Law of Attraction - 30 Practical Exercises Louise

Stapely, 2015-07-16 Updated for 2015. Even though my Law of Attraction journey began 6 years ago, I only really started to consistently practice it at the beginning of 2013. There were always 2 areas in my life that I was never really happy about - money and career. I decided to put what I had learned over the last 6 years to the test. I compiled a selection of practical exercises for my own personal use and have regularly used a variety of them since January 2013. What has happened in my life in that short time is nothing short of a miracle. I am now financially free and have quit my full time job. My income continues to rise and I have never been happier. Consistently focusing on these practical exercises kept my attention on the end result and that is the real key to success. This book provides you with the practical know how to manifest whatever it is you choose in your life, whether that is financial freedom, better relationships, your dream home, better health, loving friendships, a successful business or a healthy, happy family. The power is in

your hands. In this book, you now have the fuel to fire up that power.

Law of Attraction Michael J. Losier, 2007-06-11 The Secret opened the world to the power of positive thinking. Now, Law of Attraction will guide you through every step toward getting the life you've always desired -- and deserved. Have you noticed that sometimes what you need just falls into place? Perhaps you've met the perfect client or life partner merely by being at the right place at the right time. On the other hand, there are some people who find themselves in one terrible relationship after another or who seem unable to shake off their bad luck. These experiences are evidence of a very powerful force. It's called the Law of Attraction, and right now it's attracting people, jobs, situations, and relationships to you. The Law of Attraction can be defined as: I attract to my life whatever I give my attention, energy, and focus to, whether positive or negative. Now, with this book, readers can learn how to use the Law of Attraction deliberately and integrate it into their daily life. By doing this, they will attract all they need to do, know, and have so they can get more of what they want and less of what they don't want. With its easy-to-follow 3-step formula (Identify Your Desire, Give Your Desire Attention, and Allowing), complete with tips, tools, exercises, and scripts, Law of Attraction shows readers how to: Attract their ideal mate and ideal relationships Increase wealth and abundance Improve their business with more customers, clients, and referrals Discover their ideal job, true calling, or career and more!

Total Law of Attraction David Che, 2013-03-12 Now available as an eBook, a simple step-by-step guide that allows you to realistically apply the Law of Attraction to improve your life and achieve the next level of practical understanding. The Law of Attraction is one of the most popular topics in the area of self-help. At the same time, it is also one of the most misunderstood. Why is that? There are three main reasons: First, there are hundreds of Law of Attraction books available, and most either

rehash the same information or completely differ on what they teach, which results in confusion. Second, the big-name experts on the Law of Attraction never teach the real secrets in their books, as they mainly try to convince you to enroll in their expensive courses, which supposedly teach the real secrets. And lastly, the majority of Law of Attraction books are either motivational and/or inspirational while lacking practicality. In this economic recession, people more than ever need the Law of Attraction to find a new job, earn more money, or simply to improve their lives. What exactly is the Law of Attraction? Plain and simple, it is the process of tapping into the hidden powers of our subconscious mind to manifest what we desire into our physical reality. Total Law Of Attraction explains in plain language that it's our emotions, not so much our thoughts, that play a greater role in attracting what we want. Total Law Of Attraction avoids the need to search through many different Law of Attraction books to get the most important information. In one book, Dr. David Che has made the most powerful secrets of the Law of Attraction accessible for any individual who seeks them.

We Are What We Dream Carl Bene,2020-09-02 This book is about the Law of Attraction. The book aims to explore the power of words and thoughts. In this regard, the book will assess and evaluate the science of attracting what you want. Therefore, the text will provide an extensive assessment of interrelations, emotions, self-confidence, motivation, communication, leadership, and love. The application of the law of attraction in real-life processes will be depicted in a manner that it can be applied in your daily life, decisions thus shape your behavior and attitudes. Are You Worthy of Success? Practical Law of Attraction is a book written for you to realize you are worthy of success. I'm predicting you have a desire to fulfill the potential you came to this world with completely. You have a vision about how life could be if you were empowered. You wish you could just get yourself to

believe in the idea that you do have a say in how your life unfolds. You dream of a lifestyle that includes financial freedom and career success. You've often wondered if it's possible for you to enjoy deep, satisfying connections with people who love and support you. Of course, you hope to appreciate these things in a physical body that is the embodiment of good health. But let me make another prediction here. You're probably not experiencing life exactly on those terms right now. Could it be that you are not worthy and deserving of the success you want? There is nothing in this world that is too good for you. Your wanting to be successful is perfectly natural and healthy. A desire for success is really your desire to enjoy a richer, fuller, and more abundant life. To deny your desire for success is to deny your inherent nature. Within everyone's true nature is a longing to become all they can be, and you cannot help wanting to be all you can be. To be all you can be requires many of nature's gifts. Everything you see around you was placed here for you to experience, enjoy, taste, smell, touch, love, grow, and develop your fullest mental, spiritual, and physical self from. You are worthy of living the life you imagine for yourself. Putting it into the words from the soundtrack *The Greatest Showman* (which is hands down one of the most vibration raising movies I've ever seen): If you've been disillusioned or disenchanted because you did not get all you wanted within 30 days of trying Law of Attraction, then I believe you'll be relieved to understand that Practical Law of Attraction is distinct from any other book on this topic. By the time you have finished reading, you will understand exactly why you have failed to manifest what you want. Then, you'll be ready to move beyond theory and begin applying real-world action steps. I've provided some suggested routines in the chapter, *Create Your Law of Attraction Success Plan*, to help you organize the exercises. As you work through the exercises in each chapter, you'll align yourself with the conditions for manifesting. You'll be equipped with an instruction manual to create the life of your dreams. Now,

if you're someone who has experienced a lot of success already using Law of Attraction and want to move on to create bigger and more dramatic results in your life, then you will be able to advance your skills. Finally, if you're a person who has never tried Law of Attraction and you're ready to do something different to experience more positive results in your life, I'm about to open your eyes to a whole new world, and I love that. My sincerest desire is for everyone to create a life that is in alignment with their highest self and their passion. I can hardly wait to learn what you will manifest!
