??? ????? Sarat Chandra Das, 1902 A Tibetan-English Dictionary, With Sanskrit Synonyms by Sarat Das Chandra, first published in 1902, is a rare manuscript, the original residing in one of the great libraries of the world. This book is a reproduction of that original, which has been scanned and cleaned by state-of-the-art publishing tools for better readability and enhanced appreciation. Restoration Editors' mission is to bring long out of print manuscripts back to life. Some smudges, annotations or unclear text may still exist, due to permanent damage to the original work. We believe the literary significance of the text justifies offering this reproduction, allowing a new generation to appreciate it.

Revival: A Tibetan-English Dictionary (1934) Heinrich August Jaeschke, 2018-05-08 This work represents a new and thoroughly revised edition of a Tibetan-German Dictionary, which appeared in a lithographed form between the years 1871 and 1876.

A History of Sanskrit Grammatical Literature in Tibet, Volume 2

Assimilation into Indigenous Scholarship Pieter Cornelis Verhagen, 2021-10-01 This first, systematic survey of the Tibetan non-canonical literature dealing with Sanskrit grammar, partly consists of translations of Indic works, such as revisions of canonical versions, and translations of works not contained in the canon, and partly of original Tibetan works. In the first chapter of the book a detailed description of these textual materials is presented - sixty-one titles in total - which were produced during all periods of Tibetan literary history, from the ninth to the twentieth centuries. The second chapter discusses one specific effect of the impetus of Indic traditional grammar within Tibetan scholastics, namely the influence of Indic models of linguistic description on Tibetan indigenous grammar. This particular assimilation of an Indic technical discipline into Tibetan scholarship is examined in detail, and it is shown that other segments of Indic Buddhism were sources of inspiration and derivation for the Tibetan grammarians as well.

Spring Lele Iturrioz, 2017-09-01 Gaia finally knows who she is and what she's meant to do. It's only been a few weeks since the earth element woke in her. Now that she's embracing her role as Mother Nature, she must journey with her group of power-wielding friends in a race against time to get back home before Azazel reaches them. With the awakening of a brand new element, her true past with Edan, a dangerous decision that could change the very essence of who she is, and a traitor among her group, the broken road back to Terra will be a test of strength. After all, even if Gaia doesn't know it, war is closer than she thinks.
