Twelve Years a Slave Solomon Northup, 2024-01-04 Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Northup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

Achtung-Panzer! Heinz Guderian, 1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Cad Rick Marin,2004-02-18 The Los Angeles Times bestseller, now in paperback -- tales of the notorious New York dating scene, told from the other side of the bed. Rick Marin offers himself up for an in-depth look at man's superficial nature. At 28, a brief, doomed first marriage thrusts Marin back into Bachelor Hell. A journalist as eager to make it in Manhattan as with its female population, our emotionally myopic hero can never seem to tell if the woman in front of him is too crazy or too sane, until she gets too close. Falling out of love as often as he falls in, he vows more than once to clean up his act, only to relapse into another bender of beauties, blow-offs, and bad behavior -- all in desperate pursuit of the woman who can redeem him. In this rollicking, frequently insensitive and ultimately poignant memoir, Marin proves a master of the light touch even in his darkest hours. It is one man's story, but many men will read it as their own. And for any woman who has ever wondered, What was he thinking This is what he was thinking.

Angels and Demons in Art Rosa Giorgi,2005 This sumptuously illustrated volume analyzes artists' representations of angels and demons and heaven and hell from the Judeo-Christian tradition and describes how these artistic portrayals evolved over time. As with other books in the Guide to Imagery series, the goal of this volume is to help contemporary art enthusiasts decode the symbolic meanings in the great masterworks of Western Art. The first chapter traces the development of images of the Creation and the Afterworld from descriptions of them in the Scriptures through their evolution in later literary and philosophical works. The following two chapters examine artists' depictions of the two paths that humans may take, the path of evil or the path of salvation, and the punishments or rewards found on each. A chapter on the Judgment Day and the end of the world explores portrayals of the mysterious worlds between life and death and in the afterlife. Finally, the author looks at images of angelic and demonic beings themselves and how they came to be portrayed with the physical attributes--wings, halos, horns, and cloven hooves--with which we are now so familiar. Thoroughly researched by and expert in the field of iconography, *Angels and Demons in Art* will delight readers with an interest in art or religious symbolism.

The Town with the Funny Name Max Miller,1948 A volume of sketches about the author's life around the California coastal town of La Jolla.

City Lights Stories A. Collection of Stories by Regenerate,2013-05 You are holding a collection of stories, the aim of this collection is to equip and inspire you to make a positive impact in your own community, through relationships and creative initiatives. In this material, you will read about Dave and Will who developed gardens on wasteland in inner city London council estates, encouraging residents to be part of the process of renewal and creativity by growing plants and vegetables. Will hosts community harvest feasts, bringing together local residents to eat their own locally-grown produce. Andy in his 20s, started a lunch club for isolated elderly people,

rallying his student friends to help serve homemade meals in a borrowed church hall. Pauline responded to a news bulletin about the lack of housing for refugees and asylum seekers, by setting up homes across North London to provide safe housing. Annie set up regular meals in her church building for homeless people and rough sleepers. Mark started a football club for local lads from an estate in London, most of whom were from extremely difficult backgrounds and not in education or employment. Countless others have weeded gardens for families referred by social services, mentored children in foster care and painted a wall in a refuge. Abroad, Mick and Ruby moved into an inner city slum community in the heart of Manilla for 9 years with their young children. At the heart of City Lights are stories and friendships.
