*The Law of Attraction* Craig Beck,2017-02-26 The Law of Attraction can easily be understood by becoming aware that 'like attracts like' or putting it another way 'you get back what you give out'. Sounds simple, but how do you make it an automatic part of your being? An essential component of the Law of Attraction is realizing that where you fix your attention can have a powerful impact on what happens to you. However, despite what you may have been told your ability to manifest the life of your dreams has nothing to do with positive thinking and affirmations. Think anything you want but unless you believe it, you will not be sending the right vibrations out into the universe to have it appear. You see, everything in the world is just energy vibrating at different frequencies. The sports car you want is just the same as you, a collection of atomic particles fluctuating at a precise frequency to generate it's physical form. If you want the sports car in your life you simply have to send out the intention resonating at the exact same frequency. You may be wondering if this is all true then why do so many people continue to suffer with poverty, lack and want. Most people simply dismiss this theory as 'new age mumbo jumbo', but this is a law and just like any other it doesn't care whether you believe or not. The law of gravity applies its force on you regardless of what you believe and so does the law of attraction. Even though there is a great deal of value to even merely finding out what the Law of Attraction is, this profound book takes you to an advanced level of understanding. In short, if you implement everything you read in this book your life will change more positively and dramatically than you may have ever believed possible. You will come to be more attentive to underlying negativity and can begin to combat it with new beliefs and sensations that better reflect your constructive vision of the upcoming future. This ongoing focus on self-reflection also allows you to start seeing what you really want from your life, and you can then advance to developing clearer objectives with actionable steps at every stage. Broken down into seven powerful

chapters, each dealing with an important area of your life. This book has the power to deliver the life of your dreams but remember whether you believe that claim or not, you are right! If you can open your mind to a concept that has already changed the lives of thousands then you have truly found the genie's lamp! - How to attract money using the law of attraction - Living in abundance - Find your soul mate and more love than you thought possible - Manifest perfect health and vitality - Ask believe receive - Becoming fearless [www.CraigBeck.com](http://www.CraigBeck.com)

Wishes Fulfilled Dr. Wayne W. Dyer, 2013-12-03 This book is dedicated to your mastery of the art of realizing all your desires. The greatest gift you have been given is the gift of your imagination. Everything that now exists was once imagined. And everything that will ever exist must first be imagined. Wishes Fulfilled is designed to take you on a voyage of discovery, wherein you can begin to tap into the amazing manifesting powers that you possess within you and create a life in which all that you imagine for

yourself becomes a present fact. Dr. Wayne W. Dyer explores, for the first time, the region of your highest self; and definitively shows you how you can truly change your concept of yourself, embark upon a God-realized way of living, and fulfill the spiritual truth that with God all things are possible—and all things means that nothing is left out. By practicing the specific technique for retraining your subconscious mind, you are encouraged to not only place into your imagination what you would like to manifest for yourself, but you are given the specifics for realigning your life so you can live out your highest calling and stay connected to your Source of being. From the lofty perspective of your highest self, you will learn how to train your imagination in a new way. Your wishes—all of them—can indeed be fulfilled. By using your imagination and practicing the art of assuming the feeling of your wishes being fulfilled, and steadfastly refusing to allow any evidence of the outer world to distract you from your intentions, you will discover that you, by virtue of your spiritual awareness, possess the ability to become the person you were destined to be. This book will help you See—with a capital S—that you are Divine, and that you already possess an inner, invisible higher self that can and will guide you toward a mastery of the art of manifestation. You can attain this mastery through deliberate conscious control of your imagination!

Mastering the Law of Attraction J.D. Rockefeller, 2016-06-28 You get what you think. Like attracts like. You attract what you focus on. You have probably been hearing these statements again and again in the last two decades. Is it true? Although it sounds interesting, some skeptics believe that the law of attraction really works. Why shouldn't it? We always tend to get what we focus on. When we focus on the fact that a job interview is going to be a disaster, it usually does turn into one. When we think about how we are going to panic when we enter the examination hall, the likelihood is that that's exactly what's going to happen. These are experiences that many of us have gone through. As usual, most of us find it easier to remember the negative events and not the positive events. If we focus on something negative and it happens, then we can surely focus on something positive and it will happen too. This is the general premise of the law of attraction. Made popular by the book *The Secret* and the movie by the same name, the law of attraction is quite simple. It just says that like attracts like. So, if you focus on bad things, you will attract disaster. If you focus on good things, you will attract happiness. But this is easier said than done. It seems to sound easy, but many people find it difficult when they try to follow this principle. They want something, they focus on the lack of it, and that's what they get...lack of it. This is where most people tend to go wrong. The law of attraction is about focusing on abundance and not on lack. So, if you focus on the fact that you already have what you desire, you will get it. But if you focus on the fact that you don't have something and would like to have it, you never get it. In that case, how can you use the law of attraction to manifest your desires and your dreams into reality? Many people have been successful in manifesting their desire for money, a soul mate, a house, a great career, and so on and so forth. You can too. Just read this guide that aims to help you understand how you can manifest your desires into reality and where you may go wrong.

**Advanced Law of Attraction Techniques** Eddie Coronado, 2015-09-20 THE LAW OF ATTRACTION WORKS...IF YOU WORK IT! The fastest way to manifest your desires is by implementing a Law of Attraction action plan. Since everything in the Universe is energy, the necessary ingredient for manifestation is the consistent mental and emotional energy that you emit in the form of thoughts, feelings, words and actions. It's very important to remember that the phrase Law of Attraction contains the word ACTION. Too many people on this spiritual path get caught up reading lots of books about the Law of Attraction, attending numerous seminars and hearing lectures about the Universal Law, but they fail to use the powerful tools that will translate their desires from the invisible world of cause to the visible world of manifestation. There are many books and audio programs on the market that explain what the Law of Attraction is and what it does, but few that actually teach people how to use this creative power on a daily basis. As a result, this book will provide you with advanced manifestation techniques, strategies, insights, and success stories that will help you quickly manifest your desires with the Law of Attraction. Many students of the Law of Attraction have expressed concerns about being overwhelmed with all the manifestation books and study materials on the market. A friend recently told me: I went to a book store and saw so many Law of Attraction books that I couldn't decide which to buy. Another friend said, I know what the Law of Attraction is and what it does, but I am having trouble understanding what I need to do each day to make it work for me. I responded by telling my friend that she is not alone with her concerns. There is a lot of information on the market explaining what the Law of Attraction does, yet much of it fails to explain what must be done on a daily basis to make it work effectively. As a result of these concerns, I have written this book to guide readers through a series of real-life, daily scenarios that demonstrate what should be done each day in order to use the Law of Attraction effectively. The people interviewed for this book are among hundreds of people whom I have met during the course of my spiritual journey. I have met these wonderful people at seminars, workshops, lectures, churches, spiritual centers and through online forums on spirituality and personal growth. These enlightened individuals are among my growing community of spiritual friends who have shared their insights and experiences with me, and who comprise a growing support group of like-minded people who understand the importance of self-empowerment and spiritual evolution.

*Law of Attraction* Jenny Hashkins, 2020-06-03 This title contains two books, which are the following: Book 1: Have you seen any signs from the universe? Are things going your way or do you wish that things would be better? These are some of the things people asking themselves when they want to work on their future. I hope you have asked yourself the same things, because the secret key is in the chapters of this book. The first part of this book will go over finding your soulmate. Once you have found him or her, be sure to fight to keep the relationship intact and don't lose it. Next, the book will talk about reasons that you might not be rich yet. Sure, there are the obvious ones, like the economy or your job, but there may be hidden factors that are blocking you from achieving the income level that you are after. In the last section of this guide, you will be shown what kinds of signs the universe puts in your path. To ignore them, would be foolishness. Therefore, learn more about them, and you will have greater success in aligning your with the universe's. Book 2: How can you be happier? What does science say about it? These and many other questions will be answered. There is a literal Q&A in this book about the law of attraction, joy, and other topics related to it. Another topic in this book, is vibrations. As some of us know (maybe you do, too), the law of attraction is based on vibrations. Those vibrations are sent out and attract the things we want because of our thoughts and behavior. Raising our vibrations, therefore, would be crucial to accomplish our dreams. Here, you will learn how to do that, because it is definitely possible.

**The Magic of Manifesting Money** Maria Sunni, 2020-10-28 Are you tired of scraping by paycheck to paycheck? Do you want to have more money to do the things you want? Have you tried endless other solutions but nothing seems to work for more than a few weeks? If you answered yes to any of these questions, then you are going to want to continue reading. You see, learning how to attract money into your life doesn't have to be difficult. In fact, it is something that everybody is doing all of the time. But that is also where the problem lies. The law of attraction can help you to get what you want in your life, and it doesn't require a bunch of expensive equipment. All you need is your mind and your dreams to make it work for you. In fact, you have been using it your entire life, albeit, not efficiently. The universe is constantly working to bring people the things they ask for, but the trick is, you have to make sure you are asking properly. The universe doesn't read between the lines, so it sends you the things you send out, assuming that is what you want. But, since we all know the law of attraction exists, we don't have to go blindly through life getting whatever it sends us. We can make sure that we align ourselves with the things that we want in our life. That's what this book is here to teach you. Here's just a tiny fraction of what you'll discover: What science is behind attracting money, and other things, into your life? The most common ways that people will end up keeping money from reaching them. How to receive the money that you need without having to get another job. How to accept the path you are on is going to bring you to what you want in life. The best way to appreciate money so that you keep attracting more of it. The power of visualization and gratitude when it comes to manifesting money. How to change your mindset so that you attract more money into your life. The power of the subconscious mind and how it affects your life. ...and much, much more! Take a second to imagine how you'll feel once you fully understand how to use the law of attraction to your benefit,

and how your family and friends will react when you are living the life of your dreams. So even if you're barely scraping by each month, you can be living a much better life with the law of attraction. The law of attraction, or manifesting, whatever you want to call it, isn't some mystical thing that only some people are able to use. It is there for everybody no matter who you are or where you live. While it does take a bit of effort on your part, it isn't that hard to learn what works and what doesn't. It will also take time, but all good things do. If you are serious about changing your life for the better, then this is the book for you. You don't want to think back a few years down the road wishing you had bought this book. Don't wait any longer. Scroll up and click buy now.
