has been somewhat alleviated but that there is still work to be done. Bridget hopes the book brings comfort to people with mental illness and helps them feel less lonely. The book, hopefully, will provide peace and inspiration to others who are going along the same journey--a journey of hope.

Journey of Hope Ruth Valor,2022-07-22 When author Ruth Valor was just three years old, a male and female babysitter, friends of the family, sexually abused her. Shortly thereafter, a family member did as well. The aftermath of abuse led her down a road of pain and she experienced a far-reaching disconnectedness in relationships. In *Journey of Hope*, she shares her story, helping others who have been subjected to one of the five forms of abuse throughout their life. Valor tells how, through her relationship with Christ, she realized she had to work on herself and hope for a better future. She chose to walk through an extensive healing process by making a commitment for the rest of her life to focus on the little girl inside of her—and for the adult, too. By doing so, she became saved, and she made Jesus her Lord and savior. *Journey of Hope* offers insights into Valor's life as an abused child and as an overcomer of abuse. She communicates that a relationship with God became an integral part of her healing and wellness.

Journey of Hope Shannon Bernard,2007-02-01 About The Book . As the author of *Burnin' Daylight!* Mr. Wallis provides a new, historic novel set in the period of the great American Civil War. A novel with more adventure more romance and more history of this critical period that shaped this nation and has become so fascinating for millions of

Americans. The history of the early days of the Civil War is told through the actions and adventures of fictional characters in the style of Herman Wouk's *The Winds of War* and *War and Remembrance*. In the early days of 1861, two young men, one from a ranch in Texas and one from a farm in Iowa, leave the security of their homes and the love of their families to seek the adventure that may await each just over the next hill. While seeking to satisfy that wanderlust, they each volunteer to serve, on opposite sides, in this nation's bloodiest conflict. Thirteen months later, in the spring of 1862, they meet at the end of the second day of the most costly battle of the war's entire western campaign; the battle history would call Shiloh Church (Pittsburg Landing) in Tennessee. The Union corporal having served out the time of his muster has become so personally devastated by the effects of his participation in five major battles in thirteen months; he makes the decision to leave the war for whatever new life he may find in the west. While scavenging the now deserted, ghostly battlefield for supplies for his trip, he encounters a severely wounded Confederate Officer. Resisting his months of training to kill this enemy and move on, he finally agrees to bind up the Confederate's wounds as they make an uneasy pact to help each other; the Yankee to his imagined new life out west away from the war and the Confederate to return to his home in Texas. During their nine month trip west, as they slowly begin to grow beyond their hatred and suspicion of each other, they are confronted by both Confederate and Union patrols, cross the flooded Mississippi River at night on a raft, engage in a gun battle w

An Enduring Journey of Hope Ya-chi Yuan, 2023-10-01 Africa is big, and so are its problems. In their midst, people are so small. There is light on the land. The light travels in people's minds and on the land. The light takes root in Africa. The Danger of a Single Story The Nigerian novelist Chimamanda Ngozi Adichie once gave a TED talk on The danger of a single story. She stated something to the effect that "Stories are important but to diversify the story is even more important." Indeed, many people associate Africa with poverty, famine, and disease—an impression that they might have learned from a single story. Although partially true, this impression is inadequate at best, especially in the context of charity work. That impression seems to have a way of morphing into stereotypes, or labels, with which the outside world associates with Africa. Ironically, such labels are welcome in some African communities because, being labeled poor, they get more external assistance for free. As they get used to receiving aid, they even begin to believe those labels. They unknowingly and slowly lose the memories of their gifted toughness. When Africans get used to getting freebies from the outside world, they believe those labels are indeed accurate. This loss of self is a more serious problem than the problem on the label. Yet, something gratifying has happened in Africa. The COVID-19 pandemic started to sweep across the world in 2020. Many people predicted that the poor would become poorer, the hungry hungrier, and charitable aid would be more difficult to get through lock-down barriers to reach the needy. But our local volunteers in Durban, South Africa started vegetable gardens and enthusiastically shared their harvests with needy people around them. The pandemic made it clear that they must step up their efforts to cultivate in their own communities the ideal of neighbors helping neighbors so the community collectively would be more able to face the next disaster. In 2020, our volunteers developed more than 130 vegetable gardens in Durban, and residents in surrounding communities started more than 500 vegetable gardens. Vegetable garden became so popular that even recipients of Tzu Chi aid had asked for vegetable seeds instead of rice. During the pandemic, international travel was second to impossible. That made it very difficult for our Durban volunteers to travel to Eswatini to conduct any aid

operation. Our local Eswatini volunteers stepped up and provided hot meals to poor children in their community every weekend. Namibian volunteers rebuilt corrugated metal shacks for the homeless. Malawian volunteers raised money to buy fabrics to sew masks and gave them to the elderly in their community. Zambiaian volunteers paddled canoes after the flooding to provide aid to poverty-stricken villages. All of these volunteers did not wait for the arrival of foreign aid. Instead, they have all proved that they have what it takes to handle any challenge that may come their way. I have been fortunate to have worked with those volunteers in Africa for many years with a common ideal to purify people's hearts. The stories here may help the readers to have a glimpse of their transformation from hopeless aid recipients to hopeful and helpful volunteers who pay it forward. Together, we have overcome numerous obstacles. They continue to help their own countrymen and leave many touching and true stories, which may help the world get a more comprehensive understanding of Africa. I hope that through our efforts, more people will be able to join together to help others so that Africa will get better. As Chimamanda also said, When we realize that there is never a single story about any place, we will regain a kind of paradise. I sincerely hope that one day the world will associate Africa with confidence and warmth. I believe that the glimmer of hope in Africa will be brighter. The story continues.
