**The China Alternative** Graeme Smith, Terence Wesley-Smith, 2021-03-01 In this collection, 17 leading scholars based in Solomon Islands, Fiji, Papua New Guinea, Timor-Leste, Australia, New Zealand, the United States and China analyse key dimensions of the changing relationship between China and the Pacific Islands and explore the strategic, economic and diplomatic implications for regional actors. The China Alternative includes chapters on growing great power competition in the region, as well as the response to China's rise by the US and its Western allies and the island countries themselves. Other chapters examine key dimensions of China's Pacific engagement, including Beijing's programs of aid and diplomacy, as well as the massive investments of the Belt and Road Initiative. The impact of China's rivalry for recognition with Taiwan is examined, and several chapters analyse Chinese communities in the Pacific, and their relationships with local societies. The China Alternative provides ample material for informed judgements about the ability of island leaders to maintain their agency in the changing regional order, as well as other issues of significance to the peoples of the region. 'China's "discovery" of the diverse Pacific islands, intriguingly resonant of the era of European explorers, is impacting on this too-long-overlooked region through multiple currents that this important book guides us through.' —Rowan Callick, Griffith University 'The China Alternative is a must-read for all students and practitioners interested in understanding the new geopolitics of the Pacific. It assembles a stellar cast of Pacific scholars to deeply explore the impact of the changing role of China on the Pacific islands region. Significantly, it also puts the Pacific island states at the centre of this analysis by questioning the collective agency they might have in this rapidly evolving strategic context.' —Greg Fry, The Australian National University

**The Cambridge Handbook of Corporate Law, Corporate Governance and Sustainability** Beate Sjøfjell, Christopher M. Bruner, 2019-12-12 The emerging field of corporate law, corporate governance and sustainability is one of the most dynamic and significant areas of law and policy in light of the convergence of environmental, social and economic crises that we face as a global society. Understanding the impact of the corporation on society and realizing its potential for contributing to sustainability is vital for the future of humanity. This Handbook comprehensively assesses the state-of-the-art in this field through in-depth discussion of sustainability-related problems, numerous case studies on regulatory responses implemented by jurisdictions around the world, and analyses of predominant strategies and potential drivers of change. This Handbook will be an essential reference for scholars, students, practitioners, policymakers, and general readers interested in how corporate law and governance have exacerbated global society's most pressing challenges, and how reforms to these fields can help us resolve those challenges and achieve sustainability.

*The Winds of Winter* George R.R. Martin, The sixth book in George R. R. Martin's critically acclaimed, world wide best-selling series A SONG OF ICE AND FIRE - the inspiration behind HBO's GAME OF THRONES. 'An absorbing, exciting read ... Martin's style is so vivid that you will be hooked within a few pages' The Times

**Brexit and Literature** Robert Eaglestone, 2018-03-09 Brexit is a political, economic and administrative event: and it is a cultural one, too. In Brexit and Literature, Robert Eaglestone brings together a diverse range of literary scholars, writers and poets to respond to this aspect of Brexit. The discipline of 'English', as the very name suggests, is concerned with cultural and national identity: literary studies has always addressed ideas of nationalism and the wider political process. With the ramifications of Brexit expected to last for decades to come, Brexit and Literature offers the first academic study of its impact on and

through the humanities. Including a preface from Baroness Young of Hornsey, *Brexit and Literature* is a bold and unapologetic volume, focusing on the immediate effects of the divisive referendum while meditating on its long-term impact.

Illegal Entrepreneurship, Organized Crime and Social Control Georgios A. Antonopoulos, 2016-06-16 This book covers organized crime groups, empirical studies of organized crime, criminal finances and money laundering, and crime prevention, gathering some of the most authoritative and well-known scholars in the field. The contributions to this book are new chapters written in honor of Professor Dick Hobbs, on the occasion of his retirement. They reflect his powerful influence on the study of organized crime, offering a novel perspective that located organized crime in its socio-economic context, studied through prolonged ethnographic engagement. Professor Hobbs has influenced a generation of criminology researchers engaged in studying organized crime groups, and this work provides a both a look back and this influence and directions for future research. It will be of interest to researchers in criminology and criminal justice, particularly with a focus on organized crime and financial crime, as well as those interested in corruption, crime prevention, and applications of ethnographic methods.

Transhumanism David Livingstone, 2015-09-02 Transhumanism is a recent movement that extols man's right to shape his own evolution, by maximizing the use of scientific technologies, to enhance human physical and intellectual potential. While the name is new, the idea has long been a popular theme of science fiction, featured in such films as 2001: A Space Odyssey, Blade Runner, the Terminator series, and more recently, The Matrix, Limitless, Her and Transcendence. However, as its adherents hint at in their own publications, transhumanism is an occult project, rooted in Rosicrucianism and Freemasonry, and derived from the Kabbalah, which asserts that humanity is evolving intellectually, towards a point in time when man will become God. Modeled on the medieval legend of the Golem and Frankenstein, they believe man will be able to create life itself, in the form of living machines, or artificial intelligence. Spearheaded by the Cybernetics Group, the project resulted in both the development of the modern computer and MK-Ultra, the CIA's "mind-control" program. MK-Ultra promoted the "mind-expanding" potential of psychedelic drugs, to shape the counterculture of the 1960s, based on the notion that the shamans of ancient times used psychoactive substances, equated with the "apple" of the Tree of Knowledge. And, as revealed in the movie Lucy, through the use of "smart drugs," and what transhumanists call "mind uploading," man will be able to merge with the Internet, which is envisioned as the end-point of Kabbalistic evolution, the formation of a collective consciousness, or Global Brain. That awaited moment is what Ray Kurzweil, a director of engineering at Google, refers to as The Singularity. By accumulating the total of human knowledge, and providing access to every aspect of human activity, the Internet will supposedly achieve omniscience, becoming the "God" of occultism, or the Masonic All-Seeing Eye of the reverse side of the American dollar bill.

My Father, My President Doro Bush Koch, 2016-03-29 When George H. W. Bush asked Doro to write this memoir, she contacted hundreds of his friends and associates; conducted scores of interviews with dignitaries including Bill Clinton, Mikhail Gorbachev, and General Colin Powell; tapped the memories of family members, including her mother, her four brothers, and of course, her father himself; and collected information from the former president's never-before-released files. Now for the first time, a complete portrait of George H. W. Bush emerges. Doro reveals her father as a young man courting his future wife, Barbara, and how the death of their first daughter brought them closer. Doro tells how they raised five children through much of her father's long and storied career in public service, and offers details about this tenures as head of the Republican National Committee during Watergate, ambassador to the U.N.,

America's liaison to China, and vice president for eight years under Ronald Reagan. Doro also provides an insider's look at how the 41st president dealt with crises and challenges, all while keeping his humor and personality intact, and how he still does so while aiding victims of the 2004 tsunami and Hurricane Katrina. She shows how he felt when two of his sons entered politics - and when his eldest made it to the top - and sheds new light on his friendship with former rival Bill Clinton.--BOOK JACKET.

The Australian Official Journal of Trademarks ,1906

*Majority Verdicts* New South Wales. Law Reform Commission,2005 It is generally considered that the requirement of unanimity results in more hung juries than does the alternative system of requiring only a majority of jurors to agree on a verdict. What constitutes a majority differs between jurisdictions that have embraced the concept, and may also depend on the type of offence being tried. This Report examines arguments for and against preserving the unanimity rule.

**The Unruly Woman** Kathleen Rowe Karlyn,2011-01-20 Unruly women have been making a spectacle of themselves in film and on television from Mae West to Roseanne Arnold. In this groundbreaking work, Kathleen Rowe explores how the unruly woman—often a voluptuous, noisy, joke-making rebel or woman on top—uses humor and excess to undermine patriarchal norms and authority. At the heart of the book are detailed analyses of two highly successful unruly women—the comedian Roseanne Arnold and the Muppet Miss Piggy. Putting these two figures in a deeper cultural perspective, Rowe also examines the evolution of romantic film comedy from the classical Hollywood period to the present, showing how the comedic roles of actresses such as Katharine Hepburn, Barbara Stanwyck, and Marilyn Monroe offered an alternative, empowered image of women that differed sharply from the suffering heroine portrayed in classical melodramas.

**New Year at the Pier** April Halprin Wayland,2009-06-11 Izzy's favorite part of Rosh Hashanah is Tashlich, a joyous ceremony in which people apologize for the mistakes they made in the previous year and thus clean the slate as the new year begins. But there is one mistake on Izzy's "I'm sorry" list that he's finding especially hard to say out loud. Humor, touching moments between family and friends, and lots of information about the Jewish New Year are all combined in this lovely picture book for holiday sharing. Winner of the Sydney Taylor Gold Medal for best Jewish picture book of the year!

**Yankee Samurai** Joseph Daniel Harrington,1979 Author Joseph D. Harrington has written an informative and insightful history of the Nisei (Second-generation Japanese Americans), working for the U.S. armed forces in the Pacific during World War II. This is no whitewashed narrative, as it exposes U.S. internment camps, prejudices, and the frustrations of patriotic Japanese-Americans who wanted to fight for their country, but were initially rebuffed. As the book relates, not all Nisei were in favor of fighting, and even those that did encountered another kind of prejudice at first, from Hawaiian-born Nisei who more than occasionally felt that continental Japanese-Americans just didn't measure up, linguistically-speaking. Like other children of immigrants, the Nisei were, to a large extent, caught between Japanese tradition and U.S. culture. The concept of honor, an essential element in Japanese-American family life, ended up serving U.S. military interests well. The author has done an outstanding job of uncovering names and telling little-known stories. Especially fascinating are the ones that describe the analytical acumen of Nisei translators.

*Iraq & The Persian Gulf* Naval Intelligence Division,2014-09-03 First Published in 2005. Routledge is an imprint of Taylor & Francis, an informa company.

*Civil Society, Religion and Global Governance* Helen James, 2007-04-11 This is one of the first books to explore the nexus between civil society, religion, and global governance, their impact on human security and well-being, and significance for current debates in international politics. The contributors examine salient aspects of the secular state whose monopoly on, and control of, institutional violence has reified its use of power to such an extent that the modernistic separation of church and state is being called into question, as institutional limits are sought to the abuse of that power. The volume is clearly divided into six key sections: human security and human rights the politics of civil religion the ethics of civil development civil society and global governance cross-cultural perspectives on institutional development for civil society international civil society. Within these sections the illuminating case studies span a wide geographical extent from Central and Eastern Europe to Egypt, to Latin America, Iran, Bangladesh, Australia, the Pacific and East and Southeast Asia. *Civil Society, Religion and Global Governance* will be of strong interest to students, policy makers and researchers in the fields of human rights, religion, political science and sociology.

*Her Seventh Death*, 2007

*Film Festivals and Activism* Dina Iordanova, Leshu Torchin, 2012 Featuring essays by and interviews with festival programmers, filmmakers, activists, and film scholars, *Film Festivals and Activism* explores the role of film festivals in social justice movements and campaigns.
