**Knowledge and Knowers** Karl Maton, 2013-09-11 We live in 'knowledge societies' and work in 'knowledge economies', but accounts of social change treat knowledge as homogeneous and neutral. While knowledge should be central to educational research, it focuses on processes of knowing and condemns studies of knowledge as essentialist. This book unfolds a sophisticated theoretical framework for analysing knowledge practices: Legitimation Code Theory or 'LCT'. By extending and integrating the influential approaches of Pierre Bourdieu and Basil Bernstein, LCT offers a practical means for overcoming knowledge-blindness without succumbing to essentialism or relativism. Through detailed studies of pressing issues in education, the book sets out the multi-dimensional conceptual toolkit of LCT and shows how it can be used in research. Chapters introduce concepts by exploring topics across the disciplinary and institutional maps of education: -how to enable cumulative learning at school and university -the unfounded popularity of 'student-centred learning' and constructivism -the rise and demise of British cultural studies in higher education -the positive role of canons -proclaimed 'revolutions' in social science -the 'two cultures' debate between science and humanities -how to build cumulative knowledge in research -the unpopularity of school Music -how current debates in economics and physics are creating major schisms in those fields. LCT is a rapidly growing approach to the study of education, knowledge and practice, and this landmark book is the first to systematically set out key aspects of this theory. It offers an explanatory framework for empirical research, applicable to a wide range of practices and social fields, and will be essential reading for all serious students and scholars of education and sociology.

*Keene on Chess* Raymond Keene,1999 A complete step-by-step course which shows you how to play and deepen your understanding of chess.

Stepbrother Broken Colleen Masters,2015-08-29 Only Lukas Hawthorne could simultaneously break my spirit, crush my dreams...and make me dripping wet.He's a legend on campus-a star athlete with records that'll never be broken. I always see him on campus walking around with some new hot piece of ass, and I dream about what it would be like to be the one on his arm...It's totally unfair to have such an effortlessly handsome grad student as my TA. Who knew economic theory could be so sexy? Problem is, I've been so distracted by him all semester that now I'm failing his course, and I need pass if I hope to graduate on time. He wants to meet with me after class, to discuss how I can make up my grade this summer...extra assignments, private lessons...whatever it takes. But when a disgusting realization is made-our student-teacher sex sessions are permanently interrupted.Our parents are engaged. They're madly in love and can't wait to make me, Lukas, and all of our siblings one big happy family. To make matters worse, we have to endure a family vacation at his father's lake house. Together. A million miles away from everything.Thing is, the more inappropriate my desire is for him, the more intensely it burns...and he isn't shy about meeting me halfway.According to him, we're going to defile every room and every surface of his father's house before we go back to school.Challenge accepted.

*Marine Conservation Ecology* John Roff,2013-09-05 This major textbook provides a broad coverage of the ecological foundations of marine conservation, including the rationale, importance and

practicalities of various approaches to marine conservation and management. The scope of the book encompasses an understanding of the elements of marine biodiversity - from global to local levels - threats to marine biodiversity, and the structure and function of marine environments as related to conservation issues. The authors describe the potential approaches, initiatives and various options for conservation, from the genetic to the species, community and ecosystem levels in marine environments. They explore methods for identifying the units of conservation, and the development of defensible frameworks for marine conservation. They describe planning of ecologically integrated conservation strategies, including decision-making on size, boundaries, numbers and connectivity of protected area networks. The book also addresses relationships between fisheries and biodiversity, novel methods for conservation planning in the coastal zone and the evaluation of conservation initiatives.

Magnificent Bastard Lili Valente, 2016-04-17 Magnificently hot, and wonderfully written! This book is a definite MUST READ! -5 STARS from Beneath the Covers Blog THE must read standalone of the year! -Bestselling author Lacey Black F\*ck Prince Charming. Sometimes, you need a Magnificent Bastard. Face it, ladies: love sucks and then you cry...while your ex rides off into the sunset banging your best friend. But why let a break-up end in tears when it can end with sweet revenge? Enter Magnificent Bastard Consulting and me, chief executive bastard. I've got it all-looks, brains, a heart of gold, and the killer instinct guaran-damn-teed to make your ex regret the day he said goodbye. With the help of my virtual assistant, I've built an empire giving broken-hearted women the vengeance they deserve, while keeping myself far from the front lines of the heart. Life is a

bowl of cherries, until my virtual assistant shows up on my real doorstep for the first time, begging for a Magnificent Bastard intervention of her own. Damn... She's a bona fide sex kitten. I pride myself on being a true pro, but pretending to be her lover soon leads to giving it to her good, hard, fast, and up against the wall. And somewhere between getting balls deep in my sweet and sexy assistant and watching her ex beg for a second chance, I break every last one of my damn rules-professional and personal. So what's my next move? Fight for the girl who makes me want to get up on a white horse and ride to her rescue, or stay a Magnificent Bastard to the end? Warning: MAGNIFICENT BASTARD is a stand-alone erotic romance told from the hero's point of view. No cliffhanger. Lots of dirty talk.

**Lovely Trigger** R K Lilley, 2014-03-12 **BOOK THREE: TRISTAN & DANIKA THE IMPACT** Tristan hit rock bottom, and no one felt the impact harder than Danika. She was forced to see, in the most brutal of ways, that love does not conquer all. Bruised, bloody, and broken she had to walk away. **THE AFTERMATH** Picking up the pieces of your life after a tragedy is a daunting prospect, and that's considering you still own all of the pieces. But what if you don't? What if someone else owns those pieces, and those pieces are a part of your soul? You dig deep and work with what you've got. That's what Danika told herself and believed, every single day, for years. Tristan and Danika's love had failed every test that life had thrown at them. She couldn't forget that, not for one second. And if those tests had been overly harsh, well, she wasn't one to wallow in self-pity. The failure was the thing she had to focus on. The failure was the lesson. She had no intention of working so hard to make it out of hell without learning that lesson well. **THE REUNION** Over six years after the

night that changed everything, Danika finds herself forced to spend the weekend constantly in Tristan's company, as they attend the wedding of two of their dearest friends. It's been long enough that she feels they can be friendly again without it destroying her peace of mind, but just a small amount of time in his presence has her remembering something she had forced herself to forget: There'd been a reason she'd gone through hell with this man, for this man, some true good to precede the bad. She shocks herself by quickly giving in to a hunger that she never imagined could still consume her. Even the best intentioned denial has a breaking point. THE HARSH REALITY After everything that's happened, the rise and the fall, the pain and the aftermath, can these two navigate the waters of acute regret, survive the trials of coming face to face with all that they have lost, and find the strength to try again?
