In this book we'll take you inside the workings of the Registry, and teach you how to repair, modify and clean it to keep your PCs running smoothly.

Embodied Social Justice Rae Johnson, 2022-11-25 Embodied Social Justice introduces an embodied approach to working with oppression. Grounded in current research, the book integrates key findings from education, psychology, sociology, and somatic studies while addressing critical gaps in how these fields have addressed pervasive patterns of social injustice. At the heart of the book, a series of embodied narratives bring to life everyday experiences of oppression through evocative descriptions of how power implicitly shapes body image, interpersonal space, eye contact, gestures, and the use of touch. This second edition includes two new body stories from research participants living and working in the

global South. Supplemental guidelines for practice, updated references, and new community resources have also been added. Designed for social workers, counselors, educators, and other human service professionals working with members of disenfranchised and marginalized communities, Embodied Social Justice offers a conceptual framework and model of practice to assist in identifying, unpacking, and transforming embodied experiences of oppression from the inside out.

Youth on Fire Melissa Michaels, 2017-01-26 Like our planet, young people across the globe are heating up. As they come of age, some are boiling with outrage about the environmental toxins, unconscionable injustices, and social challenges they face. Some are setting their communities ablaze with gang warfare, bullying, hazing, or other destructive acts of violence. Others are barely flickering, having dimmed their light through self-destructive behaviors, lost in addictions or a variety of numbing habits that sublate their life force. Many youth are simply invisible, lacking the encouragement of adults, disregarded or discarded with no opportunities on the horizon. Yet at the same time, there is an ever-expanding group of youth on fire. In positive ways, they are collectively ignited-illuminating the path from addiction into action, from fragmentation into integration, from isolation into community. Youth On Fire tells the timely story of hundreds of diverse young people rising from the ashes and dancing into inspired leadership and creative action-bringing light to people and places suffering around the world. The processes, protocols, and practices described within these pages galvanize individuals and communities on every continent. If you are a young person or working with youth as an educator, parent, rites of passage guide, mentor, counselor,

somatic practitioner, or community organizer, this book is for you.

The Common Body Paula Josa-Jones, 2017 In this fascinating book, dancer, choreographer, and visual artist Paula Josa-Jones combines her two greatest passions--movement and horses--in order to help us develop somatic awareness: Consciousness of breath, integrated and coherent motion, and development of movements and touch into sensitive channels of communication. Through stories and exercises, Josa-Jones demonstrates how connecting with the horse can develop this awareness. The body and mind of the horse and the human, she writes, are connected at the deepest levels--anatomically, energetically, psychically, spiritually, and emotionally. And because horses are authentic beings--their inside feelings and intentions match the outside expression and behavior--our interactions with them can help us become more aware of our inner emotional landscape and its relationship to what we are expressing outwardly. Horses offer us the opportunity to become more trustworthy and more comfortable in our own skin. By listening inwardly, feeling the connections between our mind states and our expression, we become more attuned to the currents passing among us, more able to blend, empathize, and act with balance, sensitivity, and kindness.

Gordo Jaime Cortez, 2021-08-10 This debut story collection "masterfully navigates adverse conditions of migrant life while . . . managing to find joy and amusement, love and triumph" (San Francisco Chronicle). Gordo brings readers inside a migrant workers camp near Watsonville, California in the 1970s. At the heart of these interrelated stories is a young, probably gay, boy named Gordo, who must find a way to contend with the notions of manhood imposed on him by his father. As he comes of age, Gordo learns about sex, watches his father's drunken fights, and

discovers even his own documented Mexican-American parents are wary of illegal migrants. We also meet Fat Cookie, high schooler and resident artist who runs away from home one day with her mother's boyfriend, Manny. And then there are Los Tigres, the twins who show up every season and whose drunken brawl ends with one of them rushed to the emergency room in an upholstered chair tied to the back of a pick-up truck. These scenes from Steinbeck Country are full of humor, family drama, and a sweet frankness about serious questions: Who belongs to America and how are they treated? How does one learn decency when grown adults must fear for their lives and livelihoods? Gordo "announces a vibrant new voice on the literary scene, at once wise and authentic and supremely gifted" (Booklist, starred review). Finalist for the 2022 Lambda Literary Award for Gay Fiction Longlisted for the Andrew Carnegie Medal for Excellence in Fiction

Endurance Rick Broadbent, 2016-04-21 Shortlisted for the William Hill Sports Book of the Year A runner must run with dreams in his heart. Emil Zatopek. In the summer of 1952 Emil Zatopek became the king of the running world with an unprecedented distance treble at the Olympic Games in Helsinki. Together with his wife Dana, who won another gold medal in the javelin, they were the embodiment of sporting romance. Born on the same day, they were champions on the same day too. Yet in 1968 this affable but eccentric Czech soldier was betrayed by his Communist paymasters and cast out into wilderness. Hidden from world view, monitored by the secret police and forced to live in a caravan in mining country, he became the invisible hero. 'Endurance' is the first biography to document the remarkable rise, fall and rehabilitation of a man voted the 'greatest runner

of all time' by 'Runner's World' in 2013. It is also the story of a golden age of sport played out against a backdrop of Cold War politics and paranoia. From the London Olympics of 1948 to Czech concentration camps, this is an uplifting and harrowing story of survival. As Emil rises to global fame, his old coach is locked up and tortured by StB henchmen. Their diverging paths expose the fickleness of popularity and eventually cross again when Zatopek's world is torn asunder. All both men can do is endure. The running world of this era is brought to life by dramatic accounts of Zatopek's great triumphs, manifold records and a rich collection of characters vying to dethrone him. In Britain the sharp-tongued Gordon Pirie falls foul of the media as he becomes obsessed with Zatopek and adopts increasingly-masochistic methods; mild-mannered marathon champion Jim Peters begins a quest that would make "women weep and grown men lose their lunch". In France Alain Mimoun crawls from the bloody carnage of his war-time exploits to overcome racial snubs and become known as Zatopek's Shadow; and in the Soviet Union, the tragic figure of Vladimir Kuts is moulded into a brutal running machine at huge cost. Only Zatopek manages to bridge this East-West divide as a savage power struggle is fought in both the Olympic arena and in the corridors of power. Due to extensive access to those involved, including Dana herself, award-winning Times author Rick Broadbent has written a vivid history involving blood and guns and a love that sustained the cruellest twists of fate. From heady nights at White City to the brave resistance during the Prague Spring, this is a book that plants the son of a carpenter at the very centre of a revolution. Whether talking to his rivals on the track or Red Army troops as tanks roll into Prague, Zatopek's humanity shines through and carries all. With traces of 'Chariots of Fire' and Laura

Hillenbrand's 'Unbroken', Endurance is both a wonderful love story and a landmark tale of hope and strength in the face of crushing opposition. It's at the borders of pain and suffering that the men are separated from the boys. Emil Zatopek
