BASE Jumping Jason Laurendeau,2012-08-03 This in-depth exploration of the history and culture of the sometimes illegal activity of BASE jumping provides historical and current information as well as a glimpse into the incredible adrenaline rush of the sport. BASE jumping is an extreme sport that has gained significant popularity. To date, there are over 1,400 jumpers who have earned their BASE number, which means that they have jumped from a building, an antenna, a span, and a terrestrial point. And at least one BASE jumper is planning to attempt landing from a BASE jump without a parachute. BASE Jumping: The Ultimate Guide examines the history, subculture, and technologies associated with BASE jumping. Additionally, it considers what the relatively new expansion of this activity means within the context of how our society considers danger and risk. After an introduction, its chapters cover BASE culture and ethics, the sport's origins and current developments, techniques and equipment, sites and events, pioneering jumpers and icons of the sport, and future directions. The author—a former skydiver and BASE jumper himself—draws from careful research as well as interviews with current BASE jumpers to both provide historical context and represent the voices of those participating in the activity.

Toward a Better Understanding of Rule-Breaking Market Behavior Ann-Kathrin Veenendaal,2019-07-15 This book analyzes how companies and employees can endogenously, i.e., without hiring external experts or consultants, achieve competitive advantages by deviating from behavioral standards in a productive way. The study explores eight transformative behavioral innovations that shaped the development of sports and, by analogy, uses the findings to advance solutions for prevalent problems in business. By developing triggers to creativity and applying mechanisms on how to overcome innovation resistance, the book gives concrete advice on how to manage the difficult quest of human transformation beyond the imperative of technological innovation.

How I Won the Yellow Jumper Ned Boulting,2011-06-02 'Paris, 4 July 2003: My first Tour de France. I had never seen a bike race. I had only vaguely heard of Lance Armstrong. I had no idea what I was doing there. Yet, that day I was broadcasting live on television. I fumbled my way through a few platitudes, before summing up with the words, ...Dave Millar just missing out on the Yellow Jumper. Yes, the Yellow Jumper.' Follow Ned Boulting's (occasionally excruciating) experiences covering the world's most famous cycling race. His story offers an insider's view of what really goes on behind the scenes of the Tour. From up-close-and-personal encounters with Lance Armstrong to bewildered mishaps with the local cuisine, Ned's been there, done that and got the crumpled-looking t-shirt. Eight Tours on from Ned's humbling debut, he has grown to respect, mock, adore and crave the race in equal measure. What's more, he has even started to understand it. Includes How Cav Won the Green Jersey: Short Dispatches from the 2011 Tour de France

Ski Jumping in the Northeast: Small Towns and Big Dreams Ariel Picton Kobayashi,2021-11-08 Dozens of towering ski jumps once dotted the landscape across the northeastern United States. Introduced by Norwegian immigrants in the late 1800s, ski jumping became popular in Maine, New Hampshire, Vermont, Massachusetts, New York and Connecticut. From Lake Placid to Salisbury, crowds thronged to the jumps to watch. Youngsters like the Tokle brothers and Roy Sherwood rose to stardom. All of that changed in the 1980s, though, with the end of college jumping. Today, only a handful of jumping clubs remain. But in a rare few communities, a strong sense of tradition keeps the spirit alive. Join author and coach Ariel Picton Kobayashi as she examines ski jumping's fascinating identity as both a small-town tradition and thrilling sport.
