📖 **ABSOLUTE BEGINNER'S GUIDE TO MICROSOFT ACCESS 2002** Susan Sales Harkins, Mike Gunderloy, 2003 Microsoft Access 2002 is a powerful, relational database software package that makes it easy to create and manage complex databases. With Access, users can create a database quickly from scratch or by using an Access database wizard. Once the database is created, Access provides all the tools needed to enter and manipulate data. With the help of the Absolute Beginner's Guide, readers are able to quickly start a new database by using the Database Wizard, create tables from scratch or by using a Wizard, add and edit database information by using both tables and forms and manipulate data in a number of tables by using queries and reports. The book assumes absolutely no prior knowledge of the topic, and learning is easy because of the book's lighthearted but no-nonsense style. It serves as an excellent resource for users who are completely new to Access 2002 or who are upgrading from a previous version of the software.

📖 **BEGINNING ORACLE APPLICATION EXPRESS 5** Doug Gault, 2015-12-30 Whether you're new to Oracle or an old hand who has yet to test the waters of APEX, Beginning Oracle Application Express 5 introduces the processes and best practices you'll need to become proficient with APEX. The book shows off the programming environment, the utilities and tools available, and then continues by walking through the process of building a working system from the ground up. All code is documented and explained so that those new to the languages will not be lost. After reading this book, power users and programmers alike can quickly put together robust and scalable applications for use by one person, by a department, by an entire company. Beginning Oracle Application Express 5 introduces version 5 of the popular and productive Oracle Application Express development platform. Called APEX for short, the platform enables rapid and easy development of web-based applications that make full use of Oracle Database. The release of APEX 5 brings major new changes to the page builder, an enhanced universal theme, better RESTful web services support, enhanced application packaging, and the many redesigned wizards give a new and fresh feel to the user interface.
