Ken Kousen

Modern Java Recipes Ken Kousen, 2017-08-11 The introduction of functional programming concepts in Java SE 8 was a drastic change for this venerable object-oriented language. Lambda expressions, method references, and streams fundamentally changed the idioms of the language, and many developers have been trying to catch up ever since. This cookbook will help. With more than 70 detailed recipes, author Ken Kousen shows you how to use the newest features of Java to solve a wide range of problems. For developers comfortable with previous Java versions, this guide covers nearly all of Java SE 8, and includes a chapter focused on changes coming in Java 9. Need to understand how functional idioms will change the way you write code? This cookbook—chock full of use cases—is for you. Recipes cover: The basics of lambda expressions and method references Interfaces in the `java.util.function` package Stream operations for transforming and filtering data Comparators and Collectors for sorting and converting streaming data Combining lambdas, method references, and streams Creating instances and extract values from Java's Optional type New I/O capabilities that support functional streams The Date-Time API that replaces the legacy Date and Calendar classes Mechanisms for experimenting with concurrency and parallelism

Atlantis, the Eighth Continent Charles Berlitz, 1984 For thousands of years before the beginning of recorded history -- the legends tell us -- a powerful civilization flourished in the middle of the Atlantic Ocean. This breathtakingly advanced island continent boasted splendid cities, golden temples, crowded seaports from which the far-reaching influence of Atlantis spread to the rest of the world, until its destruction in an overwhelming cataclysm. Now, based on careful study of scientific undersea research, Charles

Berlitz proves that Atlantis is not legend but fact -- and unravels a mystery even more startling than the Bermuda Triangle! What message lies buried with the mighty stone structures deep beneath the Atlantic? What profound revelations about Atlantis have come to us from beyond the Earth? Was Atlantis destroyed in an ancient nuclear war? What great centers of Atlantean culture yet await discovery?
