*Kennel Building and Management* Mario Migliorini, 2008-05-05 Kennels are important for a wide variety of reasons. Pet owners frequently need them as boarding facilities during vacations, periods of upheaval or transition or whenever it becomes impractical for a cat or dog to be left at home. Serious enthusiasts need practical facilities for dealing with multiple animals and turn to kenneling to meet their requirements. Hobby kennels frequently become professional ventures offering boarding and grooming services while others are begun as businesses stressing pet boarding or housing show animals. If you have a serious interest in kennels, this valuable reference, by one of America's most respected authorities on the subject, will be your indispensable guide whether you are building, buying or converting part of your home as an animal environment.

**Boarding Kennel Management** Sam Kohl, 2005-01-01 Providing top-quality care for pets has now become a highly competitive and profitable business. To become successful, a prospective kennel owner must know how to select or

Now included in this indispensable guide to kennel management are architectural plans for eleven different kennel layouts and designs.
