Bruce Lee Matthew Polly, 2019-06-04 "The first noteworthy treatment of its subject—and a definitive one at that...Fascinating narrative threads proliferate" (The New York Times Book Review). The most authoritative biography—featuring dozens of rarely seen photographs—of film legend Bruce Lee, who made martial arts a global phenomenon, bridged the divide between Eastern and Western cultures, and smashed long-held stereotypes of Asians and Asian-Americans. Forty-five years after Bruce Lee's sudden death at age thirty-two, journalist and bestselling author Matthew Polly has written the definitive account of Lee's life. It's also one of the only accounts; incredibly, there has never been an authoritative biography of Lee. Following a decade of research that included conducting more than one hundred interviews with Lee's family, friends, business associates, and even the actress in whose bed Lee died, Polly has constructed a complex, humane portrait of the icon. Polly explores Lee's early years as a child star in Hong Kong cinema; his actor father's struggles with opium addiction and how that turned Bruce into a troublemaking teenager who was kicked out of high school and eventually sent to America to shape up; his beginnings as a martial arts teacher, eventually becoming personal instructor to movie stars like James Coburn and Steve McQueen; his struggles as an Asian-American actor in Hollywood and frustration seeing role after role he auditioned for go to a white actors in eye makeup; his eventual triumph as a leading man; his challenges juggling a sky-rocketing career with his duties as a father and husband; and his shocking end that to this day is still shrouded in mystery. Polly breaks down the myths surrounding Bruce Lee and argues that, contrary to popular belief, he was an ambitious actor who was obsessed

with the martial arts—not a kung-fu guru who just so happened to make a couple of movies. This is an honest, revealing look at an impressive yet imperfect man whose personal story was even more entertaining and inspiring than any fictional role he played onscreen.

Book One — Ghost of a Chance: Emerald O'Brien is the owner of the Chintz 'n China Tea Room where guests are served the perfect blend of teas and tarot readings. She never set out to be a detective, but once word gets out that she can communicate with the dead, there's no turning back... Book Three — Murder Under A Mystic Moon: With her teenaged daughter's birthday on the horizon and the town's autumn festival in full swing, Emerald has her hands full with party preparations and teashop specials. Jimbo has her using her abilities to look into the disappearance of his friend. In the woods surrounding the Klickavail Valley enclave, Emerald senses a strange energy manifesting itself-before literally stumbling across the body of Jimbo's friend. Jet Li Sabrina Q Yu, 2012-04-04 This is the first study of Chinese stars and their transnational stardom, examining the transnational Chinese actor Jet Li, probably the best martial arts actor alive. Jet Li's career has crossed numerous cultural and geographic boundaries, from mainland China to Hong Kong, from Hollywood to France. In *Jet Li: Chinese Masculinity and Transnational Film Stardom*, Sabrina Qiong Yu uses Li as an example to address some intriguing but under-examined issues surrounding transnational stardom in general and transnational kung fu stardom in particular. Presenting case studies of audiences' responses to Jet Li films and his star image, this book explores the way in which Li has evolved from a Chinese wuxia hero to a transnational kung fu star in relation to the discourses of genre, gender, sexuality, ethnicity and national identity. By rejecting a text-centred approach which prevails in star studies and instead emphasising the role of audiences in constructing star image, this book challenges some established perspectives in the study of Chinese male screen images and martial arts/action cinema.
