Windows Registry Troubleshooting Mike Halsey, Andrew

Bettany,2015-05-11 Whatever version of Windows you're using--from Vista up to Windows 8.1--the registry is at the heart of your desktop experience. Software installs and compatibility, hardware operation and more are managed by a complex database of codes and numbers. When something goes wrong it can seem impossible to diagnose and repair the problem, and harder still to prevent a recurrence or make the subtle changes and tweaks required to fix the problem. In this book we'll take you inside the workings of the Registry, and teach you how to repair, modify and clean it to keep your PCs running smoothly.

The Sensualist Ruskin Bond,2017-05-15 The Sensualist is the story of a man enslaved by his libido and spiralling towards self-destruction. Gripping, erotic, even brutal, the book explores the demons that its protagonist must grapple with before he is able to come to terms with himself. In this fascinating account of the pleasures and perils that attend a young man's coming of age, Ruskin Bond displays his felicity in exploring the dark aspects of the human psyche. Bold and powerful, The Sensualist is a compelling read.

The Definitive Guide to Free Software Barry Collins,2015-06 Free software always sets off alarm bells. Will it be as good as paid-for packages? Will it try to sneak junk on to your PC? Will it constantly nag you to update to a premium version? This guide, written by the experts at Computeractive and Web User, scours the internet to find the very best free programs that deliver high-quality features and no nasty surprises.

Database Recovery Vijay Kumar,Sang Hyuk Son,2012-12-06 Database Recovery presents an in-depth discussion on all aspects of database recovery. Firstly, it introduces the topic informally to set the intuitive understanding, and then presents a formal treatment of recovery mechanism. In the past, recovery has been treated merely as a mechanism which is implemented on an ad-hoc basis. This book elevates the recovery from a mechanism to a concept, and presents its essential properties. A book on recovery is incomplete if it does not present how recovery is practiced in commercial systems. This book, therefore, presents a detailed description of recovery mechanisms as implemented on Informix, OpenIngres, Oracle, and Sybase commercial database systems. Database Recovery is suitable as a textbook for a graduate-level course on database recovery, as a secondary text for a graduate-level course on database systems, and as a reference for researchers and practitioners in industry.

Embodied Social Justice Rae Johnson,2022-11-25 Embodied Social Justice introduces an embodied approach to working with oppression. Grounded in current research, the book integrates key findings from education, psychology, sociology, and somatic studies while addressing critical gaps in how these fields have addressed pervasive patterns of social injustice. At the heart of the book, a series of embodied narratives bring to life everyday experiences of oppression through evocative descriptions of how power implicitly shapes body image, interpersonal space, eye contact, gestures, and the use of touch. This second edition includes two new body stories from research participants living and working in the global South. Supplemental guidelines for

practice, updated references, and new community resources have also been added. Designed for social workers, counselors, educators, and other human service professionals working with members of disenfranchised and marginalized communities, Embodied Social Justice offers a conceptual framework and model of practice to assist in identifying, unpacking, and transforming embodied experiences of oppression from the inside out.

The Large Catechism Martin Luther, 2012-01-11 In the Large Catechism Luther set out to inculcate the centrality of the Gospel. Whether Luther is dealing with the Ten Commandments or the Lord's Supper, the dynamic of the Word of God as Gospel provides the cutting edge for what he says. The Large Catechism is a primary source for an understanding of the Christian ethos in action in Reformation Christianity.

Operating Systems Andrew S. Tanenbaum, Albert S. Woodhull, Alfred Woodhull, 1997 This is a practical manual on operating systems, which describes a small UNIX-like operating system, demonstrating how it works and illustrating the principles underlying it. The relevant sections of the MINIX source code are described in detail, and the book has been revised to include updates in MINIX, which initially started as a v7 unix clone for a floppy-disk only 8088. It is now aimed at 386, 486 and pentium machines, and is based on the international posix standard instead of on v7. Versions of MINIX are now also available for the Macintosh and SPARC.

Alfresco 4 Enterprise Content Management Implementation Munwar Shariff, 2013-01-01 This book distils the hands-on approach of the training courses into a concise, practical book. The emphasis is on getting up and running fast and discovering the scope and power of Alfresco 4 incrementally through practical examples. Though this book is not a developer guide, various examples in the book will help developers to extend Alfresco functionality and to integrate Alfresco with external systems. This book is designed for experienced users, business owners, or

system administrators who want to install and use Alfresco in their teams or businesses. Because Alfresco is free, many teams can install and experiment with its ECM features without any upfront cost, often without management approval. You need to have a degree of technical confidence, but you do not require specialist system admin or developer skills to get a basic system up and running. Though this book is not a developer guide, various examples in the book will help you to extend Alfresco functionality and to integrate Alfresco with external systems.

The Secret of the Soul William Buhlman, 2011-12-06 In this remarkable book, William Buhlman, author of the bestselling *Adventures Beyond the Body*, offers the reader a comprehensive guidebook to understanding and exploring the fascinating phenomenon of out-of-body experiences (OBEs). Learn how you can: Explore your true spiritual self and attain profound transformation in your awareness and knowledge of the universe. Gain life-changing benefits as you break free from mental and physical limitations Contact departed loved ones using OBEs to move beyond the current limited understanding of death. Filled with engrossing stories based on the testimonies of people from all over the world, and offering forty new, easy-to-understand techniques, *The Secret of the Soul* will prepare human beings everywhere for the next major leap in the evolution of consciousness.

Youth on Fire Melissa Michaels, 2017-01-26 Like our planet, young people across the globe are heating up. As they come of age, some are boiling with outrage about the environmental toxins, unconscionable injustices, and social challenges they face. Some are setting their communities ablaze with gang warfare, bullying, hazing, or other destructive acts of violence. Others are barely flickering, having dimmed their light through self-destructive behaviors, lost in addictions or a variety of numbing habits that subsume their life force. Many youth are simply invisible, lacking the encouragement of adults, disregarded or

discarded with no opportunities on the horizon. Yet at the same time, there is an ever-expanding group of youth on fire. In positive ways, they are collectively ignited-illuminating the path from addiction into action, from fragmentation into integration, from isolation into community. Youth On Fire tells the timely story of hundreds of diverse young people rising from the ashes and dancing into inspired leadership and creative action-bringing light to people and places suffering around the world. The processes, protocols, and practices described within these pages galvanize individuals and communities on every continent. If you are a young person or working with youth as an educator, parent, rites of passage guide, mentor, counselor, somatic practitioner, or community organizer, this book is for you.

Gordo Jaime Cortez,2021-08-10 This debut story collection “masterfully navigates adverse conditions of migrant life while . . . managing to find joy and amusement, love and triumph” (San Francisco Chronicle). Gordo brings readers inside a migrant workers camp near Watsonville, California in the 1970s. At the heart of these interrelated stories is a young, probably gay, boy named Gordo, who must find a way to contend with the notions of manhood imposed on him by his father. As he comes of age, Gordo learns about sex, watches his father’s drunken fights, and discovers even his own documented Mexican-American parents are wary of illegal migrants. We also meet Fat Cookie, high schooler and resident artist who runs away from home one day with her mother’s boyfriend, Manny. And then there are Los Tigres, the twins who show up every season and whose drunken brawl ends with one of them rushed to the emergency room in an upholstered chair tied to the back of a pick-up truck. These scenes from Steinbeck Country are full of humor, family drama, and a sweet frankness about serious questions: Who belongs to America and how are they treated? How does one learn decency when grown adults must fear for their lives and livelihoods?

Gordo “announces a vibrant new voice on the literary scene, at once wise and authentic and supremely gifted” (Booklist, starred review). Finalist for the 2022 Lambda Literary Award for Gay Fiction Longlisted for the Andrew Carnegie Medal for Excellence in Fiction

The Common Body Paula Josa-Jones, 2017 In this fascinating book, dancer, choreographer, and visual artist Paula Josa-Jones combines her two greatest passions--movement and horses--in order to help us develop somatic awareness: Consciousness of breath, integrated and coherent motion, and development of movements and touch into sensitive channels of communication. Through stories and exercises, Josa-Jones demonstrates how connecting with the horse can develop this awareness. The body and mind of the horse and the human, she writes, are connected at the deepest levels--anatomically, energetically, psychically, spiritually, and emotionally. And because horses are authentic beings--their inside feelings and intentions match the outside expression and behavior--our interactions with them can help us become more aware of our inner emotional landscape and its relationship to what we are expressing outwardly. Horses offer us the opportunity to become more trustworthy and more comfortable in our own skin. By listening inwardly, feeling the connections between our mind states and our expression, we become more attuned to the currents passing among us, more able to blend, empathize, and act with balance, sensitivity, and kindness.

Rajinikanth Naman Ramachandran, 2014-01-15 Rajinikanth is, quite simply, the biggest superstar cinema-crazy India has ever seen. His stylized dialogues and screen mannerisms are legion, and his guy-next-door-cum-superhero image has found a

hysterically appreciative following among millions of moviegoers. Naman Ramachandran's marvellous biography recounts Rajini's career in meticulous detail, tracing his incredible cinematic journey from Apoorva Raagangal (1975) to Kochadaiyaan (2013). Along the way, the book provides rare insights into the Thalaivar's personal life, from his childhood days to his times of struggle—when he was still Shivaji Rao Gaekwad—and then his eventual stardom: revealing how a legend was born.

Falling in Love Again Ruskin Bond, 2013 Once I saw her, leaning over the balcony railing. I stopped the taxi and waved to her. She waved back, smiling like the sun breaking through clouds. Suffused with warmth and passion, the stories in *Falling in Love Again* showcase the myriad variations of romantic love—fleeting, intimate, joyous, heartbreaking. Featuring classic stories by Ruskin Bond, such as 'The Eyes Have It' and 'The Girl from Copenhagen', this stirring collection captures the range of feelings that are indubitably part of the infinite spectrum of love.
