Walking the Lake District Fells - Borrowdale Mark Richards, 2021-03-05 This guide describes ascents of 28 Lake District fells that can be climbed from Borrowdale and the Newlands and Thirlmere valleys, including Catbells, a perennial favourite, and the mighty Scafell Pike, Great End and Great Gable. Easily accessed from Keswick, Borrowdale is a valley of exquisite natural beauty, with the lower wooded and heather-clad slopes giving way to sweeping moors and craggy heights. With such great variety within so small a vicinity, the fellwalker is spoilt for choice. Unlike other guidebooks which describe a single or limited number of routes to a particular destination, the aim of the *Walking the Lake District Fells* series is to offer all the options. These are presented as numbered sections which can be combined to create infinite possibilities - from simple ascents to longer ridge routes. You'll find the classics and popular routes alongside less traditional alternatives perfect for the wandering spirit. The series gives you both the freedom to devise your own routes and the information to make informed decisions, thanks to the clear descriptions of the routes, terrain, hazards, interesting features and safe descent paths should the weather close in. Also included are a handful of classic ridge routes for longer fell days. Mark Richards' inimitable text is complemented by HARVEY mapping and the author's own beautiful sketch topos and panoramas. Perfect for keen hillwalkers and peak-baggers alike and ideal both for pre-planning and use on the hill, *Walking the Lake District Fells* is the new incarnation of the *Fellranger* series, which sees the volumes updated and trimmed to a more practical size. These true connoisseurs' guides are sure to inspire you to get out and explore the beautiful fells of Lakeland. For those collecting fell summits, a 'Fellrangers' hill list register can be found on the Long Distance Walkers Association website.

Ender's Game Boxed Set I Orson Scott Card,2013-10-01 This boxed set from Orson Scott Card includes: Ender's Game, Ender's Shadow, Shadow of the Hegemon Orson Scott Card's classic and worldwide bestselling series is the winner of the Hugo and Nebula awards! Ender's Game opens in the last desperate days of Earth's war against the implacable insectoid aliens. In order to develop a secure defense against a hostile alien race's next attack, government agencies breed child geniuses and train them as soldiers. Ender Wiggin. Brilliant. Ruthless. Cunning. A tactical and strategic master. And a child. Ender's Shadow tells the parallel story of Bean. Bean's desperate struggle to live, and his success, brought him to the attention of the Battle School's recruiters, those people scouring the planet for leaders, tacticians, and generals to save Earth from the threat of alien invasion. Bean was sent into orbit, to the Battle School. And there he met Ender.... Shadow of Hegemon takes us to the period after the War is over, won by Ender Wiggin and his team of brilliant child-warriors. The enemy is destroyed, the human race is saved. Ender himself refuses to return to the planet, but his crew has gone home to their families, scattered across the globe. The battle school is no more. Ender's Shadow Orson Scott Card,2002-05-19 Orson Scott Card brings us back to the very beginning of his brilliant Ender Quartet, with the novel that

begins The Shadow Series and allows us to reenter Ender's world anew. With all the power of his original creation, Ender's Shadow is Card's parallel volume to Ender's Game, a book that expands and complements the first, enhancing its power, illuminating its events and its powerful conclusion. The human race is at War with the Buggers, an insect-like alien race. The first battles went badly, and now as Earth prepares to defend itself against the imminent threat of total destruction at the hands of an inscrutable alien enemy, all focus is on the development and training of military geniuses who can fight such a war, and win. The long distances of interstellar space have given hope to the defenders of Earth--they have time to train these future commanders up from childhood, forging them into an irresistible force in the high orbital facility called the Battle School. Andrew Ender Wiggin was not the only child in the Battle School; he was just the best of the best. In this new book, Card tells the story of another of those precocious generals, the one they called Bean--the one who became Ender's right hand, part of his team, in the final battle against the Buggers. Bean's past was a battle just to survive. He first appeared on the streets of Rotterdam, a tiny child with a mind leagues beyond anyone else's. He knew he could not survive through strength; he used his tactical genius to gain acceptance into a children's gang, and then to help make that gang a template for success for all the others. He civilized them, and lived to grow older. Bean's desperate struggle to live, and his success, brought him to the attention of the Battle School's recruiters, those people scouring the planet for leaders, tacticians, and generals to save Earth from the threat of alien invasion. Bean was sent into orbit, to the Battle School. And there he met Ender....
