What to Ask the Person in the Mirror Robert S. Kaplan,2011 Harvard Business School professor and business leader Robert Kaplan presents a process for asking the big questions that will enable you to diagnose problems, change course if necessary, and advance your career.

**What You're Really Meant to Do** Robert Steven Kaplan,2013-04-16 How do you create your own definition of success—and reach your unique potential? Building a fulfilling life and career can be a daunting challenge. It takes courage and hard work. Too often, we charge down a path leading to “success” as defined by those around us—and ultimately, are left feeling dissatisfied. Each of us is unique and brings distinctive skills and qualities to any situation. So why is it that most of us fail to spend sufficient time learning to understand ourselves and creating our own definition of success? The truth is, it can seem so natural and so much easier to just do what everyone else is doing—for now—leaving it for later to develop our best selves and figure out our own unique path. Is there a road map that will enable you to defy conventional wisdom, resist peer pressure, and carve out a path that fits your unique skills and passions? Robert Steven Kaplan, leadership expert and author of the highly successful book *What to Ask the Person in the Mirror*, regularly advises executives and students on how to tackle these questions. In this indispensable new book, Kaplan shares a specific and actionable approach to defining your own success and reaching your potential. Drawing on his years of experience, Kaplan proposes an integrated plan for identifying and achieving your goals. He outlines specific steps and exercises to help you understand yourself more deeply, take control of your career, and build your capabilities in a way that fits your passions and aspirations. Are you doing what you’re really meant to do? If you’re ready to face this question, this book can help you change your life.

*What to Ask the Person in the Mirror* Robert Steven Kaplan,2011-07-12 Successful leaders know that leadership is less often about having all the answers—and more often about asking the right questions. The challenge lies in being able to step back, reflect, and ask the key questions that are critical to your performance and your organization’s effectiveness. In *What to Ask the Person in the Mirror*, leadership expert Robert Kaplan presents a process for asking the big questions that will enable you to diagnose problems, change course if necessary, and advance your career. He lays out areas of inquiry, including questions such as: Do I clearly articulate my vision and top priorities to my employees and key constituencies? Does the way I spend my time enable me to achieve my top priorities? Do I give subordinates timely and direct feedback they can act on? Do I actively seek feedback myself? Have I developed a succession roadmap? Is my organization’s design aligned with the achievement of its objectives? Is my leadership style still effective, and does it reflect who I truly am? Packed with real-life situations, this highly readable and practical guide helps you learn to ask the right questions—and work through the answers in ways that are right for you. By asking these questions, you can tackle the inevitable challenges of leadership as you craft new strategies for staying on top of your game.

*Every Person on the Planet* Bruce Eric Kaplan,2005-11-02 Every Person On The Planet tells the delightful story of Edmund and Rosemary, an average couple who lead an uneventful life, and what happens when one fateful day they decide to throw a party for the holidays. As their guest list becomes longer and longer, they become paralyzed with the fear of forgetting anyone. So naturally, there's only one thing to do—they invite every person on the planet. They never expect that the whole world will show. But what happens when the whole world does? Every Person On The Planet is hilarious, touching, thoughtful, and uniquely beautiful. We think this is an altogether perfect book and you will too.

**Personal Potential and Leadership Success: The Kaplan Collection (3 Books)** Robert Steven Kaplan,2015-11-10 Curated by Harvard Business Review, this digital collection brings together the ideas of leadership expert Robert Steven Kaplan. Successful leaders know that leadership is less often about having all the answers—and more often about asking the right questions. The challenge lies in being able to step back, reflect, and ask the key questions that are critical to your performance and your organization’s effectiveness. *What to Ask the Person in the Mirror* presents a process for asking the big questions that will enable you to diagnose problems, change course if necessary, and advance your career. In *What You’re Really Meant to Do*, Kaplan shares a specific and actionable approach to defining your own success and reaching your potential. Finally, in *What You Really Need to Lead*, Kaplan argues that leadership is accessible to all of us—today—and it starts with an ownership mind-set.

**What You Really Need to Lead** Robert Steven Kaplan,2015-08-11 WHAT MAKES A LEADER? CAN YOU REALLY LEARN TO LEAD? You might believe that leaders are born, not made. Perhaps you think that you need to hold an important job to be a leader—that you need permission to lead. Leadership is one of the most important aspects of our society. Yet there is enormous disagreement and confusion about what leadership means and whether it can really be learned. As Harvard Business School professor Robert Steven Kaplan explains in this powerful new book, leadership qualities are not something you either have or you don’t. Leadership is not a destination or a state of being. Leadership is about what you do, rather than who you are, and it starts with an ownership mind-set. For Kaplan, learning to lead involves three key elements: • Thinking like an owner • A willingness to act on your beliefs • A relentless focus on adding value to others Kaplan compellingly argues that great organizations are built around a nucleus of people who think and act with an ownership mind-set. He believes that leadership is not a role reserved only for those blessed with the right attributes or situated in the right positions of power. Leadership is accessible to each of us—today. It requires a process of hard work, willingness to ask questions, and openness to learning. This book aims to demystify leadership and outlines a specific regimen that will empower you to build your leadership skills. Kaplan tells real-life stories from his own experience of working with various types of leaders seeking to improve their effectiveness and make their organizations more successful. He asks probing questions, provides exercises, and suggests concrete follow-up steps that will help you develop your skills, create new habits, and move you toward reaching your unique leadership potential. *What You Really Need to Lead* will help you develop your capacity to lead by unlocking your power to think and act like an owner.

**With People in Mind** Rachel Kaplan,Stephen Kaplan,Robert Ryan,1998-03 Beginning with techniques for consulting the public, the authors describe and examine the natural areas, like parks and nature reserves, that so often vary in quality and show how to improve them in ways that are compatible with the environment.

**The Young Person's Guide to Nourishing Faith** Asli Kaplan,2013-09-07 This book is essentially a comprehensive survey of principles and criteria derived from the main sources of knowledge in Islam, the Qur'an and the way of Prophet, for the Muslim youth today. Covering topics from how to increase your knowledge of God to the ways to improve and increase the sense of worship, it attempts to help better understand reasoning behind Islamic rules and morality. In doing so, the book's purpose is to assist in developing an elementary level of Islamic wisdom for the young

Muslims.

**Someone Farted** Bruce Eric Kaplan,2018-04-17 Two words throw a family’s car trip into utter (and smelly) chaos in this hilarious story of denial from Bruce Eric Kaplan. The Krupkes are having a nice, peaceful Saturday morning drive to the grocery store when: it happens. Someone. Farts. The car is thrown into chaos. Sister turns against brother. Mom almost faints. Dad almost gets into an accident. The smell is so bad it’s criminal—so criminal they all end up in jail! And still no one will take responsibility for the odious odor. Will the Krupkes make it through this ordeal in one piece, or will they fracture from the unending accusations of “whoever smelt it dealt it?”

The American Judaism of Mordecai M. Kaplan Emanuel Goldsmith,Mel Scult,Robert Seltzer,1992-10-01 Mordecai M. Kaplan, a pioneering figure in the reinterpretation and redefinition of Judaism in the 20th century, embraced religious liberalism, naturalism, and empiricism, and gave expression to a unique American attitude in philosophy and theology. This volume, the first comprehensive treatment of Kaplan since his death in 1983 . . . illustrates Kaplan's links to traditional Jewish roots and demonstrates his evolutionary philosophy of Jewish culture, his Zionist orientation, and the vast range of his thought and action. The volume also features a complete bibliography of Kaplan's writings. -- Choice A must for every serious thinker probing American Jewish culture, history and theology. -- Alfred GottschalkPresident, Hebrew Union College--Jewish Institute of Religion These highly knowledgeable essays provide us with a new and more complex image of a central personality in 20th century American Jewish life. They are indispensable for understanding the influences that helped shape Mordecai Kaplan's thought and personality, the nature of his relationships with significant contemporaries, and the various aspects of his ideology and practical program for American Jewry. -- Professor Michael A. MeyerDepartment of Jewish HistoryHebrew Union College--Jewish Institute of Religion This leading American Jewish thinker of the pre-war period is still the point of departure for any attempt to construct a Judaism for this new age in the history of the Jewish people. The volume brings them an and this thought to life. -- Dr. Arthur GreenPresident, Reconstructionist Rabbinical College

**The Radical American Judaism of Mordecai M. Kaplan** Mel Scult,2013-11-29 “An important and powerful work that speaks to Mordecai M. Kaplan’s position as perhaps the most significant Jewish thinker of the twentieth century.” (Deborah Dash Moore coeditor of *Gender and Jewish History*) Mordecai M. Kaplan, founder of the Jewish Reconstructionist movement, is the only rabbi to have been excommunicated by the Orthodox rabbinical establishment in America. Kaplan was indeed a radical, rejecting such fundamental Jewish beliefs as the concept of the chosen people and a supernatural God. Although he valued the Jewish community and was a committed Zionist, his primary concern was the spiritual fulfillment of the individual. Drawing on Kaplan’s 27-volume diary, Mel Scult describes the development of Kaplan’s radical theology in dialogue with the thinkers and writers who mattered to him most, from Spinoza to Emerson and from Ahad Ha-Am and Matthew Arnold to Felix Adler, John Dewey, and Abraham Joshua Heschel. This gracefully argued book, with its sensitive insights into the beliefs of a revolutionary Jewish thinker, makes a powerful contribution to modern Judaism and to contemporary American religious thought. “An interesting, stimulating, and well-done analysis of Kaplan’s life and thought. All students of contemporary Jewish life will benefit from reading this excellent study.” —Jewish Media Review “The book is highly readable—at times almost colloquial in its language and style—and is recommended for anybody with a familiarity with Kaplan but who wants to understand his thought within a broader context.” —AJL Reviews
