Are you interested in learning Spanish but prefer to do it on your own, in your free time, in your car or at home?Are you looking for the most sensible, quickest and most reliable way to learn Spanish where the whole method is backed by reliable scientific research? If you answered yes to at least one of the questions above, then this guide is exactly for you. For every new word we learn, we seem to forget two old ones, and as a result, fluency can seem out of reach. That is exactly why this guide was written. According to Professor Elfrieda H. Hieber from the University of California, Berkeley, the 100 most frequent words account for about 50% of the words in a typical text and the 1000 most frequent words for about 70%. Therefore, it is evident that the first 1000 words of learning a language can provide you with an immense boost on your journey to master the language. This book includes: 1001 Top Spanish Words In Context: How To Speak Intermediate Level Spanish In Less Than 28 Days Learn Spanish In Your Car: 1001 Common Phrases for Beginners In 'Mastering Spanish -2 In 1-' you'll discover: The 7 most common contexts to INSTANTLY kickstart your learning process (even if you barely know a word at the moment!) If this happened to you, you probably thought that learning spanishe is too difficult, if not impossible for you... Science helps you here. Did you know that we memorize and learn information more easily through stories? Because our brain likes it, it has been so used from an early age, with the stories they told us, cartoons etc. In this way it is more inclined to learn. As a result, it is easier to learn and memorize a new language by reading stories. There are several manuscripts similar to this one for learning spanish but they are not really optimal or suitable for beginners for different reasons: complicated terms are used, the stories are too long, lack of vocabulary, excessive amount of grammatical errors, lack of techniques and suggestions to help the reader to memorize effortless and other carelessness that you will not find in this manuscript. In this bundle of series 1 and 2 you'll find: - Tips and techniques about learning languages, and Key insights into learning Spanish - The fundamentals of the Spanish language - Some of the most complex issues of the Spanish language - Verb conjugations in the Present Tense - 22 Dual-Language lessons in parallel text broken down into verb tenses - Core vocabulary which can be used in multiple situation - The present simple tense with the verbs Ser and Estar - The various ways in which verbs can be conjugated - The Present Simple tense with regular verbs - 2 empowering lessons with all the tenses together and much more! 3 Minute Spanish Kieran Ball,2019-09-18 The best way to learn to speak a foreign language is to start using it straight away. This is exactly what you will be doing with 3 Minute Spanish.With this book, you will learn useful words and phrases that will get you speaking from the very first lesson. You will learn quickly how to form your own sentences without feeling like you're never going to use what you learn.I wrote the 3 Minute Spanish methodology after trying lots of different courses, books and CDs. I noticed that most Spanish courses start out with a long list of pronunciation rules using weird symbols that you won't understand unless you've studied phonetics. I also noticed that a lot of Spanish courses fill their first few lessons with pages and pages of rules for the language: how to pluralise nouns, how to recognise the gender of a noun, how to use the definite, indefinite or partitive articles! Whilst this information will become useful eventually, for the complete beginner it can be extremely confusing and very often overwhelming, especially when baffling grammatical terminology is used. This is what leads to most students giving up.With 3 Minute Spanish, what I have done is put the most useful things first. You will learn words and phrases that will allow you to speak straight away, and you will get an instant feeling of success from the very first lesson. Furthermore, I have made sure that I explain everything in a way that assumes you know nothing about language learning. I don't use any tricky terminology and I don't give you an endless list of rules; we learn as we go along, adding small bits of information here and there and practising until you can use it confidently.Each time you learn a new word, I show you exactly how to say it with a small pronunciation guide underneath it. And you don't need to worry about remembering the words, either; the way the course is set out means that you will automatically internalise new vocabulary without even trying.The methodology behind this book is the same methodology I use in my classes and online courses, and the results my students have had are exciting and thrill me just as much as them!People who have spent years unsuccessfully studying Spanish have tried this book or one of my courses and have been amazed at how much they've learnt and understood in just the first lesson.Here are some of their reviews: Excellent! He really understands teaching. This course breaks through a major barrier to learning foreign languages.NIALL COLLINSThis is fantastic. Everything you learn just stays in your head. YUVRAJ VASWANIThe course was just as the instructor promised; it flowed so easily from beginning to end, and I was surprised by how much I absorbed. Thank you for making me feel that I can actually learn this beautiful language.LOU CHARONThe teacher is clear and concise. He structures the delivery of the material in a very effective way, which aids recall greatly, and he presents the material in an engaging way. My rate of learning is accelerating fast.SAM DOYLEI love how short but utterly effective each chapter is. This method is great for building confidence quickly, learning the basics and gaining momentum. I'd definitely like to continue to learn with this teacher. Absolutely no boredom or strain whatsoever!HAPPY DEEEExcellent course. The step-by-step instruction in small increments is very effective, as is the repetition throughout the course, and the translation practice. Highly recommend!!!!MOLLIE DISHALThis method of teaching is amazing. This person has a teaching gift and the lessons are very well structured with

clear content. Everything is explained very well and this method of teaching is pure genius. Thank you for helping me learn another language!SCOTT WRENIf you would like to see more reviews from over 140,000 students, check out my website www.3minute.clu
