Model Rules of Professional Conduct American Bar Association. House of Delegates,Center for Professional Responsibility (American Bar Association),2007 The Model Rules of Professional Conduct provides an up-to-date resource for information on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts.

Private Lawyers and the Public Interest Robert Granfield,Lynn Mather,2009-11-04 This collection of original essays by leading and emerging scholars in the field examines the history, conditions, organization, and strategies of pro bono lawyering. Private Lawyers and the Public Interest: The Evolving Role of Pro Bono in the Legal Profession traces the rise and impact of the American Bar Association's campaign to hold lawyers accountable for a commitment to public service and to encourage public service within law schools. Combining empirical legal research with reflections by practitioners and theorists about the meaning and practice of pro bono legal work, this collection of essays interrogates the public service ideals that are inscribed within the legal profession and places these ideals within a broader social, economic, ideological, and normative context. Particular attention is paid to the factors that explain why lawyers engage in pro bono work and the ways in which their views of pro bono are mediated by the institutional context of their legal practice. The book also explores the concept of public in public service and compares pro bono as a means of delivering legal services with other mechanisms such as state funding. Collectively, these essays investigate the evolving role of pro bono in the legal profession and in law schools, the relationship between pro bono ideals and pro bono in practice, the way that pro bono is shaped by external forces beyond the individual practitioner, and the multi-faceted nature of legal professionalism as expressed through pro bono practice.
