**Defender of the Realm** Mark Huckerby, Nick

Ostler, 2017-03-28 For hundreds of years the United Kingdom has been protected by a mysterious guardian known as the Defender. Part myth, part superhero, few truly believed the Defender existed... until now. Alfie thinks he knows his destiny. As Prince Alfred, heir to the throne of Great Britain, he's fated to become the most disappointing king in the nation's history. Alfie longs for a way to prove himself, but little does he realize that with the throne of England comes an ancient secret. He who wears the crown must protect the country as the legendary hero -- the Defender of the Realm. Hayley is an ordinary girl, living an ordinary life. She certainly never believed in the mysterious superhero, the Defender. Then, after witnessing a very public battle at the Tower of London, everything is different, and Hayley is left with no doubt. The Defender is real. Two kids with two very different lives are about to get caught up in a centuries-long battle for the fate of a nation. Monsters and criminals, villains and dragons, together Hayley and Alfie must protect their home at all costs.

**Defender of the Realm 3: King's Army** Mark Huckerby,2018-06-07 The thrilling conclusion to the trilogy! After the Defender's losing battle against the Black Dragon, the United Kingdom finds itself under the control of Lord Protector Lock, the undead Viking invaders and the berserkers unleashed by the Raven Banner. Alfie must raise an army and take back his country - or is that what Lock's evil master wants?

*Defenders of the West* Raymond Ibrahim,2022-07-26 A riveting account of the lives and epic battles of eight Western defenders against violent Islamic jihad that sheds much-needed light on the enduring conflict with radical Islam. In Defenders of the West, the author of Sword and Scimitar follows up with vivid and dramatic profiles of eight extraordinary warriors—some saints, some sinners—who defended the Christian West against Islamic invasions. Discover the real Count Dracula, Spain’s El Cid, England’s Richard Lionheart, and many other historical figures, whose true and original claim to fame revolved around their defiant stance against jihadist aggression. An instructive and inspiring read; whereas Sword and Scimitar revolved around decisive battles, Defenders of the West revolves around decisive men.

**Defenders of the Faith** Matthew Knell,2018-03-23 The church has been under attack from its inception, but certain struggles seemed to threaten its very existence. In this inspiring book, Dr Matthew Knell celebrates some of these key figures who have kept the church alive in the

midst of great adversity, exploring three major periods of persecution from the early church to the present day. This fascinating journey begins with Irenaeus of Lyon, who battled courageously against the theological threat of Gnosticism, followed by Basil of Caesarea, who defended the church from attacks on its spirituality. The book concludes with the modern Chinese church, many members of which have been attacked and even martyred for their faith. Using the examples of these defenders and many others, Dr Knell inspires readers to stand firm in the face of adversity as the global church continues to experience persecution.

*Defenders of the Faith* James Reston, Jr.,2009-05-14 A bestselling historian recounts the epic clash that ended the Renaissance and pushed Islam to the gates of Vienna In Warriors of God and Dogs of God, James Reston, Jr., brought two epochal events in the struggle between Islam and Christendom to readers eager to understand the roots of the present-day conflict. With his unwavering eye for detail, Reston now weaves a captivating narrative that examines a pivotal period in that centuries- long war, which found Europe at its most vulnerable and Islam on the attack. This saga of colliding worlds is propelled by two astonishing young sovereigns-the Holy Roman Emperor Charles V and the Turkish sultan Suleyman the Magnificent-and is supported by a wide range of larger-than-life characters, who lend this meticulously researched history a novel's worth of suspense and brio.
