Word Frequencies in Written and Spoken English Geoffrey Leech, Paul Rayson, Andrew (All Of Lancaster University) Wilson, 2014-06-11 Word Frequencies in Written and Spoken English is a landmark volume in the development of vocabulary frequency studies. Whereas previous books have in general given frequency information about the written language only, this book provides information on both speech and writing. It not only gives information about the language as a whole, but also about the differences between spoken and written English, and between different spoken and written varieties of the language. The frequencies are derived from a wide ranging and up-to-date corpus of English: the British National Corpus, which was compiled from over 4,000 written texts and spoken transcriptions representing the present day language in the UK. The book is based on a new version of the corpus (available from 2001) providing more accurate grammatical information, which is essential (for example) for distinguishing words like leaves (noun) and leaves (verb) with different meanings. The book begins with a general introduction, explaining why such information is important and highlighting interesting linguistic findings that emerge from the statistical analysis of the British National Corpus vocabulary. It also contains twenty four 'interest boxes' which highlight and comment on different aspects of frequency - for example, the most common colour words in English in order of frequency, and a comparison of male words (e.g. man)

and female words (e.g. woman) in terms of their frequency.

Casting Might-Have-Beens Eila Mell, 2015-01-24 Some acting careers are made by one great role and some fall into obscurity when one is declined. Would Al Pacino be the star he is today if Robert Redford had accepted the role of Michael Corleone in *The Godfather*? Imagine Tom Hanks rejecting Uma Thurman, saying that she acted like someone in a high school play when she auditioned to play opposite him in *The Bonfire of the Vanities*. Picture Danny Thomas as *The Godfather*, or Marilyn Monroe as Cleopatra. This reference work lists hundreds of such stories: actors who didn't get cast or who turned down certain parts. Each entry, organized alphabetically by film title, gives the character and actor cast, a list of other actors considered for that role, and the details of the casting decision. Information is drawn from extensive research and interviews. From *About Last Night* (which John Belushi turned down at his brother's urging) to *Zulu* (in which Michael Caine was not cast because he didn't look "Cockney" enough), this book lets you imagine how different your favorite films could have been.

The Encyclopedia of Fantastic Film R. G. Young, 2000 Thirty-five years in the making, and destined to be the last word in fanta-film references! This incredible 1,017-page resource provides vital credits on over 9,000 films (1896-1999) of horror, fantasy, mystery, science fiction, heavy melodrama, and film noir. Comprehensive cast lists include: directors, writers, cinematographers, and composers. Also includes plot synopses, critiques, re-title/translation information, running times, photographs, and several cross-referenced indexes (by artist, year, song, etc.). Paperback.

In the Clutches of the Law Clarence Darrow, Randall Tietjen, 2013-05-31 This volume presents a selection of 500 letters by Clarence Darrow, the pre-eminent courtroom lawyer of the late nineteenth and early twentieth century. Randall Tietjen selected these letters from over 2,200 letters in archives around the country, as well as from one remarkable find—the kind of thing historians dream about: a cache of about 330 letters by Darrow hidden away in the basement of Darrow's granddaughter's house. This collection provides the first scholarly edition of Darrow's letters, expertly annotated and including a large amount of previously unknown material and hard-to-locate letters. Because Darrow was a gifted writer and led a fascinating life, the letters are a delight to read. This volume also presents a major introduction by the editor, along with a chronology of Darrow's life, and brief biographical sketches of the important individuals who appear in the letters.
