Between Debt and the Devil Adair Turner,2017-08-02 Why our addiction to debt caused the global financial crisis and is the root of our financial woes Adair Turner became chairman of Britain's Financial Services Authority just as the global financial crisis struck in 2008, and he played a leading role in redesigning global financial regulation. In this eye-opening book, he sets the record straight about what really caused the crisis. It didn't happen because banks are too big to fail—our addiction to private debt is to blame. Between Debt and the Devil challenges the belief that we need credit growth to fuel economic growth, and that rising debt is okay as long as inflation remains low. In fact, most credit is not needed for economic growth—but it drives real estate booms and busts and leads to financial crisis and depression. Turner explains why public policy needs to manage the growth and allocation of credit creation, and why debt needs to be taxed as a form of economic pollution. Banks need far more capital, real estate lending must be restricted, and we need to tackle inequality and mitigate the relentless rise of real estate prices. Turner also debunks the big myth about fiat money—the erroneous notion that printing money will lead to harmful inflation. To escape the mess created by past policy errors, we sometimes need to monetize government debt and finance fiscal deficits with central-bank money. Between Debt and the Devil shows why we need to reject the assumptions that private credit is essential to growth and fiat money is inevitably dangerous. Each has its advantages, and each creates risks that public policy must consciously balance.

Walking on Water When You Feel Like You're Drowning Tommy Nelson, Steve Leavitt, 2012-10-08 Today more people than ever are suffering from emotional distress. Whether they are dealing with depression, anxiety, obsessiveness, fear, worry, or stress, their lives are limited and compromised by the ill-effects. People who suffer from emotional distress often feel isolated and unloved, either by God or by others, and often believe that there is no hope and no way out. There is good news, however! A truly biblical approach to healing emotional distress focuses on a holistic cure that integrates the mind, body, and spirit. Even when we feel truly alone, God is holding us in His hand. Even when we feel truly hopeless, God offers comfort and purpose. And even when we feel like we will never escape the pit of emotional distress, God sets our feet on firm ground and promises to never let us go. No matter what we have been through or what we are going through now, God can bring critically needed healing and transformation into our lives when we adjust what the authors refer to as "stinkin' thinkin'."
