Armenian Vocabulary Book Pinhok Languages, 2022-11-17 Armenian vocabulary book + Armenian dictionary This Armenian vocabulary book contains more than 3000 words and phrases which are grouped by topic to make it easier for you to pick what to learn first. On top of that, the index in the second half of the book provides you with a basic Armenian-English as well as English-Armenian dictionary which makes this a great resource for learners of all levels. What you can expect from this book: This Armenian learning resource is a combination of Armenian vocabulary book and a two-way basic Armenian dictionary: Part 1 - Topic based Armenian vocabulary book: This is the main part of the book and represents a list of chapters each containing Armenian vocabularies for a certain topic. The Armenian vocabularies in the chapters are unsorted on purpose to separate remembering them from a defined alphabetical order. You can start at any chapter and dive directly into the topics that interest you the most. Part 2 - Basic English-Armenian dictionary: The index in the second half of the book can be used as a basic Armenian dictionary to look up words you have learned but can't remember or learn new words you need. Part 3 - Basic Armenian-English dictionary: Easy to use and with just the right amount

of words, this third part finishes off with a second index that allows you to look for Armenian words and directly find the English translation. How to use this Armenian vocabulary book: Not sure where to start? We suggest you first work your way through the verbs, adjectives and phrases chapters in part one of the book. This will give you a great base for further studying and already enough vocabulary for basic communication. The Armenian dictionaries in part two and three can be used whenever needed to look up words you hear on the street, English words you want to know the Armenian translation for or simply to learn some new words. Some final thoughts: Vocabulary books have been around for centuries and as with so many things that have been around for some time, they are not very fashionable and a bit boring, but they usually work very well. Together with the basic Armenian dictionary parts, this vocabulary book is a great resource to support you throughout the process of learning Armenian and comes in particularly handy at times when there is no internet to look up words and phrases.

Eastern Armenian for English Speakers T Baghdasaryan, A Mkhitarian, 2019-02-10 This Armenian language textbook is one-of-its kind, innovative tool for everyone who wants to learn Armenian from A to Z. It is easy, fun and culturally informative. It educates and unfolds a whole new world in front of the learners' eyes. I have written this textbook with the challenges of my students in mind and by utilizing most strategic methodologies of teaching foreign languages. The textbook consists of two parts. Part 1 is for complete beginners, where one learns the alphabet, basic dialogues accompanied by Latin transliteration, grammar and essential vocabulary. Part 2, on the other hand, is intended for intermediate learners. We have almost no transliteration in this Part and assume that the student is feeling more comfortable reading the Armenian letters. The units in Part 2 have more exercises, longer texts and teach richer vocabulary. The texts and dialogues include information about Armenian places of interest, famous writers and artists, historical facts, pictures. This way the student feels more engaged with the Armenian culture and does not simply learn a new foreign language. In the appendix, one can find a more elaborate vocabulary list, common Armenian proverbs, acronyms and useful expressions. We hope you enjoy your Armenian journey!
