### **Your personal horoscope 2010 ,2009**

*Theism: the Philadelphia Theory* Kurt Bakley,2020-08-17 Did creation happen in the beginning by a homosexual union? Does the sun and the whole Universe run on the principle of homosexuality? Does the Bible tell of God and angels in heaven having dresses and bras because they are transsexuals and a hermaphrodite? Are the 144,000 witnesses of God in Revelation chapters 7 and 14 homosexuals? Is part of God literally a dunghill? Does part of God speak profanity? After the end of this world will we all go to live on a new earth with the New Jerusalem filled with homosexuals and lawless, and outside its gates are the religious? Did God make a new covenant in these last days that allows homosexuals and all people into His kingdom forever? Will the Lord God at that time be there as a Hermaphrodite (she/male) as the joining of the two (good and evil) so all may live forever in peace and joy, which the Bible predicted as the wedding of Christ and His bride? Were all the wisdom and teaching and prophecies of the end time antichrist and evil reversed? That in the end times the real evil is religion and that at the end the New Jerusalem is free and lawless? Was the main part of satan all along that of a religious spirit and was always testing and not tempting? Were words given to explain God have the meaning that He is a God for all races, cultures, ways of life and religions and even the non-religious? Are Gentiles children of devils?

Are we all Jewish? For all the details read the whole book: Theism The Philadelphia Theory: One word that answers all things for all to know. This book was finished by April 13, 2018 A.D.

**The Experiment at Philadelphia** Kurt B. Bakley, 2016-08-29 The Experiment at Philadelphia Did Einstein discover God? If God created all things, then who Created God? What Was and Happened Before the Big-Bang. The Philadelphia Experiment was Einsteins experiment in which he had not only discovered, in 1943, the way to make things invisible and transport them at great speeds but also positively proven scientifically, physically, and spiritually that the Almighty God exists! He had literally discovered God! That question, is there a god? Thats been going through peoples minds for so long, was discussed on the street corner, talked about on the porch on a hot summers night, and is now a proven fact. Yes, there is a god! Did Einstein in the Philadelphia Experiment make contact with UFO beings, who gave him advance knowledge of all things, which Einstein later destroyed, fearing what the world would do with that knowledge? Are the first fourteen chapters of this book about the advance knowledge Einstein received? Does it reveal the deepest, darkest secrets of God and Satan and how the universe works? Does it answer these questions? Many have asked since the beginning of the world: Which is known as the mystery of God? Why am I here? Whats the true meaning of life? How was everything created? Who are God and the devil? If God created all, who created God? If he is the first in creation, where and how did he come into

existence? Why does God allow evil in the world? Why do good things happen to bad people and bad things to good people? Why if we all came from Adam and Eve, who were Jewish are there Gentiles? Are Gentiles children of devils? Is that why the Jews are God's chosen race? Why in the Garden of Eden was the knowledge of good on the tree forbidden? How old is the earth? Why is God known as the Trinity? Why have religions, down through the ages, done such evil? What, when, and how did the big bang start? What happened to Satan? Who is he really, and what did he do in the past? What are his beliefs and ways? What is he and God literally made of? What is the meaning of the great pyramids and the sphinx? Is there scientific proof that God exists? Read this whole book for the answers to all these tough questions, and be sure to read the introduction first before reading the rest of this book. It will help you better understand this whole book.

**The Boy Who Could Predict Earthquakes** Kurt B. Bakley, 2010-04-13 Did the Bible and Nostradamus predict six earthquakes and other events to happen in the years of 2010-2015? Did they give exact places, dates and times? Those dates and places are as follows: May 19-20, 2010, a Los Angeles earthquake, May 17-18, 2011, a Rome, Italy earthquake, May 30, 2012 a earthquake (New Madrid and/or Jerusalem) or trouble in the U.S. and/or Israel that kills two-three famous people, November 3-4, 2013, a Iranian earthquake and/or Bin Laden is killed or an earthquake happens where he lives, November 21-22, 2014 a San Francisco or Seattle earthquake, and 2015 the sixth earthquake. During

these years from 2010-2015 there could be wars, terrorists attacks, plane crashes, trouble with nuclear power plants, storms at the time of some verdict in some national known trial, great tornadoes or water spouts, volcano eruptions, two or three famous people die, strange darkness and lights, comets or asteroid impacts here on earth or on the moon and other planets and moons, strange sun disturbances, flooding and other man made or natural disasters. Documentation from Nostradamus, the Bible and other sources give the years and sometimes the exact dates and times of these events. This book was written by February 14, 2010.
