Ask a Manager Alison Green,2018-05-01 From the creator of the popular website Ask a Manager and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There's a reason Alison Green has been called "the Dear Abby of the work world." Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit "reply all" • you're being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for Ask a Manager "A must-read for anyone who works . . . [Alison Green's] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work."—Booklist (starred review) "The author's friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers' lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience."—Library Journal (starred review) "I am a huge fan of Alison Green's Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor."—Robert Sutton, Stanford professor and author of The No Asshole Rule and The Asshole Survival Guide "Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way."—Erin Lowry, author of Broke Millennial: Stop Scraping By and Get Your Financial Life Together

The Memory Maker B. A. Foerster,2021-12-08 Imagine eating a dish that contained the magical capacity to create a memory into a reality. This is what happened to Claudia after consuming Adrian's gourmet macaroni and cheese. Unfortunately, the memory she created was something so vile and abhorrently disgusting, one wonders if the enjoyment of the delicious meal was worth the outcome. Claudia, recently having lost her family home in a fire, thinks her life is finally headed in a positive direction when she starts a new job at The Plentiful Pantry, a small, friendly takeout restaurant. It is here at the Pantry where she meets Adrian Jerry, chef extraordinaire and owner of the establishment. Claudia's optimism is short-lived though when the memory that is triggered is that of a grotesque gurglio. Witness as she compulsively begins feeding leftovers to an ever-increasing number of gurglios that congregate each evening by the Pantry's greenhouse. Finally, Claudia admits to herself that this nightly feeding frenzy is out of control. Desperate, she contacts Julia Byerly to obtain poisonous oleander. In the meantime, she wrestles with the guilt that she is jeopardizing Adrian's well-being. How can she confess to Adrian, one of the kindest people she knows, that she has been luring the monsters by feeding them his leftovers? This third and final book of The Grotesque Gurglios Trilogy, The Memory Maker, reveals yet another overwhelming challenge in attempts to annihilate these creatures. Perhaps this time, the beasts will be gone for good!

Blindsight Peter Watts,2006-10-03 Hugo and Shirley Jackson award-winning Peter Watts stands on the cutting edge of hard SF with his acclaimed novel, *Blindsight* Two months since the stars fell... Two months of silence, while a world held its breath. Now some half-derelict space probe, sparking fitfully past Neptune's orbit, hears a whisper from the edge of the solar system: a faint signal sweeping the cosmos like a lighthouse beam. Whatever's out there isn't talking to us. It's talking to some distant star, perhaps. Or perhaps to something closer, something en route. So who do you send to force introductions with unknown and unknowable alien intellect that doesn't wish to be met? You send a linguist with multiple personalities, her brain surgically partitioned into separate, sentient processing cores. You send a biologist so radically interfaced with machinery that he sees x-rays and tastes ultrasound. You send a pacifist warrior in the faint hope she won't be needed. You send a monster to command them all, an extinct hominid predator once called vampire, recalled from the grave with the voodoo of recombinant genetics and the blood of sociopaths. And you send a synthesist—an informational topologist with half his mind gone—as an interface between here and there. Pray they can be trusted with the fate of a world. They may be more alien than the thing they've been sent to find. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.
