How to Win the Lottery with the Law of Attraction Eddie Coronado,2014-09-10 HOW TO WIN THE LOTTERY WITH THE LAW OF ATTRACTION was written by Law of Attraction lottery winner, teacher and author Eddie Coronado. Based on interviews with actual winners who have used the Law of Attraction to win lottery prizes, this book provides the metaphysical tools and insights that are necessary to win lottery and contest prizes through the creative power of thoughts and feelings. Although this book contains the manifestation techniques of people who have won money, these metaphysical exercises can be used to attract the perfect mate, a new career, financial success, or anything that you can make a part of your beliefs and feelings. There is no limit to how much money and success you can manifest through the Law of Attraction because this immense spiritual power does not have an opinion about what you should or should not have. You can use the Law of Attraction to manifest ten cents or ten million dollars. The determining factor is belief and expectancy, which can be harnessed by using the spiritual tools discussed in this book.THIS BOOK CONTAINS FOUR PARTS:PART 1: This section explores the tools that are used for the manifestation techniques in this book. The tools covered are as follows: Affirmations, Creative Visualization, Expectation, Gratitude, and the Practice of Receiving. You should take the time to carefully read this section even if you are familiar with the Law of Attraction and the power of intention. This section contains a number of insights and explanations that may have been missed by other authors and teachers. thoughts, feelings, and actions are also covered. Finally, the most important element of any manifestation technique is creative visualization, which every Law of Attraction lottery and contest winner has used to win prizes. Each winner, including the author, is introduced and his/her manifestation exercise is documented to reflect the exact steps taken to win lottery prizes. The Concept of Universal Attraction: Practical Application Tools Gabriel Radu, 2015-11-24 This book is completely different than anything you have encountered before about the Law of Attraction. The uniqueness of this book is the fact that it helps you know precisely: 1. The components of the concept of attraction (10 universal laws that constitute the foundation of this concept); 2. The scientific and the spiritual bases of each component 3. The practical and concrete tools of applying of each of the 10 laws. The Concept of Attraction only has real power by applying both components in the materialization process, both the scientific component and the spiritual component. If you apply only the spiritual component, you'll become a dreamer left high and dry. If you apply only the scientific component, you will not add energetic and spiritual power to what you want and thus, you will block the materialization process. If you had to apply the Law of Attraction in your life on your own until now, well, the tone changes radically, as you are not on your own anymore. You will discover that by merely reading this book, without application of concepts into the physical plane, you'll probably venture in your most important mental trip.
