A Taste of Power Elaine Brown,2015-05-20 “A stunning picture of a black woman’s coming of age in America. Put it on the shelf beside *The Autobiography of Malcolm X*.” —Kirkus Reviews Elaine Brown assumed her role as the first and only female leader of the Black Panther Party with these words: “I have all the guns and all the money. I can withstand challenge from without and from within. Am I right, Comrade?” It was August 1974. From a small Oakland-based cell, the Panthers had grown to become a revolutionary national organization, mobilizing black communities and white supporters across the country—but relentlessly targeted by the police and the FBI, and increasingly riven by violence and strife within. How Brown came to a position of power over this paramilitary, male-dominated organization, and what she did with that power, is a riveting, unsparing account of self-discovery. Brown’s story begins with growing up in an impoverished neighborhood in Philadelphia and attending a predominantly white school, where she first sensed what it meant to be black, female, and poor in America. She describes her political awakening during the bohemian years of her adolescence, and her time as a foot soldier for the Panthers, who seemed to hold the promise of redemption. And she tells of her ascent into the upper echelons of Panther leadership: her tumultuous relationship with the charismatic Huey Newton, who would become her lover and her nemesis; her experience with the male power rituals that would sow the seeds of the party's demise; and the scars that she both suffered and inflicted in that era’s paradigm-shifting clashes of sex and power. Stunning, lyrical, and acute, this is the indelible testimony of a black woman’s battle to define herself. “A glowing achievement.” —Los Angeles Times “Honest, funny, subjective, unsparing, and passionate. . . A Taste of Power weaves autobiography and political history into a story that fascinates and illuminates.” —The Washington Post

Building a National Strategy for Digital Preservation ,2002 The United States Congress in December 2000 appropriated funds to the Library of Congress (LC) to spearhead an effort to develop a national strategy for the preservation of digital information. LC staff scheduled a series of conversations with representatives from the technology, business, entertainment, academic, legal, archival, and library communities, and asked the Council on Library and Information Resources to commission background papers for these sessions and to summarize the meetings. The resulting papers, along with an integrative essay by Amy Friedlander, are presented in this document. Contents include: Summary of Findings (Amy Friedlander); Preserving Digital Periodicals (Dale Flecker); E-Books and the Challenge of Preservation (Frank Romano); Archiving the World Wide Web (Peter Lyman); Preservation of Digitally Recorded Sound (Samuel Brylawski); Understanding the Preservation Challenge of Digital Television (Mary Ide, Dave MacCarn, Thom Shepard, and Leah Weisse); and Digital Video Archives: Managing through Metadata (Howard D. Wactlar and Michael G. Christel). (AEF).

Cycling and Cinema Bruce Bennett,2019-04-30 A unique exploration of the history of the bicycle in cinema, from Hollywood blockbusters and slapstick comedies to documentaries, realist dramas, and experimental films. *Cycling and Cinema* explores the history of the bicycle in cinema from the late nineteenth century through to the present day. In this new book from Goldsmiths Press, Bruce Bennett examines a wide variety of films from around the world, ranging from Hollywood blockbusters and slapstick comedies to documentaries, realist dramas, and experimental films, to consider the complex, shifting cultural significance of the bicycle. The bicycle is an everyday technology, but in examining the ways in which bicycles are used in films, Bennett reveals the rich social and cultural importance of this apparently unremarkable machine. The cinematic bicycles discussed in this book have various functions. They are the source of absurd comedy in silent films, and the vehicles that allow their owners to work in sports films and social realist cinema. They are a means of independence and escape for children in melodramas and kids' films, and the tools that offer political agency and freedom to women, as depicted in films from around the world. In recounting the cinematic history of the bicycle, Bennett reminds us that this machine is not just a practical means of transport or a child's toy, but the vehicle for a wide range of meanings concerning individual identity, social class, nationhood and belonging, family, gender, and sexuality and pleasure. As this book shows, two hundred years on from its invention, the bicycle is a revolutionary technology that retains the power to transform the world.

Beyond Memory Max Mojapelo,2008 South Africa possesses one of the richest popular music traditions in the world - from marabi to mbaqanga, from boeremusiek to bubblegum, from kwela to kwaito. Yet the risk that future generations of South Africans will not know their musical roots is very real. Of all the recordings made here since the 1930s, thousands have been lost for ever, for the powers-that-be never deemed them

worthy of preservation. And if one peruses the books that exist on South African popular music, one still finds that their authors have on occasion jumped to conclusions that were not as foregone as they had assumed. Yet the fault lies not with them, rather in the fact that there has been precious little documentation in South Africa of who played what, or who recorded what, with whom, and when. This is true of all music-making in this country, though it is most striking in the musics of the black communities. Beyond Memory: Recording the History, Moments and Memories of South African Music is an invaluable publication because it offers a first-hand account of the South African music scene of the past decades from the pen of a man, Max Thamagana Mojapelo, who was situated in the very thick of things, thanks to his job as a deejay at the South African Broadcasting Corporation. This book - astonishing for the breadth of its coverage - is based on his diaries, on interviews he conducted and on numerous other sources, and we find in it not only the well-known names of recent South African music but a countless host of others whose contribution must be recorded if we and future generations are to gain an accurate picture of South African music history of the late 20th and early 21st centuries.

Whiskey River (Take My Mind) Johnny Bush,Ricky Mitchell,2017-05-24 “Fans of live music will get a kick out of” this Texas Country Music Hall of Famer’s “fond but brutally honest memories, playing gigs with Willie Nelson” (Publishers Weekly). When it comes to Texas honky-tonk, nobody knows the music or the scene better than Johnny Bush. Author of Willie Nelson’s classic concert anthem “Whiskey River,” and singer of hits such as “You Gave Me a Mountain” and “I’ll Be There,” Johnny Bush is a legend in country music, a singer-songwriter who has lived the cheatin’, hurtin’, hard-drinkin’ life and recorded some of the most heart-wrenching songs about it. He has one of the purest honky-tonk voices ever to come out of Texas. And Bush’s career has been just as dramatic as his songs—on the verge of achieving superstardom in the early 1970s, he was sidelined by a rare vocal disorder. But survivor that he is, Bush is once again filling dance halls across Texas and inspiring a new generation of musicians. In Whiskey River (Take My Mind), Johnny Bush tells the twin stories of his life and of Texas honky-tonk music. He recalls growing up poor and learning his chops in honky-tonks around Houston and San Antonio. Bush vividly describes life on the road in the 1960s as a band member for Ray Price and Willie Nelson. Woven throughout Bush's autobiography is the never-before-told story of Texas honky-tonk music, from Bob Wills and Floyd Tillman to Junior Brown and Pat Green. For everyone who loves genuine country music, Johnny Bush, Willie Nelson, and stories of triumph against all odds, Whiskey River (Take My Mind) is a must-read.

We Gotta Get Out of This Place Doug Bradley,Craig Werner,2016-01-06 “The diversity of voices and songs reminds us that the home front and the battlefield are always connected and that music and war are deeply intertwined.” —Heather Marie Stur, author of 21 Days to Baghdad For a Kentucky rifleman who spent his tour trudging through Vietnam’s Central Highlands, it was Nancy Sinatra’s “These Boots Are Made for Walkin’.” For a black marine distraught over the assassination of Martin Luther King Jr., it was Aretha Franklin’s “Chain of Fools.” And for countless other Vietnam vets, it was “I Feel Like I’m Fixin’ to Die” or the song that gives this book its title. In We Gotta Get Out of This Place, Doug Bradley and Craig Werner place popular music at the heart of the American experience in Vietnam. They explore how and why U.S. troops turned to music as a way of connecting to each other and the World back home and of coping with the complexities of the war they had been sent to fight. They also demonstrate that music was important for every group of Vietnam veterans—black and white, Latino and Native American, men and women, officers and “grunts”—whose personal reflections drive the book’s narrative. Many of the voices are those of ordinary soldiers, airmen, seamen, and marines. But there are also “solo” pieces by veterans whose writings have shaped our understanding of the war—Karl Marlantes, Alfredo Vea, Yusef Komunyakaa, Bill Ehrhart, Arthur Flowers—as well as songwriters and performers whose music influenced soldiers’ lives, including Eric Burdon, James Brown, Bruce Springsteen, Country Joe McDonald, and John Fogerty. Together their testimony taps into memories—individual and cultural—that capture a central if often overlooked component of the American war in Vietnam.
