**The King's War** Peter Conradi, 2019-09-03 The broadcast that George VI made to the British nation on the outbreak of war in September 1939—which formed the climax of the multi-Oscar-winning film *The King's Speech*—was the product of years of hard work with Lionel Logue, his iconoclastic, Australian-born speech therapist. Yet the relationship between the two men did not end there. Far from it: in the years that followed, Logue was to play an even more important role at the monarch's side. *The King's War* follows that relationship through the dangerous days of Dunkirk and the drama of D-Day to eventual victory in 1945—and beyond. Like the first book, it is written by Peter Conradi, a London Sunday Times journalist, and Mark Logue (Lionel's grandson), and again draws on exclusive material from the Logue Archive—the collection of diaries, letters, and other documents left by Lionel and his feisty wife, Myrtle. This gripping narrative provides a fascinating portrait of two men and their respective families—the Windsors and the Logues—as they together face the greatest challenge in Britain's history.

The French Wars 1667–1714 John A Lynn, 2014-06-06 Campaigns fought by Louis XIV, the Sun King, shaped the borders of European states, the destinies of royal dynasties, and even the patterns of absolutist government. This book presents the most authoritative yet accessible and succinct account of these all-important struggles available today, covering every aspect of the wars from decisions made by the king at his palace at Versailles to the life of the troops encamped in the field. Focusing on the French army, the greatest military force of the age, this tale of violence, victory, and victims balances siege and battle in a way that tells us much that is new about the Sun King and his adversaries.

*The Wars of Myron King* James L. McDonough, 2009 This book offers an engrossing account of King's early life and wartime service as a part of the 401st Bombardment Group, U.S. Eighth Air Force ... Based on a wide array of published and primary sources, including trial transcripts and interviews with King, the book offers a unique view of the experience of air combat, the intertwining of politics and military justice, and the complex circumstances that inaugurated the Cold War--Jacket.

King Philip's War Charles River Charles River Editors, 2016-05-25 \*Includes pictures \*Includes contemporary accounts of the war written by colonists \*Includes online resources, footnotes and a bibliography for further reading \*Includes a table of contents With many such reasons, but whatever be the cause, the English have contributed much to their misfortunes, for they first taught the Indians the use of armes, and admitted them to be present at all their musters and trainings, and shewed them how to handle, mend and fix their muskets, and have been furnished with all sorts of armes by permission of the government, so that the Indians are become excellent firemen. And at Natick there was a gathered church of praying Indians, who were exercised as trained bands, under officers of their owne; these have been the most barbarous and cruel enemies to the English of any others. Capt. Tom, their leader, being lately taken and hanged at Boston, with one other of their chiefs. - An account of the war written by Edward Randolph, an English emissary for King James II What was the bloodiest war in American history? Most people with at least a little knowledge of history would quickly say that it was the Civil War (1861-65), and they would certainly be correct overall. In recently-updated numbers, it is thought that over 750,000

Americans died in the Civil War from battle wounds, diseases and other causes. In a single day at the battle of Antietam on September 17, 1862, almost 27,000 soldiers were killed, wounded and missing. However, when historians go farther back in time and include colonial wars and look at casualties per capita, the correct answer would be the much-lesser known conflict known as King Philip's War (1675-76). While a significant 2.5% of the U.S. population perished in the Civil War, 5% of New England's white settler population died during King Philip's War, during which 13 towns were destroyed and 600 dwellings were burned by the natives. A larger, indeterminate number of the native population also died in the war. A hundred thousand pounds, an enormous sum of money in those days, was expended by the colonies in defeating the Indians. Edward Randolph, who was sent to the colonies a few years after the war, bemoaned just how ruinous and unnecessary the fighting had been: The losse to the English in the severall colonies, in their habitations and stock, is reckoned to amount to 150,000 there having been about 1200 houses burned, 8000 head of cattle, great and small, killed, and many thousand bushels of wheat, peas and other grain burned (of which the Massachusetts colony hath not been damnified one third part, the great losse falling upon New Plymouth and Connecticot colonies) and upward of 3000 Indians men women and children destroyed, who if well managed would have been very serviceable to the English, which makes all manner of labour dear. The war at present is near an end. In Plymouth colony the Indians surrender themselves to Gov. Winslow, upon mercy, and bring in all their armes, are wholly at his disposall, except life and transportation; but for all such as have been notoriously cruell to women and children, so soon as discovered they are to be executed in the sight of their fellow Indians. King Philip's War: The History and Legacy of the 17th Century Conflict Between Puritan New England and the Native Americans examines one of the most important wars fought in the colonial era. Along with pictures of important people, places, and events, you will learn about King Philip's War like never before, in no time at all.

**King Philip's War** Daniel R. Mandell, 2009 Between 1675 and 1676, King Philip's War shattered native tribes and devastated the new English colonies in one of the most significant American wars of the 17th century. The conflict that triggered this terrible war developed over 50 years, as Indians found their lands shrinking and their resources threatened by the colonists. The powerful Pequot and Narragansett tribes were subjugated, and Wampanoag leader King Philip (Metacom) saw his lands taken and his counselors executed. In July 1675, his warriors started an uprising that gained the support of other tribes and sent refugees streaming into Boston. King Philip's War is a penetrating account of this decisive confrontation, which ultimately led to the end of native independence in the area.

**The Seelie King's War** Jane Yolen, Adam Stemple, 2016-11-08 The exciting conclusion to the Seelie Wars trilogy. Full of magic, battles, and page-turning excitement, this series is a perfect introduction to classic fantasy. The war that Prince Aspen and midwife's apprentice Snail started—purely by accident—is at hand. The Unseelie Army, the evil side of Faerie, will soon invade and destroy the Seelie kingdom. Aspen is terrified, not simply because his homeland is on the verge of ruin, but because he is now, after the death of his father and brothers, the Seelie King. He is a young, untried king; a king without a battle plan. But he has Snail, his first and only friend, and

the only one who can raise the army Aspen needs—an army of changelings, like her. First, however, she has to convince the mysterious, dangerous Professor Odds, the changelings' leader, who has a destructive plan of his own.

**A War-Time Wooing** Charles King, 2018-09-08 Born in New York capital, Albany, Charles King (October 12, 1844 - March 17, 1933) was the son of Civil War general Rufus King, grandson of Columbia University president Charles King, and great grandson of Rufus King, who was one the signers of the United States Constitution on September 17, 1787, in Philadelphia. He graduated from West Point in 1866 and served in the Army during the Indian Wars under George Crook. He was wounded in the arm and head during the Battle of Sunset Pass forcing his retirement from the regular army as a captain in 1879.

**Martin Luther King Jr.'s Opposition to the War in Vietnam** Henry E. Darby, 2018-10-26 "The ultimate measure of a man is not where he stands in moments of convenience and in moments of comfort, but where he stands in moments of challenge and moments of controversy" (Martin Luther King Jr.). The purpose of Martin Luther King Jr.'s Opposition to the War in Vietnam is to investigate and describe King's involvement within the Vietnam War and the critical responses that followed. His speaking out against the conflict was not spontaneous; he deliberated two years before doing so. As early as 1965, he made mention of the war, but because of criticisms from senior officials in the civil rights movement, he postponed his efforts. However, on April 4, 1967, he gave his "Beyond Vietnam" speech, which outlined his position on the war. Criticisms were many and severe, ranging from some of his closest associates to that of the Johnson administration. Martin Luther King Jr.'s Opposition to the War in Vietnam is the first published book that deals solely with King's involvement within the Vietnam crisis.

**From School to Battle-Field** Charles Charles King, 2018-02-08 Charles King (October 12, 1844 - March 17, 1933) was an American soldier and a distinguished writer. Born in New York capital, Albany, King was the son of Civil War general Rufus King, grandson of Columbia University president Charles King, and great grandson of Rufus King, who was one the signers of the United States Constitution on September 17, 1787, in Philadelphia. He graduated from West Point in 1866 and served in the Army during the Indian Wars under George Crook. He was wounded in the arm and head during the Battle of Sunset Pass forcing his retirement from the regular army as a captain in 1879. During this time he became acquainted with Buffalo Bill Cody. King would later write scripts for several of Cody's silents films. He also served in the Wisconsin National Guard from 1882 until 1897, becoming Adjutant General in 1895.

8th (King's Royal Irish) Hussars – Diary of the South African War J. W. Morton, 2011-12-23 This diary is written from notes made daily by the author when he was signal sergeant to Lieutenant-Colonel P.L. Clowes, who commanded the regiment during the war until October 1901, and afterwards from notes made when he was a squadron sergeant-major and Orderly-Room Sergeant (ORS). It also incorporates the diary of C Squadron, when detached from the regiment, written by its OC, Major A. Henderson, and that of A Squadron during the time it was with Colonel Pulteney's Column, written by Major F.W. Mussenden, squadron OC. It begins with a short, background history of the regiment from its formation in 1693 to 1903 when it was in Aldershot. On 26th December 1899 the regiment was at the Curragh when mobilization orders were

received and on 13th February 1900 the regiment embarked at Queenstown (Cobh) for S Africa, part of the 4th Cavalry Brigade with 7th Dragoon Guards and 17th Lancers. Embarkation strength was 19 officers, 586 WOs, NCOs and men and 487 horses (someone was going to have to walk!). The complete nominal roll of those embarking is given, listed by squadrons. The diary begins on 13th Feb followed by daily entries describing the voyage during which eleven horses and one crew member died; it ended at Cape Town on 10th March. It is on this daily entry basis that the progress of the regiment is described, in action, on the move, in camp with all the problems of campaigning on the veldt - sickness, food and water shortage, supplies and other details. Casualties are noted by name and rank and number as they occurred, each draft arriving is listed by number, rank and name and this aspect is a godsend to medallists and genealogists. We meet officers who will have a part to play in the next war - French, Plumer, Pulteney, Hamilton and others. The memorial in St Patrick's Cathedral, Dublin, lists three officers and 51 other ranks dead; the description of the unveiling ceremony as published in the Dublin Mail and Evening Mail is reproduced at the end of the book.

**The Bad War** M. S. King, Marcus S. King, 2015 Subject: During the decades that have passed since the end of the history-altering geopolitical event known as World War II, only a single narrative of the great conflict in which tens of millions perished has ever been heard. It is a story which has been scripted by the victors and implanted, no, pounded, into the minds of subsequent generations. Every medium of mass indoctrination has been harnessed to the task fo training the obedient masses as to what the proper view of this event should be. Academia, news media, public education, book publishing, TV documentaries, Hollywood films, clergymen and political whores of every stripe all sing the same dreadful anthem of lies, ignorance, and hundreds of 'missing notes.' World War 2 was a cataclysm of unparalleled human suffering, but we don't have to be victimized and
