**Kill Them All** Kyle Starks,2017-09-27 The new gonzo graphic novel love letter to 90s action movies by Eisner-nominated cartoonist Kyle Starks (Sexcastle, Rick and Morty). A betrayed murderess wants revenge. A hard drinking former cop wants his job back. For either to get what they want, they're going to have to fight their way through fifteen flights of criminals, assassins, drug lords, murderers, yup, even accountants, and... KILL. THEM. ALL.

*13 Ways to Kill Your Community 2nd Edition* Doug Griffiths,2016-10-24 13 Ways to Kill Your Community is lively, full of personality, conversational, breezy, succinct, and fun. One can imagine readers seeking out information on boosting their local community sighing dutifully as they seek out material and then being relieved and delighted when what they find turns out to be as entertaining as it is informative. The information provided is sometimes startling and often positively revelatory. The anecdotes and examples are delivered with wit and a little bit of a dishy factor. But underneath all the fun is a clear breadth of experience, and a no-nonsense, practical approach to community building, which can be easily grasped. 13 Ways to Kill Your Community offers practical, implementable steps that can be taken to bring a moribund community back to life. This book delivers what it promises, and it does so with wit and warmth....

Kill 'Em All Ryan Green,2019-07-09 I have no desire whatever to reform myself. My only desire is to reform people who try to reform me. And I believe that the only way to reform people is to kill 'em. My motto is, Rob em all, Rape em all and Kill em all. - Carl Panzram In 1902, at the age of 11, Carl Panzram broke into a neighbour's home and stole some apples, a pie, and a revolver. As a frequent troublemaker, the court decided to make an example of him and placed him into the care of the Minnesota State Reform School. During his two-year detention, Carl was repeatedly beaten, tortured, humiliated and raped by the school staff. At 15-years old, Carl enlisted in the army by lying about his age but his career was short-lived. He was dishonourably discharged for stealing army supplies and was sent to military prison. The brutal prison system sculpted Carl into the man that he would remain for the rest of his life. He hated the whole of mankind and wanted revenge. When Carl left prison in 1910, he set out to rob, burn, rape and kill as many people as he could, for as long as he could. His campaign of terror could finally begin and nothing could stand in his way. Kill 'Em All is a chilling and gripping account of one of the most brutal and gruesome true crime stories in American history. Ryan Green's riveting narrative draws the reader into the real-live horror experienced by the victims and has all the elements of a classic thriller. CAUTION: This book contains descriptive accounts of abuse and violence. If you are especially sensitive to this material, it might be advisable not to read any further

**Kill Them All** Sean McGlynn,2015-06-01 The bloody Albigensian Crusade launched against the Cathar heretics of southern France in the early thirteenth century is infamous for its brutality and savagery, even by the standards of the Middle Ages. It was marked by massacres and acts of appalling cruelty, deeds commonly ascribed to the role of religious fanaticism. Here, in the first military history of the whole conflict, Sean McGlynn tells the story of the crusade through its epic sieges of seemingly impregnable fortresses, desperate battles and destructive campaigns, and offers expert analysis of the warfare involved, revealing the crusade in a different light - as a bloody territorial conquest in which acts of terror were perpetrated to secure military aims rather than religious ones. The dramatic events of the crusade and its colourful leading characters - Simon de Montfort, Louis the Lion, Innocent III, Peter of Aragon, Count Raymond of Toulouse - are brought to life through the voices of contemporary writers who fought and experienced it.

**Of Precariousness** Mireia Aragay,Martin Middeke,2017-08-21 Drawing primarily on Judith Butler's, Jacques Derrida's, Emmanuel Levinas's and Jean-Luc Nancy's reflections on precariousness/precarity, the Self and the Other, ethical responsibility/obligation, forgiveness, hos(ti)pitality and community, the essays in this volume examine the various ways in which contemporary British drama and theatre engage with 'the precarious'. Crucially, what emerges from the discussion of a wide range of plays - including Jez Butterworth's Jerusalem, Caryl Churchill's Here We Go, Martin Crimp's Fewer Emergencies and In the Republic of Happiness, Tim Crouch's The Author, Forced Entertainment's Tomorrow's Parties, David Greig's The American Pilot and The Events, Dennis Kelly's Love and Money, Mark Ravenhill's Shoot/Get Treasure/Repeat, Philip Ridley's Mercury Fur, Robin Soans's Talking to Terrorists, Simon Stephens's Pornography, the Theatre Uncut project, debbie tucker green's dirty butterfly and Laura Wade's Posh - is the observation that contemporary (British) drama and theatre often realises its thematic and formal/structural potential to the full precisely by reflecting upon the category and the episteme of precariousness, and deliberately turning audience members into active participants in the process of negotiating ethical agency.

The Criminal Law of Genocide Paul Behrens,2016-03-16 This collection of essays presents a contextual view of genocide. The authors, who are academic authorities and practitioners in the field, explore the legal treatment, but also the social and political concepts and historical dimensions of the crime. They also suggest alternative justice solutions to the phenomenon of genocide. Divided into five parts, the first section offers an historical perspective of genocide. The second consists of case studies examining recent atrocities. The third section examines differences between legal and social concepts of genocide. Part four discusses the treatment of genocide in courts and tribunals throughout the world. The final section covers alternatives to trial justice and questions of prevention and sentencing.

**13 Ways to Kill Your Community** Doug Griffiths,Kelly Clemmer,2010 Let's suppose you have a really ambitious goal in life - you want to kill your community! You want to drive away people, eliminate jobs, undermine businesses, and you won't quit until the whole place is in ruins. Don't know how to go about it? You're in luck - here is a handy manual, chock-full of proven ideas, for the up-and-coming town wrecker. This is the book for you! But suppose you have a different goal - you want to save your community. You want to promote growth, ensure prosperity, build for the future. Well, you too can benefit from 13 Ways. All you have to do is follow the advice in reverse, and before you know it, you and your neighbours will have built a thriving, successful community that's the envy of everyone.

THE 13TH COHORT K.E. Pottie,2021-12-30 The 13th Cohort wishes to see the rise of the 4th Reich. Powerful men and women have found the Spear of Destiny and plan to use its rumored magical properties to create a new Hitler.Can Jack and Emily stop them before it is too late? Back in 1944, Henri, Sonny and Captain Robertson attempt to stop the Nazis from escaping with the spear.

**Why Not Kill Them All?** Daniel Chirot,Clark McCauley,2010-07-01 Genocide, mass murder, massacres. The words themselves are chilling, evoking images of the slaughter of countless innocents. What dark impulses lurk in our minds that even today can justify the eradication of thousands and even millions of unarmed human beings caught in the crossfire of political, cultural, or ethnic hostilities? This question lies at the heart of Why Not Kill Them All? Cowritten by historical sociologist Daniel Chirot and psychologist Clark McCauley, the book goes beyond exploring the motives that have provided the psychological underpinnings for genocidal killings. It offers a historical and comparative context that adds up to a causal taxonomy of genocidal events. Rather than suggesting that such horrors are the product of abnormal or criminal minds, the authors emphasize the normality of these horrors: killing by category has occurred on every continent and in every century. But genocide is much less common than the imbalance of power that makes it possible. Throughout history human societies have developed techniques aimed at limiting intergroup violence. Incorporating ethnographic, historical, and current political evidence, this book examines the mechanisms of constraint that human societies have employed to temper partisan passions and reduce carnage. Might an understanding of these mechanisms lead the world of the twenty-first century away from mass murder? Why Not Kill Them All? makes clear that there are no simple solutions, but that progress is most likely to be made through a combination of international pressures, new institutions and laws, and education. If genocide is to become a grisly relic of the past, we must fully comprehend the complex history of violent conflict and the struggle between hatred and tolerance that is waged in the human heart. In a new preface, the authors discuss recent mass violence and reaffirm the importance of education and understanding in the prevention of future genocides.

**The 13th Hour** Richard Doetsch,2022-05-03 Nick Quinn is in jail, accused of the murder of his beloved wife, Julia. The police say they found the murder weapon, with his fingerprints, in the trunk of his car. Nick is confused, grief-stricken - and completely innocent. Then a gray-haired gentleman visits Nick in the interrogation room and offers him a talisman that allows Nick to go back in time, one hour at a time, for twelve hours. Nick has the ability to save Julia, but failure would lead to a far greater catastrophe.

*Lord of Water II* Mike King,2016-11-07 Coming forward from Lord of Water, a precious water planet! A one-million-year calibration was set to take place. The balance of this precious water planet was all perfectly held in place and monitored by a perfect white sapphire crystal embedded in the planets surface deep below the ocean. With the prediction of one million years held in place by this perfect universal communication system, the task at hand for our Lord of Water was to simply locate the crystal and ensure that it would be clear and glowing as it had been for almost an eternity past. But with the presence of dark and evil beings with their destructive intention closing in on the precious resources of this planet, the playful journey of our young lord has instantly turned to red. A universal alarm has been sent out, but more threatening now is the destruction of this precious water planet with the forthcoming global evaporation. Follow forward with this highly spirited team as they now are left with no choice other than to span the globe and seek to undo this force of unthinkable and evil power. Let the journey begin.

**Lone Wolf #13: The Killing Run** Mike Barry,2012-04-01 When a wolf leaves the pack, he lives only as long as he can kill by himself quicker and surer than any pack he runs up against. Meet a man beyond either forgiveness or vengeance. Meet the Man they Call The Lone Wolf. Better meet him now. The way he lives, he can't live much longer. After Wulff killed Carlin in Mexico City and watched his dynamited house burn down, he decided he deserved a rest. He knew that his work wasn't nearly over. But a lot of the top men were down . . . bullet-riddled, blown up or cremated, and the organization was beginning to feel the effect. Wulff could relax . . . a day or two at least. What he didn't know was that little vacation in Mexico city would touch off the most violent, far-ranging hunt of his life, a Killing Run that would take him across two countries, his mad fury for vengeance almost consuming him as well.
