CCT-The Eye of the Storm Gene Adcock,2012-10-24 Almost as soon as the second hijacked 767 struck the south tower of the world trade center, Air Force Combat Controllers began to report to their bases and pack their gear. Spread around the world in special tactics squadrons, these airmen would provide the lightly armed U.S. Army Special Forces teams with a number of capabilities that would turn them into world-class killing machines. John D. Gresham Author, Air Force Combat Controllers at War Afghanistan 2001 These single Americans had the power to conjure lightning bolts out of the sky..... what happened in Afghanistan is one of the most extraordinary stories in military history. Mark Bowden Author, Blackhawk Down Somalia, 1999 Individually, they are specially selected, specially trained, and, in support of special operations, almost daily bring American airpower to bear on our nation's enemies. Indeed, they are very remarkable warriors, and this book will help many understand why so many of us hold our Combat Controllers in such incredibly high regard. Dr. James G. Roche Secretary of the United States Air Force 2001 - 2005 ...if you asked what tool of the trade would be the very last they would leave behind, you might be surprised at the answer. You would likely hear that it is not a tool that makes one nervous when it isn't there, but rather a capability that is not organic to a troop of Delta Operators or Navy SEALs Just because you are the best of the best does not mean you are the best at everything. Any Delta operator can vouch for the capabilities of the air force combat controllers, and very rarely goes on a 'hit' without the men who wear the scarlet berets. Dalton Fury Delta Force Commander, Tora Bora, December 2001 Author, Kill Bin Laden - 2008

U.S. Air Force Special Tactics Combat Control School Heritage Foundation,2022-11-08 The CCT - The Eye of the Storm-series chronicles the exploits of Air Force Special Warfare, Combat Control Teams (CCT). It is told in the form of short stories; many etched by a cocktail of blood, sweat and tears. The Combat Control story began in the de facto Volume I with the appearance of the first CCTs; i.e., command and control teams cobbled together by the WWII U.S. Army Air Force (USAAF) for Operation Varsity. The CCT story continued in Volume II, detailing the 21st Century fight in the Global War on Terrorism (GWOT). Included are two humanitarian missions; operations of epic proportion in Haiti and Japan. In this third volume subtitled - Medal of Honor (MOH) - the CCT story is expanded, incorporating the two previously self-published volumes and adding hundreds of new stories from around the globe. But, with a concentration on operations in southwest Asia; including Afghanistan; now America's longest war. This volume is an all-inclusive compilation presented as a single, premium publication. The diversity of feature stories, subjects and styles present a well-rounded, unbiased look at the CCT's view at "the eye of the storm." Each published PA reporter and volunteer contributor has a by-line in the book. Thanks to all for their remarkable journalistic work. The book is expected to engage a wider-ranging audience of American and allied military elements, families, historians and enthusiasts. More importantly, Medal of Honor celebrates the first-ever award of the Air Force Medal of Honor to a Combat Control patriot and hero. On April 20, 2018 after more than fifteen years technical review and Air Staff deliberation the Medal of Honor for TSgt John Chapman was approved by President Donald Trump. The MOH award ceremonies and associated events are covered in detail near the end of this book. In preparing CCT - The Eye of the Storm - Medal of Honor, the goal was to collect stories from hundreds of sources, written by an even larger band of vetted professionals selected to observe, record and report truths about military units in action. In my mind the U.S. Government Public Affairs Offices were the perfect choice. For that reason, you will find hundreds of PA-generated stories used herein. Through our collective efforts we have published a fair and accurate chronical of USAF Combat Control Team's stories; exploiting the public domain and declassified accounts. This is a documentary of Air Force Combat Control Teams operating at The Eye of the Storm. Subtitled Medal of Honor; it is the most in-depth CCT history ever published.
