Virtual Local Manufacturing Communities William Sims Bainbridge, 2019-02-25 This book deeply explores production-capable social media channels, based on thousands of hours of observation and extensive collection of statistical data, extracting hypotheses that may generalize to the real-world distributed manufacturing of the near future. Distributed manufacturing offers the promise of bringing jobs back to local communities, producing goods that are personalized or harmonize with distinctive cultures, and thereby reversing significant aspects of the globalization that has dominated in recent years. Large corporations may still have important roles to play, but in collaboration with local workshops, providing machinery, software, databases of designs, and communication media suitable for a diverse and dynamic workforce. For years, a set of computer simulation laboratories has flourished, in which millions of people have used virtual machines to produce a great variety of products: massively multiplayer online role-playing games. Their systems are highly diverse, complex, and provide information capable of serious social science analysis. This book deeply explores 30 of these production-capable social media, based on thousands of hours of observation and extensive collection of statistical data, extracting hypotheses that may generalize to the real-world distributed manufacturing of the near future. This book begins with an overview of this universe of online virtual worlds then demonstrates the principles of virtual manufacturing, modes of work-related communication, socio-economic structures and dynamics, and the function of artificial intelligence in these human-technology systems. It concludes with consideration of the large-scale technical and cultural variation illustrated both by individual examples and by the rather large industry in which they have long been successful.

**The Poetics of Fragmentation in Contemporary British and American Fiction** Vanessa Guignery, Wojciech Drąg, 2019-12-02 The last decades have seen a revival of fragmentation in British and American works of fiction that deny linearity, coherence and continuity in favour of disruption, gaps and fissures. Authors such as Ali Smith, David Mitchell and David Shields have sought new ways of representing our global, media-saturated contemporary experience which differ from modernist and postmodernist experimentations from which the writers nevertheless draw inspiration. This volume aims to investigate some of the most important contributions to fragmentary literature from British and American writers since the 1990s, with a particular emphasis on texts released in the twenty-first century. The chapters within examine whether contemporary forms of literary fragmentation constitute a return to the modernist episteme or the fragmented literature of exhaustion of the 1960s, mark a continuity with postmodernist aesthetics or signal a deviation from past models and an attempt to reflect today's accelerated culture of social media and over-communication. Contributors theorise and classify literary fragments, examine the relationship between fragmentation and the Zeitgeist (influenced by globalisation, media saturation and social networks), analyse the mechanics of multimodal and multimedial fictions, and consider the capacity of literary fragmentation to represent personal or collective trauma and to address ethical concerns. They also investigate the ways in which the architecture of the printed book is destabilised and how aesthetic processes involving fragmentation, bricolage and/or collage raise ontological, ethical and epistemological questions about the globalised contemporary world we live in and its relation to the self and the other. Besides the aforementioned authors, the volume makes reference to the works of J. G. Ballard, Julian Barnes, Mark Z. Danielewski, David Markson, Jonathan Safran Foer, David Foster Wallace, Jeanette Winterson and several others.

**British Fictions of the Sixties** Sebastian Groes, 2016-05-19 British Fictions of the Sixties focuses on the major socio-political changes that marked the sixties in relationship to the development of literature over the decade. This book is the first critical study to acknowledge that the 1960s can only be understood if, next to its contemporary socio-political history, its fictions and mythologies are acknowledged as a vital constituent in the understanding of the decade. Groes uncovers a major epistemological shift, and presents a powerful meta-narrative about post-war literature in the UK, and beyond. British Fictions of the Sixties offers a re-examination of canonical writers such as Iris Murdoch, Angela Carter, Muriel Spark and John Fowles. It also pays critical attention to avant-garde writers including Ann Quinn, Bridget Brophy, Eva Figes, Christine Brooke-Rose, and J. G. Ballard, presenting a comprehensive insight into the continuing power the decade exerts on the contemporary imagination.

**Happenings** Mildred L. Glimcher, 2012-02-21 In early October 1959, thirty-two-year-old Allan Kaprow presented a performance piece entitled 18 Happenings in 6 Parts. This unique conjunction of visual, aural, and physical events, performed for an intimate art world audience by his friends and

colleagues, would change the course of art history. The genre of artwork that evolved from this debut would become known as Happenings. Author Mildred Glimcher, an art historian, author, and close observer of contemporary art for more than fifty years, provides a vivid and comprehensive look not only at the events, but also at the culture and society that surrounded it. This new volume provides a comprehensive look at this revolutionary art form. Prepared in conjunction with an exhibition at the Pace Gallery in New York, it focuses on the years that saw the movement's birth in New York and Provincetown, Mass., and the artists who made the genre a legend: Red Grooms, Allan Kaprow, Robert Whitman, Jim Dine, Claes Oldenburg, Simone Forti, Carolee Schneemann. Together, they created a new and outrageous art form with an anything goes attitude, one whose influence is still felt within the contemporary art world. Glimcher visits the formative years of the movement in great detail, describing each performance piece in words and photographs. The radical nature of the time and the works is evidenced by Red Grooms's *The Burning Building*, Claes Oldenburg's *Ray Gun Spex*, Jim Dine's *A Shining Bed*, and many more. *Happenings* is heavily illustrated with photographs from the era, many drawn from a previously unpublished cache by Robert McElroy.

**La utilización del cómic para mejorar la expresión oral, la lectura y la escritura** Steve Bowkett,Tony Hitchman,2016-12-23 La utilización del cómic para mejorar la expresión oral, la lectura y la escritura aprovecha el interés de niños, niñas y adolescentes por las imágenes, cómics y novelas gráficas para desarrollar sus capacidades y destrezas en la lectura, escritura y expresión oral. Con este fin, se recurre a las imágenes de cómic para ayudar a generar, organizar y refinar sus ideas al escribir, leer y al hablar sobre un texto. Al leer cómics el alumnado interactúa con formas narrativas muy complejas y estructuradas. Se percaten o no, su alfabetismo visual emergente promueve las destrezas de pensamiento y desarrolla habilidades metacognitivas más generales. Mediante el cómic, los relatos y sus propios escritos no solo se motivan para leer, sino que también aprenden a disfrutar de un mundo más excitante y atractivo, a desarrollar su imaginación y creatividad. Steve Bowkett y Tony Hitchman describen una serie de técnicas y actividades prácticas que se centran en diversos aspectos de la narración, tales como: utilizar el cómic como organizador visual para planificar la escritura; aprender a construir principios y finales; identificarse con el público lector, utilizando diferentes géneros y desarrollando personajes; crear ritmo, drama, tensión y anticipación Los autores incluyen técnicas Kapow! para iniciar lecciones y añaden también un epílogo sobre el aprendizaje de valores mediante los comics. Las actividades que se proponen en este libro parten de que chicos y chicas ya tienen experiencia de contacto con el mundo del cómic y que poseen destrezas que pueden transferirse a toda una amplia gama de tareas de escritura. Por ejemplo, la forma en que se disponen las viñetas en la página de un cómic puede servir de plantilla para organizar párrafos en un relato escrito o un texto escrito de no ficción.

When an ordinary history class turns extraordinary, Echo is pulled into a time-travelling adventure. Follow Echo as she experiences pivotal events from Métis history and imagines what the future might hold. This omnibus edition includes all four volumes in the A Girl Called Echo series: In Pemmican Wars, Echo finds herself transported to the prairies of 1814. She witnesses a bison hunt, visits a Métis camp, and travels the fur-trade routes. Experience the perilous era of the Pemmican Wars and the events that lead to the Battle of Seven Oaks. In Red River Resistance, we join Echo on the banks of the Red River in the summer of 1869. Canadian surveyors have arrived and Métis families, who have lived there for generations, are losing their land. As the Resistance takes hold, Echo fears for the future of her people in Red River. In Northwest Resistance, Echo travels to 1885. The bison are gone and settlers from the East are arriving in droves. The Métis face starvation and uncertainty as both their survival and traditional way of life are threatened. The Canadian government has ignored their petitions, but hope rises with the return of Louis Riel. In Road Allowance Era, Echo returns to 1885. Louis Riel is standing trial, and the government has not fulfilled its promise of land for the Métis. Burnt out of their home in Ste. Madeleine, Echo's people make their way to Rooster Town, a shanty community on the southwest edges of Winnipeg. In this final instalment, Echo is reminded of the strength and perseverance of the Métis. This special omnibus edition of Katherena Vermette's best-selling series features an all-new foreword by Chantal Fiola (Returning to Ceremony: Spirituality in Manitoba Métis Communities), a historical timeline, and an essay about Métis being and belonging by Brenda Macdougall (Contours of a People: Métis Family, Mobility, and History).
