Her book is such a blessing for performers of all levels! - Andrea Bordeaux, Series Regular (Run The World)

Hollywood Talent Agency Directory Kambiz Mostofizadeh, 2020-01-20 Directory of Hollywood Talent Agencies used for Actors, Actresses, Production companies, Casting Agents, and Directors.

The Inland Sea Madeleine Watts, 2021-01-12 In this eloquent debut, a young Australian woman unable to find her footing in the world begins to break down when the emergencies she hears working as a 911 operator and the troubles within her own life gradually blur together, forcing her to grapple with how the past has shaped her present (Publishers Weekly). Drifting after her final year in college, a young writer begins working part-time as an emergency dispatch operator in Sydney. Over the course of an eight-hour shift, she is dropped into hundreds of crises, hearing only pieces of each. Callers report car accidents and violent spouses and homes caught up in flame. The work becomes monotonous: answer, transfer, repeat. And yet the stress of listening to far-off disasters seeps into her personal life, and she begins walking home with keys in hand, ready to fight off men disappointed by what they find in neighboring bars. During her free time, she gets black-out drunk, hooks up with strangers, and navigates an affair with an ex-lover whose girlfriend is in their circle of friends. Two centuries earlier, her great-great-great-great-grandfather--the British explorer John Oxley--traversed the wilderness of Australia in search of water. Oxley never found the inland sea, but the myth was taken up by other men, and over the years, search parties walked out into the desert, dying as they tried to find it. Interweaving a woman's self-destructive unraveling with the gradual worsening of the climate crisis, *The Inland Sea* is charged with unflinching insight into our age of anxiety. At a time when wildfires have swept an entire continent, this novel asks what refuge and comfort looks like in a constant state of emergency.

Empire of the Vampire Jay Kristoff, 2021-09-14 THE INSTANT NEW YORK TIMES, USA TODAY, AND WALL STREET JOURNAL BESTSELLER From New York Times bestselling author Jay Kristoff comes *Empire of the Vampire*, the first illustrated volume of an astonishing new dark fantasy saga. From holy cup comes holy light; The faithful hand sets world aright. And in the Seven Martyrs' sight, Mere man shall end this endless night. It has been twenty-seven long years since the last sunrise. For nearly three decades, vampires have waged war against humanity; building their eternal empire even as they tear down our own. Now,

only a few tiny sparks of light endure in a sea of darkness. Gabriel de León is a silversaint: a member of a holy brotherhood dedicated to defending realm and church from the creatures of the night. But even the Silver Order could not stem the tide once daylight failed us, and now, only Gabriel remains. Imprisoned by the very monsters he vowed to destroy, the last silversaint is forced to tell his story. A story of legendary battles and forbidden love, of faith lost and friendships won, of the Wars of the Blood and the Forever King and the quest for humanity's last remaining hope: The Holy Grail.

Hollywood Stardom Paul McDonald, 2012-11-26 By integrating star studies and film industry studies, Hollywood Stardom reveals the inextricable bonds between culture and commerce in contemporary notions of film stardom. Integrates the traditions of star studies and industry studies to establish an original and innovative mode of analysis whereby the 'star image' is replaced with the 'starbrand' Offers the first extensive analysis of stardom in the 'post-studio' era Combines genre, narrative, acting, and discourse analysis with aspects of marketing theory and the economic analysis of the film market Draws on an extensive body of research data not previously deployed in film scholarship A wide range of star examples are explored including George Clooney, Mel Gibson, Tom Cruise, Daniel Day-Lewis, Tom Hanks, Will Smith, and Julia Roberts

Canyons of Steel Tim Holtorf, 2011

Rio For Partiers Cristiano Nogueira, 2014-09-09 Rio For Partiers is the quintessential travel guide to Rio de Janeiro, Brazil, a.k.a. the party capital of South America. It is designed to help visitors hit the ground running by offering complete yet concise travel tips, overview, day tours, food and nightlife scene. Winner of 3 international publishing awards. Updated every year!

Happiness Is a Serious Problem Dennis Prager, 2009-10-13 In this unique blend of self-help and moral philosophy, perfect for fans of Gretchen Rubin's The Happiness Project or Dan Harris' 10% Happier, talk-radio host Dennis Prager shows us that happiness isn't just a value—it's a moral obligation. When you ask people about their most cherished values, "happiness" is always at the top of the list. In this enduring happiness manifesto, Prager examines how happiness not only makes us better people, but has an effect on the lives of everyone around us—providing them with a positive environment in which to thrive and be happy themselves. Achieving that happiness won't be easy, though: to Prager, it requires a continuing process of counting your blessings and giving up any expectations that life is supposed to be wonderful. Can we decide to be satisfied with what we have? he asks. A poor man who can make himself satisfied with his portion will be happier than a wealthy man who does not allow himself to be satisfied. Prager echoes other political commentators in complaining that too many people today see themselves as victims; he submits that the only way to achieve your desires is to take responsibility for your life rather than blaming others. If you're willing to put some thought into achieving a happier outlook, you will find plenty to mull over in Happiness Is a Serious Problem.

Dead Witch Walking Kim Harrison, 2009-10-13 The first book in #1 New York Times bestselling author Kim Harrison's Hollows series! All the creatures of the night gather in the Hollows of Cincinnati, to hide, to prowl, to party . . . and to feed. Vampires rule the darkness in a predator-eat-predator world rife with dangers beyond imagining—and it's Rachel Morgan's job to keep that world civilized. A bounty hunter and a witch with serious sex appeal and an attitude, she'll bring 'em back alive, dead . . . or undead.

Reconfigurations Stefanie Knauss, Alexander D. Ornella, 2007 From Once Upon a Time in the West to Moulin Rouge, from Ghanaian video-movies to Japanese Manga, from Christian symbolism in advertising to the mythic significance of female messiah figures, from the relationship of the arts and theology to the role of the audience in the meaning-making process, the book provides a feast for anyone wanting to explore the interconnectivity of religion, media and society -Robert Johnston, Fuller Theological Seminary

Roots of Our Renewal Clint Carroll, 2015-05-30 Honorable Mention: Labriola Center American Indian National Book Award In *Roots of Our Renewal*, Clint Carroll tells how Cherokee people have developed material, spiritual, and political ties with the lands they have inhabited since removal from their homelands in the southeastern United States. Although the forced relocation of the late 1830s had devastating consequences for Cherokee society, Carroll shows that the reconstituted Cherokee Nation west of the Mississippi eventually cultivated a special connection to the new land—a connection that is reflected in its management of natural resources. Until now, scant attention has been paid to the interplay between tribal natural resource management programs and governance models. Carroll is particularly interested in indigenous environmental governance along the continuum of resource-based and relationship-based practices and relates how the Cherokee Nation, while protecting tribal lands, is also incorporating associations with the nonhuman world. Carroll describes how the work of an elders' advisory group has been instrumental to this goal since its formation in 2008. An enrolled citizen of the Cherokee Nation, Carroll draws from his ethnographic observations of Cherokee government-community partnerships during the past ten years. He argues that indigenous appropriations of modern state forms can articulate alternative ways of interacting with and "governing" the environment.

Lost Knowledge of the Imagination Gary Lachman, 2017-10-19 The ability to imagine is at the heart of what makes us human. Through our imagination we experience more fully the world both around us and within us. Imagination plays a key role in creativity and innovation. Until the seventeenth century, the human imagination was celebrated. Since then, with the emergence of science as the dominant worldview, imagination has been marginalised -- depicted as a way of escaping reality, rather than knowing it more profoundly -- and its significance to our humanity has been downplayed. Yet as we move further into the strange new dimensions of the twenty-first century, the need to regain this lost knowledge seems more necessary than ever before. This insightful and inspiring book argues that, for the sake of our future in the world, we must reclaim the ability to imagine and redress the balance of influence between imagination and science. Through the work of Owen Barfield, Goethe, Henry Corbin, Kathleen Raine, and others, and ranging from the teachings of ancient mystics to the latest developments in neuroscience, *The Lost Knowledge of the Imagination* draws us back to a philosophy and tradition that restores imagination to its rightful place, essential to our knowing reality to the full, and to our very humanity itself.

The City of Shifting Waters Pierre Christin, 2010 *Galaxy*, capital of the Terran Empire in the 28th century. Valerian and Laureline are agents who protect mankind from rogue time travellers. Now they are sent to New York in 1986 to intercept Galaxy's worst megalomaniac, Xombul—except that in 1986, the world is in ruins and New York is about to be swallowed by the ocean. The two agents must navigate the shifting waters of the past to make sure that the future will exist.

The Matrix of Visual Culture Patricia Pisters, 2003 This book explores Gilles Deleuze's contribution to film theory. According to Deleuze, we have come to live in a universe that could be described as metacinematic. His conception of images implies a new kind of camera consciousness, one that determines our perceptions and sense of selves: aspects of our subjectivities are formed in, for instance, action-images, affection-images and time-images. We live in a matrix of visual culture that is always moving and changing. Each image is always connected to an assemblage of affects and forces. This book presents a model, as well as many concrete examples, of how to work with Deleuze in film theory. It asks questions about the universe as metacinema, subjectivity, violence, feminism, monstrosity, and music. Among the contemporary films it discusses within a Deleuzian framework are *Strange Days*, *Fight Club*, and *Dancer in the Dark*.

All You Need to Know about the Music Business Donald S. Passman, 2011 'The industry bible' Los Angeles Times In recent years the music industry has changed profoundly. Everyone in the business has had to adapt to the new filesharing technology, whether they're a record-company executive or a creative artist. No one understands the industry and the changes it's undergone better than lawyer Donald Passman. For twenty years All You Need to Know about the Music Business has offered detailed advice to artists and executives, novices and experts alike on how to thrive in these volatile times. This completely revised seventh edition sets out recent developments in record deals, copyright, new technologies and film music. It also offers unique advice on how to navigate your way through the ins and outs of songwriting, music publishing, merchandizing and performing. So whether you're a newcomer or an established professional musician, All You Need to Know about the Music Business is an essential companion. 'Required reading for anyone planning or enduring a career in the biz' Rolling Stone 'An easy-to-understand overview of the complicated music business' Randy Newman 'I highly recommend Don's book ... an indispensable work' Quincy Jones SEVENTH EDITION

The Contemporary Hollywood Film Industry Paul McDonald, Janet Wasko, 2008-02-11 The Contemporary Hollywood Film Industry is a collection of essays by leading scholars that examines the state of the U.S. film industry, from the 1980s to present day. Includes important discussions of the industry's labour and star systems, as well as intellectual property and state relations Considers the role of independent producers, the global marketplace for Hollywood product, corporate changes, and various new media windows, including video, DVD to cable, satellite, and online channels of delivery Brings together an international team of leading film scholars Offers a balanced and fresh approach to this important contemporary period in Hollywood

The Sincerest Form of Flattery John G. Walker, 2012-10 Life was simple for private detective Tom Statford. Sure, being the Keeper, the first, last and only line of defense between gods and mortals could make for interesting times, but a mundane existence in south-eastern Virginia kept things on the boring side of life. Boring, until bodies appear with all the trademarks of ritualistic homicide. Now, the Keeper must not only stop a psychopath, but also the end of the world. Easy enough, if the killer doesn't find him first.

Embodied Cognition and Cinema Peter Kravanja, 2015-07-31 The impact of the embodied cognition thesis on the scientific study of film The embodied cognition thesis claims that cognitive functions cannot be understood without making reference to the interactions between the brain, the body, and the environment. The meaning of abstract concepts is grounded in concrete experiences. This book is the first edited volume to explore the impact of the embodied cognition thesis on the scientific study of film. A team of scholars analyse the main aspects of film (narrative, style, music, sound, time, the viewer, emotion, perception, ethics, the frame, etc.) from an embodied perspective. By

combining insights from various disciplines such as cognitive film theory, conceptual metaphor theory, and cognitive neuroscience, they show how the process of meaning-making in film is embodied and how empathy and embodied simulation play a role in understanding the way in which the viewer interacts with the film. Foreword by Mark Johnson, Knight Professor of Liberal Arts and Sciences, Department of Philosophy, University of Oregon. Contributors Warren Buckland (Oxford Brookes University), Juan Chattah (University of Miami), Maarten Coëgnarts (University of Antwerp), Adriano D'Aloia (Università Cattolica del Sacro Cuore, Milan), Michele Guerra (University of Parma), Miklós Kiss (University of Groningen), Peter Kravanja (KU Leuven), María J. Ortiz (University of Alicante), Mark S. Ward (University of Technology, Sydney), Hannah Chapelle Wojciehowski (University of Texas)
