Unlocking The Consciousness of Your Soul Terry L Newbegin, 2012-10-08

The book is about my experiences in life and how those experiences introduced me to the wisdom of my very soul. It is a story about where I truly began as a child of God, who I thought I was because of where I was born, and how I became enlightened to the most profound kept secrets that were ever devised in the history of mankind. It is a story that unravels the mystery behind your suffering. Without realizing it, your soul has been hiding from you for many lifetimes, and by choosing to open up your heart and put aside your dogmatic beliefs for a while, your soul will reveal to you all the whys of you choosing the route of sin, physicality, earth, brainwashing, forgetfulness, and suffering as the means to remember who you are. If you are looking for clarity in life and how to overcome distress, grief, anger, and the pain you are feeling right now, then it becomes very important to understand who you truly are, where you truly come from, how miracles are created, and why you do the things you do. It is a story that touches on the human struggles of life and how to overcome them just by learning to connect to the wisdom of your soul. The story takes you all the way back to the first creation, known as the Garden of Eden, and how it relates to your evolution through time and space. When you live and make decisions from the mind of reason, from others long established interpretations of God's written words, and from what the experts assert what is best for you, your soul cannot bring forth the wisdom that you hold deep within your consciousness. Thus, you become more and more susceptible to turbulent experiences.

Wired This Way Jessica Carson, 2020-04-01 Creators are complexly wired. In their lightest moments, they are passionate, ambitious, intuitive, and possess a host of other bright qualities. But entrepreneurial spirits are often victim of a darker side of their nature: They are particularly prone to mental health issues, stress-related illness, and other vulnerabilities of mind, body, and spirit. The media has breathlessly chronicled the peaks and valleys of today's creators—glorifying their strengths and villainizing their weaknesses—not realizing that the light and dark within entrepreneurs are two sides of the same coin. *Wired This Way* explores why the mental, emotional, physical, and spiritual distress among creators is not an indication of brokenness, but of a rich inner complexity that's prone to imbalance. A creator's struggles and strengths are one in the same, and the solution doesn't come from without, but from within. Using the wisdom of 10 creator archetypes found within the entrepreneurial spirit—the Curious, Sensitive, Ambitious, Disruptive, Empowered, Fiery, Orderly, Charming, Eager, and Existential Creator—readers will learn how to integrate the light and dark qualities of each archetype for mental, emotional, physical, and spiritual well-being. Rooted in psychology, neuroscience, mindfulness, and ancient wisdom traditions, *Wired This Way* is a user's manual for self-understanding, self-acceptance, and self-care as an entrepreneurial spirit.

Saving Images Gordon W. Lathrop, 2017-11-15 Gordon W. Lathrop explores the place of the Bible as the subject of critical exegesis in contemporary liturgy. The text is grounded in the life of the assembly and the role of intertextuality in its creation. Lathrop finds patterns in biblical narratives that suggest revising our models of the shape of liturgy (Dix, Schmemmann) and our understanding of baptism, preaching, Eucharist, and congregational prayer. *Saving Images* calls for a new, reconceived biblical-liturgical movement that takes seriously both biblical scholarship and the mystery at the heart of worship.
