Mixed Electoral Systems: Design and Practice Andrew Ellis,2023-03-15 Thirty years on from its initial democratic transition and after several changes of system, Mongolians are still seeking to improve the electoral process by addressing the mechanism for converting votes cast in elections to seats gained in the Great Hural. There is particular interest in mixed systems. The report seeks neither to advocate, nor to discourage the adoption of a mixed system instead, it describes the detailed design choices that flow from the adoption of a mixed system, and illuminates their possible effects both generally and in the specific Mongolian context.
